About this corporate profile

This corporate profile serves as a reference for the investment community and other interested parties. It provides an introduction to Investec and offers a simple yet comprehensive handbook of relevant information to assist anyone wishing to know more about us. This report is based on our latest available year-end financial figures (31 March 2018) and is updated annually.

Additional information

The corporate profile should be read together with other information we publish, including the full 2018 integrated annual report and the 2018 integrated annual review and summary annual financial statements.

Our investor relations website contains a wide range of information on us, including financial information, corporate information, share price data, a calendar, dividend information, announcements and presentations.

To ensure the information is comprehensive, we have included the URL addresses for our web pages where readers are able to access or download additional information.

Ongoing and statutory information

In order to present a more meaningful view of the group’s performance, additional management information is presented on our ongoing businesses. This additional information excludes items that in management’s view could distort the comparison of performance between periods (for both current and historical information).

Based on this principle, the following items are excluded from underlying statutory profit (for both current and historic information where applicable) to derive ongoing operating profit:

- The results of the businesses sold in the 2015 financial year i.e. Investec Bank (Australia) Limited, Kensington Group plc and Start Mortgage Holdings Limited. These sales had a significant effect on the comparability of the group’s financial position and results; and
- The remaining legacy business in the UK. This basis of presentation is consistent with the approach adopted for the year ended 31 March 2017.

All information in our corporate profile is based on our statutory accounts unless otherwise indicated.

Further information on our ongoing business and a reconciliation between the ongoing and statutory income statement is provided in our 2018 integrated annual report.

Feedback

We value feedback and invite questions and comments on our reporting. To give feedback or request hard copies of our reports, please contact our Investor Relations division.

During July 2002 Investec Group Limited (since renamed Investec Limited) implemented a dual listed companies (DLC) structure and listed its offshore business on the London Stock Exchange.

A circular on the establishment of our DLC structure was issued on 20 June 2002 and is available on our website.

In terms of our DLC structure, Investec Limited is the holding company of our businesses in Southern Africa and Mauritius, and Investec plc is the holding company of our non-Southern African businesses.

Our DLC structure and main operating subsidiaries as at 31 March 2018

- **Investec plc**
  - LSE primary listing
  - JSE secondary listing
- **Investec Limited**
  - JSE primary listing
  - NSX secondary listing
  - BSE secondary listing
- **Sharing agreement**

### Operating structure

**Investec Limited**, which houses our Southern African and Mauritius operations, has been listed in South Africa since 1986.

During July 2002 Investec Group Limited (since renamed Investec Limited) implemented a dual listed companies (DLC) structure and listed its offshore business on the London Stock Exchange.

A circular on the establishment of our DLC structure was issued on 20 June 2002 and is available on our website.

In terms of our DLC structure, Investec Limited is the holding company of our businesses in Southern Africa and Mauritius, and Investec plc is the holding company of our non-Southern African businesses.

### Salient features of the DLC structure

- **Investec plc** and **Investec Limited** are separate legal entities and listings, but are bound together by contractual agreements and mechanisms.
- **Investec operates as if it is a single unified economic enterprise.**
- **Shareholders** have common economic and voting interests as if **Investec plc** and **Investec Limited** were a single company.
- **Creditors**, however, are ring-fenced to either **Investec plc** or **Investec Limited** as there are no cross-guarantees between the companies.
We strive to be a distinctive specialist bank and asset manager, driven by commitment to our core philosophies and values.

Investec (comprising Investec plc and Investec Limited) is an international specialist bank and asset manager that provides a diverse range of financial products and services to a select client base.

Who we are

Founded as a leasing company in Johannesburg in 1974.
We acquired a banking licence in 1980 and were listed on the JSE Limited South Africa in 1986.

In July 2002, we created a dual listed companies (DLC) structure with linked companies listed in London and Johannesburg.
A year later, we concluded a significant empowerment transaction in which our empowerment partners collectively acquired a 25.1% stake in the issued share capital of Investec Limited.

Since inception, we have expanded through a combination of substantial organic growth and a series of strategic acquisitions.
Today, we have an efficient integrated international business platform, offering all our core activities in the UK and South Africa.

Additional information
Introduction

About the Investec group
(continued)

Our philosophies

- Single organisation
- Meritocracy
- Focused businesses
- Differentiated, yet integrated
- Material employee ownership
- Creating an environment that stimulates extraordinary performance.

We value

**Distinctive performance**
- Outstanding talent – empowered, enabled and inspired
- Meritocracy
- Passion, energy, stamina, tenacity
- Entrepreneurial spirit

**Client focus**
- Distinctive offering
- Leverage resources
- Break china for the client

**Cast-iron integrity**
- Moral strength
- Risk consciousness
- Highest ethical standards

**Dedicated partnership**
- Respect for others
- Embrace diversity
- Open and honest dialogue
- Unselfish contribution to colleagues, clients and society

What we do

We are an international specialist bank and asset manager that provides a diverse range of financial products and services to a select client base in three principal markets, the UK and Europe, South Africa and Asia/Australia as well as certain other countries.

Investec focuses on delivering distinctive profitable solutions for its clients in three core areas of activity namely, Asset Management, Wealth & Investment and Specialist Banking.

