The Services you mandate W&I to provide will be only those selected by you in the Investment Selection Form. W&I sets out below a short summary of the full range of Services provided by W&I and the duties, authorities and entitlements of W&I relating to each Service. Please note the Risk Disclosures, which are detailed in the attached Schedule 1 and form part of the Agreement.

5.1. Discretionary Portfolio Management

By selecting this service, the Client appoints W&I to act as the Client's discretionary portfolio manager. W&I has the full discretion to make investment decisions on behalf of its Clients based on their specified investment objectives and strategy, and risk profile. W&I has full authority at its discretion and without prior reference to the Client to enter into any kind of transaction or arrangement for the Client's account in relation to any Investments and cash according to the investment mandate selected by the Client in the Investment Selection Form and the Client Application Form, or any replacement form or document. In addition, W&I shall be entitled to exercise any voting rights attaching to Securities held by the Client and to exercise any right and/or election relating to Corporate Actions relating to Securities held by the Client on behalf of the Client at the discretion of W&I. W&I shall be entitled to provide the Services utilising its own staff or that of another financial services provider. W&I shall not be required to notify or consult the Client in respect of any investment decision, transaction or arrangement relating to the Investments or the underlying assets of the Portfolio, nor is it required to obtain and transmit to the Client any information relating to the Securities in the Client's Portfolio or which a Financial Product supplier must disclose in terms of any law (such as company reports, proxy forms, notices, circulars, listing particulars and other issuer communications) unless the Client specifically indicates otherwise in the Client Application Form.

5.2. Wealth Management

W&I offers its Client either:

- 5.2.1. a Product specific service which may include a single investment Product or a range of investment Products which are selected taking into account the suitability of the Product(s) in meeting an identified specific investment need or holistic investment needs; or
- 5.2.2. an intermediary service, where it will facilitate the transactions between the Client and a third party Financial Services Provider without W&I providing its Client with an advisory service.

By selecting this service, the Client appoints W&I to provide holistic advice and active management of the client's overall Investments or to provide advice in relation to a specific need or investment product. The architecture of a holistic wealth management strategy includes exposure to various traditional asset classes and alternative investment strategies (respectively capital guaranteed equity structured products and private equity investments), set up on a core and satellite approach whereby the core of the portfolio is invested in the traditional asset classes. The core portfolio is supplemented by satellite exposures aiming to enhance the risk adjusted return of the aggregate portfolio. The asset allocation and the selection of underlying investment products and instruments aims to match a client's risk profile in terms of the overall portfolio but may contain individual financial instruments that do not meet the client's stated risk profile in isolation.

5.3. Non-discretionary Trading Services

W&I provides trading services to its Client with the Client being solely responsible for all the investment decisions relating to their Investments:

5.3.1. Dealing with Advice Service:

W&I provides an execution and advice service, based on the Client's Instructions and may render certain advisory services should the Client so require. Any information, advice, views and/or recommendations given by W&I to the Client will be in respect of specific Securities or separate individual transactions, as requested by the Client from time to time and without considering the Client's whole portfolio or any of the Client's specific needs and objectives. Notwithstanding any information, advice, views and/or recommendations shared by W&I with the Client, the Client is solely responsible for its Investment decisions and for managing its portfolio as a whole. W&I is not responsible for the suitability or appropriateness to the circumstances of the Client or our view on any individual security. W&I will not be responsible for contacting the Client with regard to any Corporate Actions. Unless the Client takes action on the Corporate Actions automated notifications sent via the medium selected by the Client on the Client Application Form, the Client's election will be automatically defaulted to the issuer's default option.

5.3.2. Execution Service:

W&I provides an execution only service where W&I will only act on the Client's Instruction and/or with the Client's prior consent in relation to its Investments and will not furnish advice in respect of the Client's Investments. W&I is not responsible for the suitability or appropriateness to the circumstances of the Client or our view on any individual security. W&I will not be responsible for contacting the Client with regard to any Corporate Actions. Unless the Client takes action on the Corporate Actions automated notifications sent via the medium selected by the Client on the Client Application Form, the Client's election will be automatically defaulted to the issuer's default option.

5.4. Our Services may not be available to Clients who are citizens or residents in countries where such Services are prohibited by local law. If you are in any doubt as to whether this will apply to you as a Client of a specific country, you should contact your financial advisor. W&I will not be responsible for the use of our Services, and the consequences thereof, where the provision of such Services is prohibited by local law.

- 6.2.2.2. W&I shall be entitled to follow the Instructions of any one joint customer and to make delivery or payment relating to the Investments to any of the joint customers in accordance with such Instructions, even if delivery and/or payment shall be made to him or her personally and not for the joint account of the joint customers. W&I shall have no duty or obligation to enquire into the purpose or propriety of any such Instruction, payment or delivery.
- 6.2.3. In the event that all joint customers have in writing, using such form as W&I may prescribe, appointed an agent (“Agent”) to act on their behalf in all matters connected with this Agreement and the Services provided by W&I, the following provisions shall apply:

- 6.2.4. Each joint customer hereby indemnifies and agrees to hold W&I harmless against any and all liability, loss, cost or expense W&I may suffer or incur as a consequence of acting in accordance with the provisions of this clause 6.2.
 - 6.2.5. The authorities and indemnity contained in this clause 6.2 may not be revoked without the prior written agreement of W&I.
 - 6.2.6. Upon death of any one or more of the joint customers, the share belonging to the deceased will vest with his/her executor for distribution to the beneficiaries under the deceased's will or intestate heirs. W&I shall, save if it receives proof to the contrary, be entitled to assume that the deceased held an equal share in the applicable Investments together with all other joint holders.
 - 6.2.7. It is W&I's practice to only open joint customer accounts for individuals.
 - 6.2.8. It is W&I's practice to report on and process all tax related administration on the basis that any joint customer account is the sole property of the individual customer listed first in our records. W&I shall be entitled to change this practice at any time (and with retrospective effect) in its discretion, subject only to Applicable Legislation.
- 6.3. Corporate Customers – where “you” are a company or other legal entity, you warrant and undertake that you will forthwith notify W&I of any changes in shareholding, director(s) or authorised signatories of the company/institution. 7. Processing of Personal Information

Investec takes privacy and data protection seriously. The processing of your personal information is subject to the provisions of our Data Protection Statement, as amended from time to time found at https://www.investec.com/en_za/legal/data-protection-statement.html. By submitting any personal information to Investec you consent to the provisions of the Data Protection Statement.

8. Custody and Settlement Services

- 8.1. W&I provides or arranges safe custody for its Client's Investments in South Africa and/or offshore. These services are provided to all Clients except for non-custodied Clients, being Clients who instruct W&I to deal on their behalf in South African listed equities, offshore equities and offshore units, but appoint their own central securities depository participant (“CSDP”) or other custodian. (Such non-custodied Clients are responsible for verifying their Investments (including the value thereof) with their CSDP or other custodian). All JSE

Investments other than cash, non-controlled Investments, and Financial Products of third party providers held in approved nominee companies affiliated with such providers will be registered in the name of our Nominee Company and shall be held by W&I's CSDP on your behalf. All foreign Investments will be held in the name of a nominee company of W&I's choice or as selected by W&I's agents.

