

Built on strong foundations

Investec group
Sustainability Accounting
Standards Board
(SASB) metrics 2022

Investec is committed to transparent reporting which includes environmental, social and governance (ESG) performance to inform our stakeholders of material matters. In addition to our GRI reporting we are also aligning to the SASB disclosure framework which is seen as an important reporting tool to help address the needs of investors. The following disclosures are reported on at Investec group level. In some instances, we have made partial disclosures which we will continue to enhance in the future as they become material to our business.

Topic	Accounting metric	Category	Unit of measure	Investec comment	Reference	Code

Financial Inclusion & Capacity Building continued	(1) Number and (2) amount of past due and nonaccrual loans qualified to programs designed to promote small business and community development	Quantitative	Number, Reporting currency	We are not reporting this currently	n/a	FN-CB-240a.2
	Number of no-cost retail checking accounts provided to previously unbanked or underbanked customers	Quantitative	Number	Investec has a financial education awareness programme in place called "Ahead of the Curve". The initiative has been in place since 2018. Content is disseminated via a website which is available to the public. Furthermore, we have a paid media strategy which allows us to use our social platforms to advertise our content to young people across South Africa. We also have an influencer strategy which enables us to reach their followers. The programme primarily targets young people under the age of 35. Content is 70% financial (saving, investing and wealth creation) and the remaining 30% covers other topics such as career, lifestyle and social impact	Refer to our website here	FN-CB-240a.3
	Number of participants in financial literacy initiatives for unbanked, underbanked, or underserved customers	Quantitative	Number	We have partnered with Xero, the global small business platform, to give small businesses and their advisors access to financial data through a fully digital application programming interface (API) enabled bank feed in South Africa. The new feed is available to Investec private banking clients in South Africa with a Xero account, and will enable small businesses and their accountants to import their Investec banking transactions into Xero securely. Bank feeds are a great example of the transformational role open banking can play in helping South African small businesses to automate processes.	Refer to our 2022 Sustainability report page 95	FN-CB-240a.4