Our strategic goals and objectives are based on the aspiration to be recognised as a distinctive specialist bank and asset manager. This distinction is embodied in our entrepreneurial culture, which is balanced by a strong risk management discipline, client-centric approach and an ability to be nimble, flexible and innovative. We do not seek to be all things to all people and aim to build well-defined, value-added businesses focused on serving the needs of select market niches where we can compete effectively.
Our strategic focus

The Investec distinction

Our strategic goals and objectives are based on our aspiration to be recognised as a distinctive specialist bank and asset manager.

Client focused approach
- Clients are at the core of our business
- We strive to build business depth by deepening existing and creating new client relationships
- High level of service by being nimble, flexible and innovative.

Specialised strategy
- Serving select market niches as a focused provider of tailored structured solutions
- Enhancing our existing position in principal businesses and geographies through organic growth and select bolt-on acquisitions.

Sustainable business
- Contributing to society, macro-economic stability and the environment
- Well-established brand
- Managing and positioning the group for the long term
- Balancing operational risk with financial risk while creating value for shareholders
- Cost and risk conscious.

Strong culture
- Strong entrepreneurial culture that stimulates extraordinary performance
- Passionate and talented people who are empowered and committed
- Depth of leadership
- Strong risk awareness
- Material employee ownership.

Our strategy

Our long-term strategy is to build a diversified portfolio of businesses and geographies to support clients through varying markets and economic cycles. Since inception we have expanded through a combination of organic growth and strategic acquisitions.

In order to create a meaningful and balanced portfolio we need proper foundations in place which gain traction over time.

Our long-term internationalisation strategy:
- follow our customer base
- gain domestic competence and critical mass in our chosen geographies
- facilitate cross-border transactions and flow.

We have a very deliberate and focused client strategy:
- to leverage our unique client profile
- to provide the best integrated solution supported by our comprehensive digital offering.
Our strategy (continued)

**Investec Asset Management**
- Continue to improve our investment performance
- Maintain strong momentum in the Advisor business globally
- Grow our presence in the large markets, especially North America
- Evolve all our capabilities for the future, to continue to scale Multi-Asset and Quality and build a compelling foundation for Alternatives.

**Investec Wealth & Investment**
- Focus on investing in and developing our digital channel including enhancements to our core service
- Coordinating and leveraging capabilities across businesses to enhance our services for clients
- Providing a global investment offering and building skills in alternative investment, fiduciary and tax
- Continually improving business processes.

**Specialist Banking UK**
- Broaden client base by building franchise while deepening client relationships
- Establishing a high-tech and high-touch domestically relevant bank to growth-orientated businesses
- Private Bank shift in focus from platform development to client acquisition.

**Specialist Banking South Africa**
- Identify new sources of revenue across our existing client base
- Management of our liquidity ratios with an emphasis on retail funding initiatives
- Management of our capital to optimise returns
- Launch of Investec for Business to mid-market corporates.

**Other objectives**
- Diversity and transformation remain a key focus
- Continually evolving the digital offering.

Our diversified and balanced business model supporting long-term strategy

Broadly defined, we operate across three areas of specialisation focused on well defined target clients:

**Asset Management**
Operating completely independently

<table>
<thead>
<tr>
<th>Corporate/institutional/government</th>
<th>Specialist Banking</th>
<th>Wealth &amp; Investment</th>
</tr>
</thead>
<tbody>
<tr>
<td>- Investment management services to external clients</td>
<td>- Lending</td>
<td>- Investment management services</td>
</tr>
<tr>
<td></td>
<td>- Transactional banking</td>
<td>- Independent financial planning advice</td>
</tr>
<tr>
<td></td>
<td>- Deposit raising activities</td>
<td></td>
</tr>
<tr>
<td></td>
<td>- Treasury and trading</td>
<td></td>
</tr>
<tr>
<td></td>
<td>- Advisory</td>
<td></td>
</tr>
<tr>
<td></td>
<td>- Investment activities</td>
<td></td>
</tr>
</tbody>
</table>

We aim to maintain an appropriate balance between revenue earned from capital light activities and revenue earned from capital intensive activities. This ensures that we are not over reliant on any one part of our businesses to sustain our activities and that we have a large recurring revenue base that enables us to navigate through varying cycles and supports our long-term strategy.

**Capital light activities**

- Asset management
- Wealth management
- Advisory services
- Transactional banking services
- Property and other funds

</tbody>
</table>

**Fee and commission income** ↔ **Types of income** ↔ **Net interest, investment, associate and trading income**
**Our strategic focus**

(continued)

**Integrated client strategy**

Clients are at the core of our business and we strive to provide them with a high level of service by being nimble, flexible and innovative. In the past few years, we have created an international digital platform for clients with global access to products and services which is both high-tech and high-touch. Our integrated client strategy leverages off the natural linkages within the private client businesses and between the private client and corporate banking businesses, which are all centred around the client. We are continually enhancing and evolving our digital platform to ensure a seamless, integrated client service experience.

**Investec Digital** enables our clients to get a real-time consolidated view of their banking and investment accounts, locally and internationally, on one platform with one login. Through this consolidated global dashboard (Investec Online and the App), clients can access and transact on their banking and investment accounts across South Africa, the UK, Channel Islands and more, at no additional fees. To add value to clients’ daily banking and investment experience, we continue to enhance our digital capability through regular innovations.