- 8.2. Your Investments or any part thereof, will be deposited by W&I or the applicable nominee company for safekeeping in a central securities depository or electronic scrip registry. If W&I is not a participant in such a depository or registry, W&I or the applicable nominee company may deposit the Investment in the depository or registry through a participant chosen by W&I. These Investments will be held in an electronic, uncertificated form known as dematerialised scrip.
- 8.3. W&I may transfer such Investments from one electronic record to another or withdraw any such Investment from safe custody but only for the purposes of:
 - 8.3.1. transferring the Investments to you or to an account in your name held by another JSE member or at another provider, upon termination of the Agreement;
 - 8.3.2. dealing with Investments as may actually be required in fulfilling the terms of the Agreement;
 - 8.3.3. any other lawful purpose in terms of our Agreement.
- 8.4. Should Investments accepted by W&I for deposit be credited to your account prior to actual receipt by W&I or its Custodial Agent and should they subsequently not be received, W&I shall be entitled to reverse such credits.
- 8.5. Unless Instructions are received from you to the contrary, W&I shall, as soon as it is reasonably practical, credit to your account all dividends, interest, capital and other rights accruing to you and received by W&I or its Custodial Agent. W&I shall be authorised to deduct or withhold any tax which is required to be so deducted or withheld, or where W&I is liable or accountable to do so by law or practice of any relevant revenue authority of any jurisdiction.
- 8.6. W&I will not accept liability or responsibility for the default of a CSDP, the Nominee Company or any other nominee company or Custodial Agent.
- 8.7. You agree that legal title to an Investment accepted for deposit may be registered or recorded in the record of legal entitlement in the name of the Nominee Company, a Custodial Agent or such other person as may be necessary for the Services you have selected.
- 8.8. Where Investments purchased, held or sold on your behalf are held by another Financial Services Provider or its offshore equivalent, and W&I reasonably believes that it shall be in your best interests, or it is not feasible to do otherwise, due to the nature of the law or market practice of an overseas jurisdiction, legal title to an investment accepted for deposit may be registered or recorded in the name of a Custodial Agent or the name

of W&I or its agent (this information will be disclosed on request). In such circumstances, the Investments may not be segregated from those of W&I, or its agent, and in the event of default by W&I or its agent, you may not be recognised as the owner of the Investments in the applicable foreign jurisdiction.

8.9. You accept all applicable obligations in terms of the settlement rules of the respective markets and/or Exchanges in which you wish to transact or in which transactions are to be undertaken on your behalf and agree to comply with such. These may result in an obligation on you to pay or deliver within specific time frames over which W&I, or its agent, has no control. Should you place W&I, or its agent, in a position where it cannot effect settlement on your behalf, you may suffer losses and/or be liable for interest, margin, charges and/or penalties levied by any settlement authority due to your failure to settle or deliver. In such event, you agree that W&I may recover these directly from your account without prior notice to you.

8.10. The JSE Settlement Obligations are detailed in the attached Schedule 2 and form part of the Agreement.

8.10.1. Where compensation applies to you as the non-failing party, W&I is requested to submit full details of a claim on your behalf by the day following the day where the rollover trade or re-transacted trade has been completed or where the JSE has notified us that only compensation will apply. When we inform you that you are the non-failing party to a rolled over or failed trade, you must immediately bring to our attention in writing any relevant factor to such claim, including tax consequences. We will endeavour to claim accordingly, subject to the JSE timeframe to submit such claim. We cannot be held liable for any consequence that may emerge at a later stage.

8.10.2. In order to avoid the consequences of not meeting the JSE settlement obligations, you hereby agree that W&I will be entitled to automatically arrange for a scrip lending agreement in respect of any transaction, where W&I can reasonably conclude in its sole discretion that you have not put in place such scrip lending agreement. All costs and charges relating to such scrip lending agreement shall be for your account and you authorise W&I to debit such charges from your account.

9. Investments

Subject to the Services and Products selected by you, and any specific supplementary Schedules as may be required by Applicable Legislation or our processes, you hereby appoint W&I to enter into transactions on your behalf, both in the Republic of South Africa and, if and when permitted by law, in foreign countries in respect of the following Securities and Financial Products:

- (together, "Investments").

- 10.1. Obligations of W&I
 - 10.1.1. Unless W&I has received an instruction to the contrary from you, W&I will roll all outstanding contracts on expiry date into the next contract period. - 11.1. Where our Services include W&I providing you with advice, such Services shall be conducted on the basis set out in the sections relevant to the Services you have selected, subject to the Applicable Legislation and subject to you providing W&I with a completed and signed Financial Assessment Questionnaire or similar document which will enable W&I to obtain an understanding of your needs and investment objectives as well as your risk tolerance and your capacity for capital loss.

In such circumstances you should take particular care to consider whether the advice is appropriate considering your objectives, financial situation and particular needs. In addition, where you elect to conclude a transaction that differs from that recommended by W&I, or otherwise elect not to follow the advice furnished by W&I, or elect to receive more limited information or advice than W&I is able to provide, then you must, in order to manage the risks to you, take particular care to consider whether any product selected is appropriate to your needs, objectives and circumstances.

12. Instructions

- 12.1. W&I will accept your written, where required, and/or oral Instructions ("Instructions"). For security purposes, you acknowledge that W&I has the right to delay carrying out any Instructions from you whilst W&I verifies the authenticity or correctness of such Instruction, in our discretion. Your Instruction will be formally acknowledged by issuing a contract note or confirmation of the transaction(s) through the document distribution method as selected by you in the Client Application Form. The contract note or confirmation will supersede any oral acknowledgement of your order given at the time and you should contact W&I immediately if the contract note or confirmation does not accord with your Instructions. In the absence of manifest error, contract notes or confirmations shall be conclusive and binding on you. Please note that once an order or Instruction has been accepted for immediate execution by us, it may not be possible to amend or withdraw it and you will remain responsible for its settlement until W&I has provided confirmation that it has been successfully amended or withdrawn.
- 12.2. Where Instructions are given by e-mail, you should not assume that any e-mail has been received by W&I and/or actioned unless you received either an e-mail and/or telephone call acknowledging our receipt. You

should also be aware that e-mail is not a secure medium and therefore any Instructions received by W&I purporting to be from you by e-mail may be actioned. W&I will accept no liability for any false Instructions or delay whatsoever.