</tbody>
</table>

**Focus for the financial year ending 31 March 2019**

- Private client mobile app refresh
- Goal-based investing for South African private clients
- Business banking for South Africa and the UK
- Click & Invest Self Invested Personal Pensions (SIPPs)
- Open application interface (API) – allowing fintech ecosystem to utilise Investec’s digital API (services) and allowing Investec to access Fintech capability more easily – including a revised operating model to create API’s as a new channel for the group
- A unified digital interface for financial intermediaries.
Financial profile
Our operational footprint

We have built a solid international platform, with diversified revenue streams and geographic diversity.

Southern Africa
- Founded as a leasing company in 1974
- Acquired a banking licence in 1980
- Listed on the JSE Limited South Africa in 1986
- In 2003 we implemented a 25.1% empowerment shareholding transaction
- Market leading position in all three of our core activities
- Fifth largest bank in the country
- Offices supporting the Southern African businesses include Botswana; Cape Town; Durban; East London; Johannesburg; Knysna; Mauritius; Namibia; Pietermaritzburg; Port Elizabeth; Pretoria; and Stellenbosch.

Operating profit* of the Southern African operations increased 9.1% to £408.1 million

** NAV is tangible shareholders’ equity.
^ COI is cost to income ratio. ROE is the post-tax return on adjustment average shareholders’ equity.
Our operational footprint
(continued)

UK and Other

- In 1992 we made our first international acquisition, acquiring Allied Trust Bank in London.
- Since that date, we have expanded organically and through a number of strategic acquisitions.
- Solid positioning in all three of our core activities.
- Listed in London in July 2002 through the implementation of a dual listed companies structure.
- Offices supporting the UK and Other businesses include Australia; Channel Islands; Hong Kong; India; Ireland; Luxembourg; North America; Singapore; Switzerland and 18 offices across the UK.

Operating profit* (statutory) of the UK operations decreased 11.4% to £199.4 million

Operating profit* (ongoing) of the UK operations increased 1.2% to £292.9 million

<table>
<thead>
<tr>
<th>£11.6bn</th>

<td>Total funds under management</td>
</tr>
</tbody>
</table>

As a % of the group

| 32.8% | Operating profit* | 44.1% | Permanent employees |
| 35.7% | Assets | 78.0% | COI^ |
| 42.7% | NAV** | 6.9% | ROE^ |
| | | 10.9% | ROE^ ongoing |

* Before goodwill, acquired intangibles, non-operating items, taxation and after other non-controlling interests.
** NAV is tangible shareholders’ equity.
^ COI is cost to income ratio. ROE is the post-tax return on adjusted average shareholders’ equity.
Our three distinct business activities are focused on well-defined target clients.

### Asset Management

**Core client base and what we do**
Operates independently from Investec’s other businesses. Our sole focus is the provision of investment management services to our predominantly global institutional client base.

**Market positioning**
- Total funds under management:
  - 1991: £0.4 billion → 2018: £103.9 billion
  - Good long-term investment performance with growing traction in our distribution channels

### Wealth & Investment

**Core client base and what we do**
Provides investment management services and independent financial planning advice to private clients, charities and trusts.

**Market positioning**
- Total funds under management:
  - 1997: £0.04 billion → 2018: £56.0 billion
  - UK: One of the top five players
  - South Africa: Largest player

### Specialist Banking

**Core client base and what we do**
We offer a broad range of services including lending, transactional banking, treasury and trading, advisory and investment activities. These services are aimed at government, institutional, corporate and high net worth and high-income clients.

**Market positioning**
- Global core loan portfolio: £25.1 billion^^
  - Corporate and other clients: £10.9 billion
  - Private clients: £14.2 billion^^
- Global deposit book: £31.0 billion

^^ Including legacy assets of £0.3 billion.
Our operational footprint
(continued)

As a % of group
- Operating profit**: 62.6%
- NAV**: 95.5%
- Permanent employees: 66.1%
- COI^: 61.2%
- ROE*: 10.2%
- ROE ongoing^: 13.1%

* Before goodwill, acquired intangibles, non-operating items, taxation and after other non-controlling interests.
** NAV is tangible shareholders’ equity.
^ COI is cost to income ratio. ROE is the pre-tax return on adjusted average shareholders’ equity.
^^ Including legacy assets of £0.3 billion.
° Contributions are larger than 100% due to group costs amounting to £49.6 million which are included in operating profit.
Solid client activity levels supporting underlying performance.

- The group’s asset and wealth management businesses have generated substantial net inflows of £7.3 billion, which together with favourable market levels has supported higher average funds under management.
- The banking businesses have benefited from sound levels of corporate and private client activity driving strong loan book growth over the year.
- The group has continued to invest into the business, positioning itself for further growth across its client franchise businesses and ensuring that it remains competitive and relevant in the markets in which it operates.
- Impairments on the legacy portfolio have increased in anticipation of accelerated exits of certain assets in line with the group’s strategy of managing down this portfolio.
- Taking into account the abovementioned factors, the group has achieved satisfactory operating performance against a challenging backdrop in its two core geographies (refer to pages 34 to 39 in volume one of Investec’s 2018 integrated annual report for an economic overview of our operating environments), underpinned by sound growth in key earnings drivers and a solid recurring income base.

We continued to actively manage down the UK legacy portfolio

- The legacy portfolio reduced from £476 million at 31 March 2017 to £313 million through asset sales, redemptions and write-offs.
- The legacy business reported a loss before taxation of £93.5 million (2017: £64.6 million) reflecting an increase in impairments for accelerated exits anticipated to occur on certain legacy assets.

Satisfactory performance from the ongoing business

We have a diversified business model

% contribution of operating profit* before taxation of the ongoing business

We continued to grow our key earnings drivers

Funds under management increased 6.5% to £160.6 billion – an increase of 6.2% on a currency neutral basis

Funds under management**

Customer accounts (deposits) increased 6.5% to £31.0 billion – an increase of 5.9% on a currency neutral basis

Core loans and advances increased 11.6% to £24.8 billion – an increase of 11.0% on a currency neutral basis

Customer accounts (deposits) and loans ongoing business**
Highlights (continued)

Supporting growth in operating income

Total operating income ongoing business

Increase in impairments largely driven by accelerated exits anticipated in the legacy portfolio

Impairments

Costs increased largely due to planned investment across the business

Operating costs increased reflecting: continued investment into IT and digital initiatives and higher headcount across divisions to support increased activity and growth strategies, notably the build out of the UK private client offerings. Cost growth in South Africa was somewhat offset by the pending acquisition of the South African head office building and the related provision no longer required.

Jaws ratio for the group ongoing business

Headcount

### Sound capital and liquidity principles maintained

**Continue to focus on:**
- Maintaining a high level of readily available, high-quality liquid assets targeting a minimum cash to customer deposit ratio of 25.0%, with the year-end ratio at 41.4%
- Diversifying funding sources
- Maintaining an appropriate mix of term funding
- Limiting concentration risk.

The intimate involvement of senior management ensures stringent management of risk and liquidity.

A well-established liquidity management philosophy remains in place.

The group’s loan to deposit ratios are as follows:
- Investec Limited: 77.4% (2017: 75.0%)
- Investec plc: 83.2% (2017: 78.2%).

Liquidity remains strong with cash and near cash balances amounting to £12.8 billion (2017: £12.0 billion).

Capital remained in excess of current regulatory requirements.

We are comfortable with our common equity tier 1 ratio target at a 10% level given the group’s significant capital light revenues, and leverage ratios for Investec Limited and Investec plc of 7.5% and 8.5% respectively.

The banking entities exceed the minimum regulatory requirements for the liquidity coverage ratio and the net stable funding ratio.
Contributing to society, macro-economic stability and the environment.

For Investec, corporate responsibility is about building our businesses to ensure we have a positive impact on the economic and social progress of communities and on the environment, while growing and preserving clients’ and stakeholders’ wealth based on strong relationships of trust. This commitment to corporate responsibility means integrating social, ethical and environmental considerations into our day-to-day operations. A key element of this is solid corporate governance that ensures sustainable management with a long-term vision.

For further information download the corporate responsibility report available on our website.

Financial review

An overview of the principal risks relating to our operations

The most material and significant risks we face, which the board and senior management believe could have an impact on our operations, financial performance, viability and prospects are summarised briefly below with further details provided in Investec’s 2018 integrated annual report. The board, through its various sub-committees, has performed a robust assessment of these principal risks. For additional information pertaining to the management and monitoring of these principal risks refer to volume two of the Investec 2018 integrated annual report. Regular reporting of these risks is made to senior management, the executives and the board at the group risk and capital committee (GRCC) and board risk and capital committee (BRCC).

The group’s board approved risk appetite framework is provided on page 46. The board recognises even with sound appetite and judgement that extreme events can happen that are completely outside of the board’s control. It is however, necessary to assess these events and their impact and how they may be mitigated by changing the risk appetite framework if necessary. It is policy to regularly carry out multiple stress testing scenarios which in theory test extreme, but plausible events and from that assess and plan what can be done to mitigate the potential outcome. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may in the future also negatively impact our business operations.

1. **The financial services industry** in which we operate is intensely competitive.
2. Market, business and general economic conditions and fluctuations could adversely affect our businesses in a number of ways.
3. We may be exposed to country risk i.e. the risk inherent in sovereign exposure and events in other countries.
4. Credit and counterparty risk exposes us to losses caused by financial or other problems experienced by our clients.
5. Unintended environmental, social and economic risks could arise in our lending and investment activities.
6. We may be exposed to investment risk in our unlisted and listed investment portfolios.
8. Liquidity risk may impair our ability to fund our operations.
9. Our net interest earnings and net asset value may be adversely affected by interest rate risk.
10. Operational risk (including financial crime, cybercrime and process failure) may disrupt our business or result in regulatory action.
11. We may be vulnerable to the failure of our systems and breaches of our security systems (including cyber and information security).
12. Employee misconduct could cause harm that is difficult to detect.
14. Compliance, legal and regulatory risks may have an impact on our business.
15. Retail conduct risk is the risk that we treat our customers unfairly and deliver inappropriate outcomes. Wholesale conduct risk is the risk of conducting ourselves inappropriately in the market.
16. We may have insufficient capital in the future and may be unable to secure additional financing when it is required.
17. We may be unable to recruit, retain and motivate key personnel.
18. We may be exposed to pension risks in our UK operations.
Financial review (continued)

Track record

Up 10.1% to 53.2 pence

Up 13.0% to £491.1 million

Adjusted earnings attributable to ordinary shareholders before goodwill, acquired intangibles and non-operating items

Core loans: up 10.7% to £25.1 billion since 31 March 2017 – an increase of 10.1% on a currency neutral basis*

Deposits: up 6.5% to £31.0 billion since 31 March 2017 – an increase of 5.9% on a currency neutral basis*