- 12.3. At all times, you shall be responsible for promptly giving any Instructions to W&I as required. It is your duty to ensure that any Instructions given to W&I are correct, complete, clear and intelligible. W&I shall not be responsible or liable for any reason whatsoever for any loss or damage (whether direct or consequential) as a result of not receiving Instructions or receiving Instructions which are late, incomplete, ambiguous or incorrect with respect to your Investments. In such cases, W&I may, in its sole discretion, take such reasonable steps as W&I considers necessary or desirable for its own or your protection.
- 12.4. W&I will be entitled but not bound to act on a request from you to effect a transaction in accordance with these Terms and Conditions. If W&I declines to accept Instructions from you, W&I will notify you.
- 12.5. W&I is entitled but not bound to require confirmation (in such form as W&I may request) of any Instruction:
- 12.5.1. which is given orally;
 - 12.5.2. if it appears to W&I that such confirmation is necessary or desirable; or
 - 12.5.3. if such Instruction is to close an account or remit money due to you.

W&I shall be entitled to prescribe from time to time the documents or proof required in order for it to accept changes in authorised signatories. W&I shall not be liable or responsible for any reason, in the event that the signatory to the Agreement or authorised signatories is/are not duly authorised and the signatory indemnifies W&I against any and all damages and/or loss arising from such event.

W&I undertakes to pay from the available cash managed and/or administered by W&I on your behalf the amount to which your withdrawal relates within 3 (three) Business Days of receipt of such notice. If Investments must be realised in order to fund the amount of such withdrawal, W&I shall use reasonable endeavors to realise the applicable Investments in accordance with your instructions. Payment to you will only

be possible when Investments have been redeemed and credited to your account in South Africa. You accept that the realisation of Investments may lead to delay in payment of the withdrawal amount.

- 12.10. If the Client is a director of a listed company locally or offshore, it is the Client's sole responsibility to inform W&I in writing of any restrictions of shares in the company in which s/he is a director. W&I will assume no responsibility as it relates to any exchange notification request e.g. SENS announcement.
- 12.11. Without prejudice to the above, you agree that W&I may deem any such Instruction purported to be given by you as authentic, valid and properly executed on your behalf and that it will be binding on you notwithstanding that such Instruction may have been made without or in excess of authority from you and/or any error, misunderstanding, fault, forgery or lack of clarity that may have been made or contained in the terms of such Instruction. You further agree that W&I shall be under no duty to verify the authenticity of such Instruction or to enquire whether such Instruction has been made properly or with due authority. W&I shall not be liable for relying on any such Instruction and you agree to indemnify and hold W&I harmless, on demand, in full, against all claims, liabilities, damages, losses, costs and expenses of any kind arising from W&I acting or omitting or refusing to act on such instruction.

13. Telephone calls

- 13.1. In order to assist in monitoring compliance with the Applicable Legislation and to avoid misunderstandings, telephone conversations between you and employees of W&I may be recorded with or without the use of an automatic tone warning device.
- 13.2. Our recordings shall remain the sole property of W&I and will be accepted by you as evidence of the orders, Instructions or conversations so recorded. You accept that a certificate confirming the content of such recording and certified to be correct by an officer in the service of W&I shall constitute rebuttable proof of the facts contained in such recording.
- 13.3. You agree that W&I may deliver copies or transcripts of such recordings to any court or regulatory authorities, when requested to do so.

14. Orders and transactions

- 14.1. Orders may be passed to overseas branches or associate companies of W&I for execution. Other brokers (selected at W&I's discretion) may also be used. Orders are subject to the terms and conditions of any such broker and to the Applicable Legislation. Please note that the legal, compliance and risk conditions may differ from our own, and on this basis we are obliged to comply accordingly.
- 14.2. You hereby authorise W&I to take any action which it, in its discretion, considers to be in your best interest in circumstances of an emergency, market failure, market disruption, trading suspension or issuer financial distress. You further agree that if any Exchange, clearing house, CSDP, custodian, third party service provider or agent takes any action which affects a transaction, W&I may take such action in response which it, in its

discretion, considers to be in your best interest. W&I will not be liable for any loss suffered by you as a result of the acts or omissions of any Exchange, clearing house, CSDP, custodian, third party service provider or agent or any action reasonably taken by W&I.

- 14.3. W&I shall not be required to do anything or refrain from doing anything which would, in its opinion, infringe the Applicable Legislation. W&I may at any time and without notice, do whatever it considers necessary to comply with the Applicable Legislation.
- 14.4. Best execution – W&I will adhere to the best execution principle in respect of transactions which it undertakes for you in that it will take reasonable care to obtain the best possible result when executing client orders or placing orders with (or transmitting orders to) other entities to execute, taking into account the terms and conditions agreed with you.
- 14.5. Orders placed in offshore markets are subject to the best execution rules of the jurisdiction concerned and agents used by W&I and its agents.
- 14.6. Aggregation of orders – W&I may combine any of your orders with orders of other clients (including employees or customers), as permitted by the Applicable Legislation. Although orders will only be aggregated where W&I reasonably believes it to be in the overall best interest of its Clients, aggregation may in some cases result in you obtaining a less favourable price than if your order had been executed separately.
- 14.7. Dealing in Investec shares – W&I may provide you with advice on, or carry out transaction in Investec shares at your request or on your behalf. However in certain circumstances, W&I may be restricted or prohibited by law or regulatory rules to provide advice or carry out certain transactions in relation to Investec shares. You accept that when notified of such restriction or prohibition, you will not hold W&I liable for any delay, loss or damages.

15. Statements and Valuations

- 15.1. Subject to the Applicable Legislation, W&I shall furnish you with a statement of account at regular intervals of at least every three months but not more than monthly unless:

- 15.6. In the event that you request ad hoc valuations, such valuations will be provided on the basis stated at the time, which should not be taken to imply that the valuation represents a market value or that any market professional would quote the same or similar values or that any transaction or position can be realised for that value.
- 15.7. Provision of a valuation does not constitute either a bid or an offer by W&I or a member of Investec. If W&I subsequently agrees to quote a firm price, that firm price may differ from the most recent valuation provided to you.
- 15.8. Valuations will be provided solely for your information and are not intended for the benefit of any other party. W&I specifically disclaims liability for any use you may make of any valuation. You should discuss with your external advisors the extent to which any valuation provided by W&I may be used to value your or any other person's Investments. Providing valuations to you on one or more occasions does not create an obligation for W&I to continue to do so in the future.
- 15.9. Valuations for deceased estates are provided subject to the relevant fee as set out in the Fee Schedule.
- 15.10. Valuations of listed South African Investments will be prepared on the basis of the ruling prices disseminated by the relevant Exchange on the date specified. Unlisted Investments will be valued at the most recent estimate if, in the opinion of W&I, it is reasonable to do so, otherwise they may be excluded from the valuation. Valuation of non-South African Investments will be based on the latest closing prices available to us.

- 16.2. W&I may amend any of the fees set out in the Fee Schedule from time to time provided only that W&I gives you at least thirty days' prior notice.
- 16.3. In addition to the fees stipulated, you will be responsible for payment of any taxes, duties, charges (including bank charges) or expenses incurred by W&I or levied on W&I by any Exchange or other agent or third party in relation to your Investments.
- 16.4. You agree that W&I shall be entitled at its discretion to debit any of your accounts with any amount due by you to it under the Agreement, including any expenses or taxes incurred on your behalf, as well as any other

agreed fees and expenses, or to deduct or withhold such fees, charges or expenses from any amount received by W&I for your account and payable by W&I to you.