Up 6.5% to £160.6 billion since 31 March 2017 – an increase of 6.2% on a currency neutral basis*

Net inflows of £7.3 billion

* Currency neutral basis: calculation assumes that the group’s relevant closing exchange rates at 31 March 2018, as reflected on page 24, remain the same as those at 31 March 2017.
Financial review
(continued)

Financial targets

We have set the following target over the medium to long term:
Group ROE: 12% to 16% over a rolling five-year period in Pounds Sterling

We have set the following target over the medium to long term:
Group COI ratio: less than 65% in Pounds Sterling

Adjusted earnings per share (EPS) and dividends per share (DPS)

In the medium to long term, we aim to achieve adjusted EPS growth of 10% in excess of UK inflation (in Pounds Sterling). We continually strive to build and maintain a sustainable business model. We intend to maintain a dividend cover of between 1.7 to 3.5 times based on earnings per share as defined above, denominated in Pounds Sterling.

Total shareholders’ equity and capital adequacy ratios (CAR)

We intend to maintain a sufficient level of capital to satisfy regulatory requirements, as well as take advantage of opportunities that may arise in the financial services industry focusing on increasing our return on equity in the medium to long term. We target a capital adequacy ratio range of between 14% and 17% on a consolidated basis for Investec plc and Investec Limited, a minimum tier 1 ratio of 11% and a common equity tier 1 ratio above 10%. We also target a leverage ratio above 6.0%

* ROE is post-tax return on adjusted average shareholders' equity.
** Adjusted EPS before goodwill, acquired intangibles and non-operating items.
*** Investec Limited’s numbers have been reported in terms of Basel III since 31 March 2013, and Investec plc has been reporting in terms of Basel III since 31 March 2014.

Note:
The numbers shown in the financial targets graphs on this page are for the years ended 31 March, unless otherwise stated.
Exchange rates impact on statutory results

Our reporting currency is Pounds Sterling. Certain of our operations are conducted by entities outside the UK. The results of operations and the financial position of our individual companies are reported in the local currencies of the countries in which they are domiciled, including South African Rands, Australian Dollars, Euros and US Dollars. These results are then translated into Pounds Sterling at the applicable foreign currency exchange rates for inclusion in our combined consolidated financial results. In the case of the income statement, the weighted average rate for the relevant period is applied and, in the case of the balance sheet, the relevant closing rate is used.

The following table sets out the movements in certain relevant exchange rates against Pounds Sterling over the year.

<table>
<thead>
<tr>
<th>Currency per £1.00</th>
<th>Year end</th>
<th>Average</th>
<th>Year end</th>
<th>Average</th>
</tr>
</thead>
<tbody>

<td>1.31</td>
</tr>
</tbody>
</table>

Exchange rates between local currencies and Pounds Sterling have fluctuated over the year. The most significant impact arises from the volatility of the Rand. The average Rand: Pound Sterling exchange rate over the year has appreciated by 6.6% and the closing rate has appreciated by 0.9% since 31 March 2017.

Business profile
Investec is a focused specialist bank and asset manager striving to be distinctive in all that it does.

Our strategic goals and objectives are motivated by the desire to develop an efficient and integrated business on an international scale through the active pursuit of clearly established core competencies in our principal business areas. Our core philosophy has been to build well-defined, value-added businesses focused on serving the needs of select market niches where we can compete effectively.

We seek to maintain an appropriate balance between revenue earned from operational risk businesses and revenue earned from financial risk businesses. This ensures that we are not over reliant on any one part of our business to sustain our activities and that we have a large recurring revenue base that enables us to navigate through varying cycles and to support our long-term growth objectives.

Our current strategic objectives include increasing the proportion of our non-lending revenue base which we largely intend to achieve through the continued strengthening and development of our Wealth and Asset Management businesses.

* Subject to regulatory approval as per the group’s announcement made on 6 February 2018.
^ As from 1 April 2018 Richard Wainwright has replaced Ciaran Whelan as joint head of the Specialist Bank.
* Per the group’s announcement made on 6 February 2018, John Green and Mimi Ferrini will be deputy CEOs of Investec Asset Management from 1 April 2018, and from 1 October 2018 will become joint CEOs of the business.
* Stephen Koseff and Bernard Kantor will become non-executive directors of the group on 1 April 2019.
* Glynn Burger will retire as a group executive director on 31 March 2019.

For further information on the management succession changes announced by the group on 6 February 2018, refer to pages 49 and 50.
At Investec Asset Management, we believe in investing in a better tomorrow. We want to assist people around the globe to retire with dignity or meet their financial objectives by offering specialist, active investment expertise. We are a patient, organic, long-term business offering organically-developed investment capabilities through active segregated mandates or mutual funds to sophisticated clients. Our clients include some of the world’s largest private and public sector pension funds, financial institutions, corporates, foundations, central banks and intermediaries serving individual investors. Our business is to manage our clients’ investments to the highest standard possible by exceeding their investment and client service expectations.

It all began in South Africa in 1991. After more than twenty-seven years, we have grown to become a successful global investment management firm from the emerging markets. We continue to develop an owner culture and are committed to building a long-term intergenerational business.

Our investment team, of over 200 investment professionals, applies clear investment philosophies and processes across multiple asset classes. Our client group is organised across five geographically defined units serving our clients around the globe. These teams are supported by our global investment and operational structure.