- 16.5. You acknowledge that W&I may, at its absolute discretion, charge negotiated or discounted fees and commissions without this amounting to treating certain clients unfairly.
- 16.6. W&I is specifically authorised to realise any investment that may be held by us in terms of this Agreement should there be insufficient cash available to settle any outstanding fee, charge or commission.
- 16.7. Should this Agreement be terminated at any time, our pro-rata fee for the applicable period shall be computed and payable on the date of termination.

18. Conflicts of Interest

- 18.1. W&I is committed to ensuring that its business and relationships with Clients are conducted in an ethical and equitable manner in accordance with good business practice and principles and policies relating to treating customers fairly, in a way that safeguards the interests of all stakeholders. W&I will not knowingly place its own interest above those of its Clients. In terms of our policies and practices, information barriers separate W&I from other divisions within W&I and other companies or divisions within Investec. This may result in W&I not being aware of services or transactions undertaken by other Investec companies or divisions.

- 18.2. W&I forms part of Investec, an international specialist banking group that provides a diverse range of Financial Products and Services to a select client base and potential conflicts of interest may arise. As such, the avoidance, and where avoidance is not possible, the mitigation and management of conflicts of interest are inherent to the Investec business. Given the nature of W&I's business, and other divisions or Investec companies conducting investment banking activities such as investment research, proprietary trading and corporate finance business, conflict of interest management is paramount. W&I distributes products created by various Investec companies or divisions such as Investec Corporate & Institutional Banking, Investec Private Bank, Investec Asset Management and Investec Wealth & Investment (offshore entities).
- 18.3. You understand and accept that W&I or Investec may have, directly or indirectly, an interest, arrangement or relationship which could be in conflict with your transactions. - 19.1. W&I may provide you with market information, views and opinions which W&I prepares from internal sources and/or external sources W&I believes to be reliable.
- 19.2. Market information, views and opinions provided to you are of a general investment nature, are not personal recommendations and are not intended to address the specific circumstances of any particular individual or entity. No one should act upon such information, view or opinion without appropriate professional advice and after examination of their particular needs and circumstances.
- 19.3. W&I endeavours to provide accurate and timely information but W&I makes no representation or warranty, express or implied, with respect to the correctness, accuracy or completeness of the applicable market information, views and/or opinions provided by W&I. Accordingly, W&I shall not be liable for any direct or consequential loss arising from the use of our market information, views or opinions, or arising out of errors, omissions or changes in market factors. Information, views and opinions are provided for your personal use only and you may not copy, distribute, redistribute, sell, resell, retransmit or otherwise make market information, views or opinions available to third parties and W&I will not be liable for the misuse of such.

20. Benchmarking

- 20.1. W&I may provide you with a benchmark in relation to your portfolio or certain Products. A benchmark is a reference point for your portfolio designed to assist you in assessing the performance of your portfolio or the Products. It is not a promise that your portfolio or product will perform in line with or follow the benchmark. It does not mean that your portfolio or the Products are based on the Investments making up such benchmark.
- 20.2. For performance measurement purpose, W&I may select a benchmark as W&I deems appropriate to your portfolio or our Products. In some circumstances, W&I may decide to amend the benchmark to reflect a more appropriate measure and will notify you accordingly.

21. Foreign Investments

Where you authorise W&I to invest on your behalf in Foreign Investments, you agree to the terms below.

- 21.1. You acknowledge that Foreign Investments are subject to specific limits, conditions and forms as determined by the South African Reserve Bank ("SARB") and the South African Revenue Service ("SARS"). Where you request W&I to make Foreign Investments on your behalf by using your individual offshore investment allowance, you warrant that you do not exceed the permitted maximum amount per annum as granted or approved by SARB and SARS.
- 21.2. Foreign Investments can be made directly under the Foreign Investment allowance granted to individual taxpayers or under W&I's foreign portfolio investment allowance ("Asset Swaps").
- 21.3. In executing Foreign Investments, W&I may transact through any agent or third party of its choice, subject to their terms and conditions.
- 21.4. All currency transactions effected on your behalf in the Republic of South Africa will be effected by Investec Bank Limited. W&I will not accept limit orders for currency transactions. W&I may add an administration fee which will be disclosed to you at the time of dealing and the all-in exchange rate charged to you will be reflected on your transaction confirmation note.
- 21.5. W&I has no control over currency transactions effected by foreign counterparties.
- 21.6. You accept that the conversion of South African rands is subject to receipt of the investment amount, approval of the application by W&I and/or the relevant foreign agent or third party or their delegates, who may decline the application at their discretion or until their requirements such as anti-money laundering verifications are met.
- 21.7. Orders or any other transaction in Foreign Investments may be passed to W&I or agents of Investec for execution, or to any other third party broker, investment manager or administrator selected at W&I's discretion and you will be bound by the terms and conditions of service of such third party.

- 21.8. W&I will submit to you for payment or may recoup from you, any administration fees, charge or management fees charged by the relevant offshore Investec company or third party broker, investment manager, administrator or custodian of your Foreign Investments.
- 21.9. Where you make use of W&I's approval to acquire Asset Swaps on your behalf, you understand and agree that there may be restrictions or limitations imposed by applicable exchange control regulations. W&I will not have any responsibility or liability should exchange control regulations change or the application thereof by SARB change and such changes add to the restrictions applicable to your foreign investments.
- 21.10. Under the current SARB approval framework, you will not have direct access to your offshore investments implemented through Asset Swaps and will at all times be obliged to deal through W&I as your authorised agent. Such Foreign Investments will only be repaid to you via a domestic payment in South African rands, as required by the SARB regulations. Therefore, you will not be able to directly transfer or transact on any of such Foreign Investments and all your instructions relating to such Foreign Investments must be through W&I, including buying, switching, redeeming or repatriating any such investments.
- 21.11. You acknowledge that changes in the requirements relating to Asset Swaps may require W&I to unwind foreign investments made on your behalf and to repatriate applicable funds to South Africa.

22. Cash Deposits

- 22.1. In respect of South African Investments, all of your deposits, including interest, dividends, proceeds of disposals and cash ("Client Funds") received by us, will either be:

 - 22.1.4. you agree that you will consider all statements received and advise W&I immediately should there be any inaccuracies.
- 22.2. You authorise W&I to retain or to withdraw from any cash deposited on your behalf in JSET or any other client trust account as actually required:
- 22.2.1. to pay for Investments purchased on your behalf from time to time;
 - 22.2.2. to effect such payments as are necessary in terms of the Agreement;

22.2.3. to discharge a debt due by you to us, whether in respect of fees or charges due under the Agreement or otherwise.

22.3. In terms of the JSE rules, W&I is not permitted to receive deposits paid in cash.

22.4. In respect of Foreign Investments, your deposits, including interest, dividends, proceeds of disposals and cash ("Foreign Client Funds") received by our nominated third party in respect of your Foreign Investments, will be held in accordance with applicable laws. The interest earned on such Foreign Client Funds will be currency dependant and therefore, in certain circumstances, may yield zero to possibly negative interest.

23. Payments

23.1. Client funds deposited by W&I on your behalf in JSET or any other Client trust account in terms of the Agreement, as permitted by the Applicable Legislation, will only be paid to a bank account in your name as designated by you in the Client Application Form or as advised by you in writing and include acceptable proof of such bank details.

23.2. Where W&I transacts on your behalf, W&I will not make any third party payment (except for payment to an account in your name held at another broker, Bank, asset manager, Financial Service Provider or offshore equivalent or as may be required when exercising our discretion in managing your Investments).

24.3. It is your sole responsibility to monitor Corporation Actions and inform W&I of your instruction at least two Business Days prior to the applicable response date.

24.4. W&I shall be entitled, in respect of non-discretionary accounts, to select the issuer default option, unless you direct your relationship manager or account administrator to take any specific course of action.

24.5. W&I shall not exercise voting rights in respect of non-discretionary accounts without your instruction per the prescribed formalities.

24.6. You agree that where an Investment is held by a Custodial Agent or third party provider, W&I shall only be obligated to pass on your Corporate Action Instructions promptly to the Custodial Agent or third party provider. You acknowledge that the terms of business of a Custodial Agent may contain provisions relating to

the giving of Instructions and any action permitted in the absence of such Instructions and that such provisions shall be binding on you.

25. Market Abuse

You agree that you will not, by deliberate or negligent act or omission, commit any market abuse offence as described in the Applicable Legislation. This means distorting, misleading or taking unfair advantage of the market and includes insider trading, market manipulation, prohibited trading practices and making false, misleading or deceptive statements, promises and forecasts. Market abuse is an offence for which you may be liable to pay an administrative sanction, a fine and/or to imprisonment.

26. Limitation of Liability

- 26.1. Subject to 26.2 and 26.5 below, W&I and its directors, officers, employees and agents, whether forming part of Investec or not, will not be liable for any losses, liabilities, costs, expenses, claims or damages (whether direct, indirect or consequential) suffered or incurred by you in connection with the Services or your Investments.
- 26.2. The exclusion of liability in clause 26.1 shall not apply in circumstances where the applicable losses, liabilities, costs, expenses, claims or damages are attributable to the wilful default, fraud or gross negligence of W&I or any director, officer, employee or agent of W&I, provided that such director, officer, employee or agent is acting within the scope and course of his employment and provided further that W&I shall not be liable for any loss of profits or indirect or consequential damages.
- 26.3. In the event that you instruct W&I to sell or purchase any Investment, W&I, its directors, officers, employees and agents shall have no liability for any loss or expense you may incur by reason of any change in market conditions before the particular transaction is effected.
- 26.4. W&I has legal obligations regarding the detection, reporting and prevention of financial crime, fraud, money laundering and terrorist activity. W&I is required to take action where W&I has suspicions about the use of, or any activity concerning, any accounts or funds W&I holds or any facilities W&I provides. W&I may be obliged to refuse transactions or instructions. W&I will not be liable to you or any third party for any loss or damage arising from any action W&I may take as a result of our legal obligations.
- 26.5. Nothing contained in these Terms and Conditions shall exclude or restrict or amount to a waiver of any obligations which W&I has under the Applicable Legislation in relation to you, the Client, or any liability which W&I may incur under the Applicable Legislation in respect of a breach of any such obligations. Nor shall anything in these Terms and Conditions require you to indemnify or compensate W&I to any extent prohibited by the Applicable Legislation.
- 26.6. Any director, officer, employee and agent shall be entitled to accept the benefit of the provisions of this clause 26 accorded to such person by written notice to W&I at any time.

Should any such deletion substantially affect or alter the commercial basis of the Agreement, you undertake to negotiate in good faith with W&I to amend and modify the provisions of the Agreement as may be necessary or desirable in the circumstances.
- 35.2. These terms shall be subject to the rules of the Exchange under whose rules or using facilities W&I enters into any transaction on your behalf. Such rules shall be deemed to be incorporated herein and shall form part of the Agreement. In the event of any conflict between such rules and these Terms and Conditions, the provisions of such rules shall take precedence over these Terms and Conditions.

- 41.1. The Agreement and all rights and obligations thereunder are personal to you and shall not be capable of assignment or transfer by you without our prior written consent.

43. Indulgences

Our failure to seek redress for violation or to insist upon strict performance of any condition or provision of the Agreement, or our failure to exercise any right or remedy to which W&I is entitled under it, shall not constitute a waiver thereof.

44. Whole Agreement, No Amendment

- 44.1. The Agreement constitutes the whole agreement between W&I and you relating to the subject matter hereof. No oral agreement not to strictly enforce any term thereof shall be of any force or effect. No amendment or consensual cancellation of the Agreement shall be binding unless recorded in a written document signed or otherwise approved by W&I.
- 44.2. No extension of time or waiver or relaxation of any of the provisions or terms of the Agreement or any agreement, bill of exchange or other document issued or executed pursuant to or in terms of the Agreement, shall operate as an estoppel against W&I in respect of its rights under such agreement or document, nor shall it operate so as to preclude W&I thereafter from exercising its rights strictly in accordance with the Agreement.
- 44.3. W&I shall not be bound by any express or implied term, representation, warranty, promise or the like not recorded herein, whether it induced the contract and/or whether it was negligent or not.

Schedule 1 – Risk Disclosures

Out of the Ordinary

Schedule 1 – Risk Disclosures

1. Disclosures relating to risks

- 1.1. The Services under the Agreement may present specific risks due to their intrinsic nature, the markets or jurisdictions in which they operate or other factors outside our control. The list detailed below is not exhaustive.
- 1.2. Please be aware that you may not be allowed to deal in some of the Investments or some Investments may not be eligible for sale in all jurisdictions or to certain categories of Clients.
- 1.3. All Investments involve risks, and Clients should exercise prudence and their own judgment in making Investment decisions.
- 1.4. General
 - 1.4.1. Below are general risks which may be applicable to your Investments.
 - 1.4.2. The value of the assets, and the income received from them, may go down as well as up and you may not receive all the money invested. Past performance is no indication of future performance. There are a number of reasons why this might happen:
 - 1.4.2.1. Market risk

Investments are subject to the laws of supply and demand and are capable of significant price movements irrespective of market, economic and corporate factors.
 - 1.4.2.2. Liquidity risk

Investments may be difficult to sell and as a result, may not be bought or sold quickly enough to prevent or minimise a loss.
 - 1.4.2.3. Currency risk

Investments may be denominated in other currencies. Where an Investment is denominated in a different currency, you are exposed to fluctuations in the exchange rate of that currency as well as to the movement in the price of the Investment itself. Changes in the exchange rate can cause the overall value of an Investment to fall as well as rise.
 - 1.4.2.4. Country and political risk

Investments or underlying components of your Investments may be affected by their link or relationship to specific countries which could be exposed to political or economic events affecting companies, interest rates or currencies.
 - 1.4.2.5. Counterparty or credit risk

Your Investments may be exposed to the risk of a counterparty such as an issuer, product supplier, credit provider, custodian or manager defaulting or going insolvent.
 - 1.4.2.6. Regulatory risk

Investments may be subject to different styles and qualities of regulation. Regulations may change and affect the predicted outcomes or viability of certain Investments.
 - 1.4.2.7. Taxation risk

The tax treatment of any Investment is determined by the specific circumstances of each Client. Taxation may change during the lifetime of an Investment. This may result in unanticipated tax liabilities. You should obtain tax advice in order to be aware of any potential liability before making an Investment. If your circumstances change or you are uncertain of how an Investment might affect your own tax position, you should seek professional advice.