**Further detail on the Wealth & Investment management structure is available on our website:** [www.investec.com](http://www.investec.com)

**Our value proposition**

- Investec Wealth & Investment has been built via the acquisition and integration of businesses and organic growth over a long period of time.
- Well-established platforms in the UK, South Africa, Switzerland, Republic of Ireland and Guernsey.
- The business has five distinct channels: direct, intermediaries, charities, international and digital.
- Strategy to internationalise within jurisdictions where the Investec group already has an established business.
- Focus is on organic growth in our key markets and enhancing our range of services for the benefit of our clients.
## What we do

### UK and Other

#### Investment and savings
- Discretionary and advisory portfolio management services for private clients
- Specialist investment management services for charities, pension schemes and trusts
- Independent financial planning advice for private clients
- Specialist portfolio management services for international clients

#### Pensions and retirement
- Discretionary investment management for company pension and Self Invested Personal Pensions (SIPPs)
- Advice and guidance on pension schemes.

#### Financial planning
- Estate planning
- Retirement planning
- Bespoke advice and independent financial reviews.

The UK operation is conducted through Investec Wealth & Investment Limited. The other Wealth & Investment operations are conducted through Investec Bank Switzerland, Investec Wealth & Investment Ireland, Investec Wealth & Investment Channel Islands and in Hong Kong, through Investec Capital Asia Limited.

Over 1,300 staff operate from offices located throughout the above jurisdictions, with combined funds under management of £36.9 billion. Investec Wealth & Investment is one of the UK’s leading providers of private client investment management services.

### South Africa

Investec Wealth & Investment South Africa provides portfolio management, wealth management and stockbroking services for private clients, charities, pension funds and trusts. Operating from eight offices across South Africa with R115.3 billion of discretionary and annuity managed assets and a further R202.6 billion of funds under various other forms of administration.

## Where we operate

### UK and Other
- Brand well recognised
- Established platforms and distribution in the UK, Switzerland, Republic of Ireland, Guernsey and Hong Kong
- One of the UK’s leading private client investment managers
- Proven ability to attract and recruit investment managers
- Newly launched digital investment offering, Investec Click & Invest

### South Africa and Mauritius
- Strong brand and positioning
- Largest player in the South African market
- Developing Wealth & Investment capability in Mauritius
Specialist Banking

Specialist expertise delivered with dedication and energy.

Our specialist teams are well positioned to provide services for both personal and business needs across Corporate and Institutional Banking, Investment and Private Banking activities.

Our value proposition
- High-quality specialist banking solution to corporate and private clients with leading positions in selected areas
- Provide high-touch personalised service – ability to execute quickly
- Ability to leverage international, cross-border platforms
- Well positioned to capture opportunities between the developed and the emerging world – internationally mobile
- Strong ability to originate, manufacture and distribute
- Balanced business model with good business depth and breadth.

---

^ A large portion of the funds under management are non-discretionary funds.

^\^ The average income yield on funds under management represents the total operating income for the period as a percentage of the average of opening and closing funds under management. This calculation does not take into account the impact of market movements throughout the period on funds under management or the timing of acquisitions and disposals during the respective periods.

^^ “Other” comprises the Wealth operations in Switzerland, the Republic of Ireland, the Channel Islands, and Hong Kong. Excluding “Other”, Investec Wealth & Investment UK has an operating margin of 23.2% (2017: 26.8%).

^ Divisional ROEs are reported on a pre-tax basis. For the purpose of this calculation we have applied the group’s effective tax rate in its respective geographies to derive post-tax numbers. For 31 March 2018 in South Africa we have applied a “normalised” tax rate of 18%. Capital allocated to the Specialist Bank as at 31 March 2018 was c.£1.5 billion in the UK and c.R35 billion in South Africa.

^^ Impacted by sale of assets.

* Excludes group costs.

# Includes UK, other non-Southern African jurisdictions and the legacy businesses.

Refer to pages 109 and 110 in volume one of Investec’s 2018 integrated annual report for further information on the group’s investment activities in South Africa.
Business highlights

Operating profit before goodwill, acquired intangibles, non-operating items and after other non-controlling interests

Our operating profit before goodwill, acquired intangibles, non-operating items, taxation and after other non-controlling interests increased by 1.4% from £599.1 million to £607.5 million.

The following tables set out information on operating profit before goodwill, acquired intangibles, non-operating items, taxation and after other non-controlling interests by geography and by division for the year under review.

**Group risk management objectives are to:**

- Ensure adherence to our risk management culture
- Ensure the business operates within the board-approved risk appetite
- Support the long-term sustainability of the group by providing an established, independent framework for identifying, evaluating, monitoring and mitigating risk
- Set, approve and monitor adherence to risk parameters and limits across the group and ensure they are implemented and adhered to consistently
- Aggregate and monitor our exposure across risk classes
- Coordinate risk management activities across the organisation, covering all legal entities and jurisdictions
- Give the boards reasonable assurance that the risks we are exposed to are identified and appropriately managed and controlled
- Run appropriate risk committees, as mandated by the board.

**Statement from the chairman of the group risk and capital committee**

**Philosophy and approach to risk management**

The board risk and capital committee (comprising both executive and non-executive directors) meets six times per annum and approves the overall risk appetite for the Investec group. The group risk and capital committee, comprising of executive directors and executive management is chaired by the CEO. All members and chairman of this committee are appointed by the board risk and capital committee. The group’s risk appetite statement sets broad parameters relating to the board’s expectations around performance, business stability and risk management. The board ensures that there are appropriate resources to manage the risk arising from running our businesses.