1.5. Assessing the relative risk of any of the factors referred to above is highly subjective and can change over time in response to specific events or revised social or economic forecasts. It is not possible to lay down precise guidelines for the measurement of risk or the potential impact, whether positive or negative, upon an Investment portfolio.

1.6. Discretionary Portfolios

The risks of investing directly in equities may be spread by investing in discretionary portfolios with different investment strategies. Investment strategies are subject to different styles and qualities of regulation. Changes to the manager of the portfolio/fund or the investment team may affect the strategy and risk profile of the portfolio or fund.

1.7. Unitised Portfolios – Hedge Funds and Unit Trusts

1.7.1. Hedge Funds: These investments employ a wide variety of trading strategies. The strategies vary from fund to fund and may include borrowing money in order to increase the gearing of Investments, the use of derivatives to either increase or reduce risk and the short selling of Securities. As a consequence, the overall risk of each fund varies considerably.

1.7.2. Unit Trusts: Unit prices may fluctuate relative to the market value of the Securities comprising the relevant portfolios. Should a portfolio have underlying international Investments, movements in exchange rates may cause the value of those underlying Investments to fluctuate.

1.8. Equities

1.8.1. Equities are units of ownership in individual companies. By investing in equities, clients will participate in the economic success or failure of the company. As a consequence, a company's shares may fall as well as rise.

1.8.2. Volatility in equity markets can change quickly and does not necessarily follow historical trends. If a company becomes insolvent, the value of its equities will also fall, potentially to the point where it has no value at all.

1.8.3. Liquidity may be limited in the shares of certain companies which means that you may not be able to sell when you want or at the price you wish to sell.

1.9. Derivatives

Examples of Derivative Instruments include (but are not limited to) Single Stock Futures ("SSF"), International Derivative Futures ("IDR"), Equity Index Futures, Options, Futures, Currency Futures, Interest Rate Derivatives and Warrants (the term Warrants shall include Warrant Alternative Vehicles otherwise known as "waves" which are short term options listed over the JSE Top 40 Index and leading shares on the JSE).

Derivatives, whether listed or Over-The-Counter ("OTC") Derivatives Instruments, such as Contracts for Difference ("CFDs"), and Investments structured with underlying derivatives ("Structured Investments") present additional risks:

1.9.1. Gearing or leverage risk

Options, derivative products and futures are not suitable for all Clients, and trading in these instruments is considered risky. Markets in Derivative Instruments can be highly volatile. Investments may make use of trading strategies including borrowing, short selling or use of derivatives which may result in higher or total loss of your Investments. The high degree of "gearing" or "leverage" which is often obtainable in trading these contracts

stems from the payment of what is a comparatively modest deposit or margin when compared with the overall contract exposure. As a result, a relatively small market movement can, in addition to achieving substantial gains where the market moves in your favour, result in substantial losses which may exceed your original investment. This can work for or against you.

1.9.2. You may lose more than your initial margin

You are required to deposit a percentage of the total trade value ("Initial Margin"). Profits and losses can exceed the Initial Margin, requiring you to make further margin payments. If the market moves against your position, you may, in a relatively short time, sustain more than a total loss of the funds placed by way of margin with the relevant exchange or with W&I.

A decline in the exposure of the underlying securities where margin is paid may require you to provide a substantial additional sum, on the same day, to maintain your margin balance and avoid the close out of the futures contract or the forced sale of other securities in your account(s). If you do not maintain your margin balances, your position may be closed out at a loss and you will be liable for any resulting deficit.

Irrespective of whether you are notified of a margin call or not, you are solely responsible for monitoring your open positions and margin calls and for maintaining sufficient funds in your account to meet any payment obligation including margin and additional margin.

1.9.3. Changes in margin requirements

As may be required by market conditions, or as the exchange and clearing member may deem necessary, margin requirements and rates may be increased at any time, and without written notice. Such changes may take effect immediately and may result in the issuance of a margin call. Your failure to satisfy the call may cause us to liquidate or sell securities in your account(s).

W&I may also increase its additional margin requirements at any time, without prior written notice to you.

You are not entitled to an automatic extension of time on a margin call, although W&I may in specific circumstances and at its sole discretion grant you such an extension. Should W&I grant an extension to you on one or more occasion, such extension/s will not create an obligation for W&I to continue to do so in the future.

1.9.4. Close out

1.9.4.1. If you do not meet a margin call, or any other obligation, your positions may be sold (closed out) immediately and you will be liable for any resulting deficit. In this regard, W&I may sell your Investments without contacting you. Some investors mistakenly believe that they must be contacted for a margin call to be valid, and that securities in their accounts cannot be liquidated to meet the call unless they are contacted first. This is not the case. We will attempt to notify you of margin calls but we are not required to do so. Even if we have contacted you and provide a specific date by which you can meet a margin call, we can still take necessary steps to protect our financial interest including immediately selling the securities without notice to you. W&I shall be entitled to choose which Securities W&I shall sell to meet the margin call.

1.9.4.2. Under certain market conditions, it may be difficult or impossible to close out a position. This may occur, for example, where trading is suspended or restricted at times of rapid price movement.

1.9.4.3. In the event of your death, W&I shall be entitled, in its sole and absolute discretion, to minimise any risk and close out any and all positions that may still be open at the time of W&I becoming aware of your death.

1.9.4.4. If the Client is an individual, W&I shall, following the death of the Client, act on the instructions of the appointed executor.

1.9.5. Circumstances beyond W&I's control

In certain circumstances, W&I may be prohibited or restricted with regards to a trade, or forced or instructed to reverse a trade. This could happen in various circumstances, as a result of an instruction from any Exchange or as a result of the inability to find sufficient shares to cover a short trade (directly or as a result of a derivative transaction). Regulators or Exchanges may impose specific prohibitions or restrictions on short sales. In the event that securities have been borrowed in order to cover a short sale and the lender recalls the borrowed securities, then replacement securities may have to be purchased in the market at prices then prevailing.

1.9.6. Lack of liquidity

Certain derivatives may not quote bid and offer prices, and even if they are, they may be established by the issuer of the derivative, and consequently it may be difficult to establish a fair price. Under certain market conditions, it may be difficult or impossible to close out a position e.g., where trading is suspended or restricted at times of rapid price movement.

1.9.7. Restricted hours

1.9.7.1. Trading in certain derivatives may expose your Investments to events which occur outside the trading hours of these Investments and may have a significant influence on the price of such Investments.

1.9.7.2. Should you be trading in currency or IDX futures, please note that events happening outside the IRC/SAFEX trading hours may have a significant influence on the price of such futures. You may not be able to close a position after 17h00 and before 09h00.

1.9.8. No right in respect of the underlying share or instrument

1.9.8.1. Some derivatives may allow or force or prohibit physical delivery of the underlying and may or may not confer on either party, any right, title or interest in any shares (including dividends and voting rights), or entitle or oblige either party to acquire, receive, hold, deliver or dispose of any particular shares or other Securities.

1.9.8.2. Corporate Actions such as dividends, mergers, subdivision or consolidation may affect the operation and conditions relating to derivatives.

1.9.9. Trading limits

1.9.9.1. Trading limits and contract specifications such as minimum contract size may be imposed by the Exchanges or issuers or W&I and may be changed at short notice. W&I will use reasonable endeavours to inform you of such changes.

1.9.9.2. W&I may refuse to allow you to enter into another derivative contract until you have fully settled any outstanding settlement obligation.

1.9.10. Trading strategies

Certain trading strategies may be more risky than a long or short position and may be more complex as you could be exposed to both legs of the strategy.

1.9.11. Derivatives contracts conditions relating to settlement, expiry, lapse, exercise, rollover

- 1.9.11.1. It is your responsibility to understand the conditions applicable to the derivatives you have instructed W&I to buy on your behalf. Some derivatives or Investments with underlying derivatives may have a limited life span, or become worthless under certain conditions. It is your responsibility to monitor and meet the conditions under which they settle (cash or physical), expire, lapse or become valueless or maybe rolled over.
- 1.9.11.2. You are also responsible for providing W&I with timely Instructions in respect of any course of action related to derivatives conditions such as expiry and/or rollover, failing which the default provisions will apply.
- 1.9.11.3. Where permitted, placing a stop-loss order will not necessarily limit your losses to the intended amounts, for market conditions may make it impossible to execute such orders at the stipulated price.

1.9.12. Over-the-counter (OTC) derivatives

OTC derivatives are unlisted Investments (such as unlisted CFDs) which may not be subject to the rules and protection of an Exchange. You may not be able to transfer OTC contracts or trade these with other parties. You may also be exposed to the risk of the issuer or clearing house or member defaulting.

1.9.13. With respect to warrants we wish to draw your attention to additional risks associated with warrants:

- 1.9.13.1. It is your responsibility to read and understand the offering circular setting out terms and conditions on which warrants will be issued or will expire.
- 1.9.13.2. A warrant is a right to acquire securities, which in certain circumstances is exercisable against someone other than the original issuer of the securities. As such it should be considered to be similar to an option.
- 1.9.13.3. Warrants often involve a high degree of gearing so that a relatively small movement in the price of the underlying security might result in a disproportionately large movement in the price of the warrant. This can work against you as well as for you.
- 1.9.13.4. Warrants have a limited life and can expire worthless. It is your responsibility to monitor the conditions under which warrants may expire or become worthless.
- 1.9.13.5. It might be difficult for you to sell your warrants. Bid and offer prices may not be quoted, and even where they are, they may be established by the issuer of the covered warrant and consequently, it may be difficult to establish a fair price.
- 1.9.13.6. A member of the Investec group of companies may be the sole market maker in these warrants.

1.9.14. If, you are a holder of an IDX Future you will be exposed to currency fluctuations, although this exposure can be hedged through trading currency futures which are also available through the IRC market

1.10. Bonds

- 1.10.1. Bonds tend to provide a lower but more predictable overall return than equities. The interest payable on these may be fixed or variable, the former providing a greater certainty of return.

1.10.2. The return for a fixed income bond is dependent upon the rate of interest paid and the price paid for that bond.

1.10.3. The market prices of bonds with different credit ratings may behave in different ways as the assessment of the economic cycle changes.

1.11. Cash Investment

Cash deposited with JSET, will be protected under the JSE rules, however, cash placed with third party institutions, including Investec Bank Limited, is subject to that institution's ability to meet its commitments to you, and the various terms which regulate its relationship with you.

1.12. Offshore discretionary portfolios and Offshore unitised portfolios

1.12.1. Where an Investment accepted for custody is held outside South Africa, you accept that the practice of separate identification of your Investment and that the settlement, legal and regulatory regimes applying in the particular jurisdiction may be different from those applying in the Republic of South Africa.

1.12.2. If you deal in Investments priced in foreign currencies, this involves you entering into a related foreign exchange transaction in connection with the purchase or sale of the investment concerned. This involves the risk that a change in the rates of exchange between currencies may cause your Investment, or the income from it, to go down or up beyond that of expected market fluctuations.

1.12.3. Risk of counterparty default- a foreign counterparty, custodian, or manager may default or become insolvent.

1.12.4. You should be aware that certain Investments may only deal on certain dates and it may take a certain period of time before you can access your proceeds of sale.

1.13. Structured Products

1.13.1. A structured product is used to describe Investments which provide exposure to a wide range of asset classes through a combination of financial instruments brought together to provide a single investment product. Structured products range from alternatives to cash deposits to instruments of varied complexity referencing multiple financial assets or indices.

1.13.2. Structured products are not suitable for all Clients, especially those with no capacity for loss. Structured products can be very differently designed. You must ensure that you read and fully understand the terms and conditions applicable to the structured product and that you have considered and understood the risks that you may be exposed to before investing in a structured product.

1.13.3. Risks when purchasing a structured product include but are not limited to capital loss, market risk, currency risk, regulatory risk and counterparty or credit risk. Certain structured products are dependent on the performance of an index or indices, with or without pre-determined levels and a fall in the index or any of indices below a predetermined level may result in irrecoverable capital loss. You may be exposed to several counterparties' risk, such as the risk that the issuer of the underlying derivatives in the product, or the issuer of the structure, or other parties relating to instruments referenced or included in the structure, may default.

1.13.4. The return scenarios and calculations in structured products may be complex and depend for example on the occurrence or non-occurrence of certain events and on the performance of underlying Securities, indices or baskets of indices or Securities. Some products may have specific conditions to be met,

or have a lock-in period during which there may be a limited secondary market or no market at all meaning that you may only be able to redeem and access your funds at maturity. Structured products may become worthless under certain conditions. It is your responsibility to understand and monitor the workings and conditions applicable to structured products or to seek appropriate advice.

1.13.5. In general, structured products should only be considered as part of your overall investment portfolio. You should not place all, nor a large part, of the money you have available for investment into any one structured product to avoid over exposure to a counterparty or structured product type.