Our comprehensive risk management process involves identifying, quantifying, managing and mitigating the risks associated with each of our businesses.

Risk awareness, control and compliance are embedded in all our day-to-day activities. As fundamental to our values, we have a strong and embedded risk and capital management culture.

Group risk management monitors, manages and reports on our risks to ensure that they are within the stated risk appetite mandated by the board of directors through the board risk and capital committee.

We monitor and control risk exposure through independent credit, market, liquidity, operational, legal risk, internal audit and compliance teams. This approach is core to assuming a tolerable risk and reward profile, helping us to pursue controlled growth across our business.

Group risk management operates within an integrated geographical and divisional structure, in line with our management approach, ensuring that the appropriate processes are used to address all risks across the group. There are specialist divisions in the UK and Southern Africa and smaller risk divisions in other regions tasked with promoting sound risk management practices.

Risk management units are locally responsive yet globally aware. This helps to ensure that all initiatives and businesses operate within our defined risk parameters and objectives, continually seeking new ways to enhance techniques.

We believe that the risk management systems and processes we have in place are adequate to support the group’s strategy (as explained on page 4 and 5) and allow the group to operate within its risk appetite tolerance as set out on page 46.

**A summary of the year in review from a risk perspective**

Our executive management are integrally involved in ensuring stringent management of risk, liquidity, capital and conduct. The primary aim is to achieve a suitable balance between risk and reward in our business, particularly in the context of prevailing market conditions and group strategy.

Succession of the group’s executive management team has been an ongoing focus area for the board with the group’s initial announcement in this regard made in November 2015. Since that date, the board has implemented a number of processes to ensure an orderly management succession process. Leadership and talent development remain high priority areas for the board and management of Investec.

As part of the group’s orderly succession plan to move from founding members to the next generation of leadership, a number of board and management changes have been announced. These are disclosed on pages 49 and 50. The process has been well managed and there has been no negative impact on the group’s operations.

Although the macro-environment continues to present challenges, the group was able to maintain sound asset performance and risk metrics throughout the year in review. Our risk appetite framework as set out on page 46 continues to be assessed in light of prevailing market conditions and group strategy.

In the year under review, the UK continued to negotiate the terms under which it would leave the European Union. The UK economy continues to be resilient, reflected in the levels of client activity we continue to see. Certain areas of the UK economy are beginning to signal signs of pressure. We are able to adjust our risk appetite and closely monitor any new lending in areas that may come under pressure in the medium-term. We are closely monitoring political developments with respect to Brexit and have continued to evaluate any changes we may need to make to adapt to the new legal and regulatory landscape that emerges.

In September 2017, Investec Bank plc’s long-term deposit rating was upgraded by Fitch to BBB+ (stable outlook) and Moody’s changed both the outlook on the bank to...
positive (A2, positive outlook) and also the outlook on Investec plc’s ratings to positive (Baa1, positive outlook).

In South Africa the economy faced major headwinds throughout 2017, driven by escalating political risks, which had negative effects on the real economy. Concerns over the South African economy persisted throughout the year and peaked ahead of the ANC National Elective Conference in December 2017. Subsequent to that, Cyril Ramaphosa was elected President of the ANC, the ruling party. The announcement of a change of leadership within the ruling party was favourably received by investors. In response to these developments, Moody’s left Southern Africa’s international long-term credit ratings unchanged at investment grade (Baa3), upgrading the sovereign’s outlook from negative to stable, ending the review for downgrade that started in November 2017.

Investec Bank Limited’s ratings continued to track rating adjustments to the South African sovereign rating during the course of the year. The bank’s national long-term ratings remain sound at Aa1.za from Moody’s, A(A2)af from Fitch and za.AA- from Standard & Poor’s.

Our core loan book growth over the year in home currencies was 8.7% in South Africa, and 12.4% in the UK. Growth in our books has been well diversified across our residential owner-occupied mortgage portfolios, private client and corporate client lending portfolios as well as selective lending collateralised by property, with loan to values at conservative levels.

Our credit exposures are to a select target market, comprising high-income and high net worth individuals, established corporates, and medium-sized enterprises. Our risk appetite continues to favour lower risk, income-based lending, with exposures well collateralised and credit risk taken over a short to medium term.

Our focus over the past few years to realign and rebalance our portfolios in line with our risk appetite framework is reflected in the relative changes in asset classes on our balance sheet; showing an increase in private client and corporate and other lending, and a reduction in lending collateralised by property as a proportion of our book. Our core loan book remains well diversified with commercial rent producing property loans comprising approximately 12% of the book, other lending collateralised by property 6%, high net worth and private client lending 39.5% and corporate lending 43% (with most industry concentrations well below 5%).

The group has minimal exposure to the agriculture and construction sectors in South Africa, and our overall group exposure to mining and resources amounts to 2% of our credit and counterparty exposures.

Overall net defaults of the group are at a manageable level, amounting to 3.8% and 11.2% of our tier 1 equity in Investec Limited and Investec plc respectively, with total impairments amounting to 19.6% of the group’s pre-provision operating profit. The percentage of default loans (net of impairments but before taking collateral into account) to core loans and advances amounted to 1.17% (2017: 1.22%). The ratio of collateral to default loans (net of impairments) remains satisfactory at 1.72 times (2017: 1.35 times).