1.14. Unregulated Investments

W&I will only enter into transactions with unapproved collective schemes or unregulated instruments at your specific written request unless such Investments have been approved by W&I investment managers and you have given W&I full discretion to manage your Investments. If you are acting as a trustee or authorised signatory for any South African regulated entity, it is your responsibility to ensure that you comply with any Applicable Legislation, including but not limited to prudential and tax legislation.

Schedule 2 – JSE Settlement Obligations

Out of the Ordinary

Schedule 2 – Settlement Obligation

Introduction

This document sets out the settlement obligations of clients who enter into transactions in JSE listed equity securities that settle electronically through STRATE. The requirement for JSE equity members to make their clients aware of their settlement obligations is set out in the JSE Rules.

- **a controlled client** is a client, or an account holder, on whose behalf a broker is acting, who does not appoint a CSDP of their own, since their funds and equity securities are under the control of a custody services provider (such as W&I), are reflected on the BDA system and are settled via the CSDP of a member (such as W&I). As a result, the settlement of their transactions is conducted by the member of the client via accounts belonging to the member in the records of the CSDP of that member;
- **a non- controlled client** is a client, or an account holder on whose behalf a broker is acting, who has appointed its own CSDP. As a result, the settlement of their transactions is conducted by the CSDP of the client via the accounts belonging to the client in the records of the CSDP.

The relevant rules that create the settlement obligations and penalties for the transgression of these rules are available on the JSE website, and can be downloaded from the addresses www.jse.co.za and www.strate.co.za. Relevant definitions are set out in the last section of this document.

Settlement Obligations for Controlled Clients

1. Settlement principles for transactions in equity securities

All transactions in equity securities must be settled electronically through STRATE in accordance with the following principles –

- 1.1 contract note by contract note;
- 1.2 between the ultimate buyer and the ultimate seller;
- 1.3 on a rolling and contractual basis, whereby transactions become contractually due to be settled a prescribed number of days after the trade date; and
- 1.4 on a net basis per member and per equity security, whereby individual contract notes are consolidated and offset into net amounts of securities and funds for settlement.

2. Custody mandates for controlled client accounts

- 2.1 A controlled client must sign a mandate in favour of a member before any cash or securities are received by the member.
- 2.2 A controlled client must obtain a receipt from the member when securities in certificated form are placed under the control of the member.
- 2.3 A controlled client must receive a statement on at least a quarterly basis or more frequently if the client so requests, but not more than monthly, and reconcile the equity securities and funds reflected on the statement with his records. Any discrepancies should immediately be raised with their member for investigation.
- 2.4 A controlled client must advise a member of its choice for an elective corporate action as set out in the client mandate or agreed with their member.
- 2.5 The arrangement between a member and a controlled client regarding issues pertaining to corporate actions must be recorded in writing. The written arrangement must, as a minimum, incorporate the instructions from the controlled client and the terms and conditions which will apply to various issues pertaining to corporate actions. Please refer to section 22 on page 16 of the Terms & Conditions.

3. General pre-trade settlement requirements

A controlled client may not place an order to sell equity securities unless:

- 3.1 the securities to be sold are in the custody of the member in uncertificated form; or

- 3.2 the controlled client can evidence to their member that they own the equity securities to be sold and that such securities will be available for settlement on T+3; or
- 3.3 another transaction has been entered into by the client for the equivalent number of equity securities to be available for settlement on T+3 or before; or
- 3.4 the controlled client has made arrangements to borrow the equivalent number of equity securities and the equivalent securities will be available for settlement to take place on T+3; or
- 3.5 a corporate action provides for an equivalent amount of equity securities being available for settlement on settlement date; or
- 3.6 the equity securities are being moved between registers and the securities will be available on the South African register for settlement.
- 3.7 Penalties may apply and may be charged to the client.

4. Controlled client settlement obligations

By no later than 16h00 on T+1, a controlled client must ensure that their member is in a position to settle the transaction on T+3, either by providing the necessary funds or equity securities to the member or entering into an arrangement with the member to ensure that settlement takes place on settlement day.

Where the controlled client does not provide the necessary funds or equity securities to the member by end of day on T+1, the transaction will be margined and, where margin is called, the member may call for the margin from the controlled client. If the transaction is subject to rolling of settlement and the failed trade procedures, the margin will be held until the future settlement date of the rolling of settlement or when the failed trade is resolved.

Where a controlled client fails to meet their settlement obligations for a sale transaction, the transaction will be reversed to the member's account at 16h00 on T+2 and the member will assume the obligation to settle.

5. General settlement provisions

- 5.1 Where the controlled client fails to put the member in a position before 16h00 on T plus 1 to settle the transaction on settlement day, the member may close out the client's transaction and claim the difference between the original transaction value and the close out value from the client, including interest, subject to any agreement with the client or notification to the client to the contrary, and to any action taken by the Settlement Authority in terms of the failed trade procedures set out in the rules. The member may sell for the account of the client so many of any other equity securities held on the client's account as is necessary to cover any loss that may be incurred by the client as a result of the close out of the original transaction.

- 5.2 Where the controlled client has not complied with its obligation to put the member in a position to effect settlement and neither the member nor the Settlement Authority is able to effect settlement, the Settlement Authority shall at 10h00 on T +3 declare the transaction to be a failed trade.
- 5.3 Notwithstanding 5.1 and 5.2 above, the notification at any stage by a controlled client to a member of its inability to put the member in a position to settle a transaction, may result in the declaration of a failed trade by 09h00 on the following business day, if neither the member nor the Settlement Authority is able to ensure that settlement will take place on settlement day by doing a securities lending and borrowing.
- 5.4 The client shall also remain liable for any losses, penalties, costs and charges incurred, or charge imposed by the member, in respect of any of the aforementioned transactions.

These costs include the costs related to manufactured dividends.

8. Borrowing of equity securities to prevent a trade from failing

Where a member borrows funds from the Settlement Authority to effect settlement on behalf of a controlled client who has not made payment of the required funds to the member timeously, the controlled client is responsible for any costs incurred by the member or penalties imposed on the member by the Settlement Authority in this regard.

9. Lending of funds to prevent a trade from failing

- 9.1 Where a controlled client does not meet his settlement obligations timeously and neither the member nor the Settlement Authority are able to borrow the necessary funds or equity securities to ensure that settlement of the transaction takes place, the transaction of the failing controlled client may be rolled or failed in accordance with instructions provided by the Settlement Authority to the member.

9.2 A failing controlled client, in the case of a rolled or failed trade, will in addition to any fees and penalties, be responsible for any corporate action entitlements or losses that is claimed and paid to the non-failing party.

10.2The failed transaction may only be rolled twice which should not be more than 6 business days from the original settlement date.

10.3If the transaction is rolled in accordance with 10.1, then the controlled client will be entitled to claim for any corporate action entitlement or losses incurred. Please refer to section 7.10 of the Terms and Conditions.