We reported an increase in the level of impairments taken on our South African portfolio, but remain comfortable with the overall performance of the book, as the credit loss ratio amounted to 0.28% (2017: 0.29%). Default loans (net of impairments) as a percentage of core loans and advances improved from 1.02% to 0.56% with absolute levels of defaults decreasing year on year due to asset write-offs mainly in the corporate portfolio.

In the UK, ongoing asset quality continues to reflect the solid performance of the book. The credit loss ratio on an ongoing basis amounted to 0.24% (2017: 0.27%). The legacy portfolio makes up 3.2% of net core loan exposures at 31 March 2018 (31 March 2017: 5.5%). Gross defaults on the overall UK book including legacy and ongoing totalled £360.6 million at 31 March 2018 (31 March 2017: £260.3 million) largely due to legacy loans. Defaulted exposures are well covered by impairments. The credit loss ratio on the overall UK book amounted to 1.14% (2017: 0.90%, 2016: 1.13%) in anticipation of accelerated exits on certain assets in the legacy portfolio.

Legacy exposures have reduced by 34.3% to £313 million (net of impairments) at 31 March 2018. Non-performing exposures are well covered by impairments and total net defaults in the legacy book amounted to £90 million.

Our client-driven private equity portfolios in the UK and Southern Africa delivered a sound performance. Overall, we remain comfortable with the performance of our investment and equity risk exposures which comprise 4.1% of total assets.

Market risk within our trading portfolio remains modest with value at risk and stress testing scenarios remaining at prudent levels. Proprietary risk is limited.

We continue to spend much time and effort focusing on conduct, reputational, operational, recovery and resolution risks. Financial and cyber crime remain high priorities, and Investec continually aims to strengthen its systems and controls in order to manage cyber risk as well as meet its regulatory obligations to combat money laundering, bribery and corruption.

Investec has continued to maintain a sound balance sheet with a low gearing ratio of 9.1 times and a core loans to equity ratio of 4.6 times. Our current leverage ratios for Investec Limited and Investec plc are at 7.5% and 8.5% respectively, ahead of the group’s minimum 6% target level.

We have always held capital well in excess of regulatory requirements and we intend to perpetuate this philosophy. Investec plc’s common equity tier 1 ratio is at 11.0% at 31 March 2018 and Investec Limited’s improved to 10.2% ahead of our group CET 1 target of greater than 10% and in excess of regulatory minimums. Capital continued to grow and we are comfortable that credit growth is in line with our risk appetite framework and supported by sound risk metrics. We believe that a common equity tier 1 ratio in excess of 10% is appropriate for our businesses, given our sound leverage ratios and significant capital light revenues, and we will continue to build our business in a manner that achieves this target.

In South Africa, we have applied to the South African Prudential Authority (previously known as the Banking Supervision Division of the South African Reserve Bank) for approval to implement the Foundation Internal Ratings-Based (AIRB) approach for certain wholesale portfolios, a transitional step to implementing the Advanced Internal Ratings-Based (AIRB) approach. Subject to approval from the South African Prudential Authority, we expect to implement FIRB in 2019 in the calculation of credit risk regulatory capital. Through the preparation process for the application Investec has enhanced a number of rating systems and risk quantification models. In addition, once approved, we are expecting a positive impact on capital ratios in applying this approach.

Investec corporate profile 2018
Risk management (continued)

In December 2017, the Bank of England (BoE) re-confirmed the preferred resolution strategy for Investec Bank plc as the bank insolvency (special administration) procedure under the Investment Bank Special Administration Regulations 2011 – otherwise known as ‘modified insolvency’. As the resolution strategy is ‘modified insolvency’, the BoE has therefore set Investec’s minimum requirement for own funds and eligible liabilities (MREL) requirement as equal to its regulatory capital requirements.

Holding a high level of readily available, high quality liquid assets remains paramount in the management of our balance sheet. We continue to maintain a low reliance on interbank wholesale funding to fund core lending asset growth. Cash and near cash balances amounted to £12.8 billion at year end, representing 41.4% of customer deposits.

In the UK, a strong liquidity position has continued to be maintained throughout the year with liabilities growing to support strong asset growth. Funding rates have continued to reduce as we benefitted from additional cost-effective term funding including drawings on the BoE’s Term Funding Scheme. For Investec plc and Investec Bank plc (solo basis), the Liquidity Coverage Ratio (LCR) is calculated using our own interpretations of the EU Delegated Act. The LCR reported to the Prudential Regulation Authority (PRA) at 31 March 2018 was 306% for Investec plc and 301% for Investec Bank plc (solo basis) which is well ahead of the regulatory minimum of 100%. Ahead of the implementation of the final Net Stable Funding Ratio (NSFR) rules, the group has applied its own interpretations of regulatory guidance and definitions from the Basel Committee of Banking Supervision (BCBS) final guidelines, to calculate the NSFR which was 142% for Investec plc and 133% for Investec Bank plc (solo basis), well ahead of the future regulatory minimum of 100%. The reported LCR and NSFR may change over time with regulatory developments and guidance.

In South Africa, we maintained a strong liquidity position and continued to hold high levels of surplus liquid assets. During the past financial year Investec Bank Limited responded to external political uncertainty by concluding its $600 million long-term foreign currency funding programme in September 2017. It raised a further $550 million using a combination of repos, sub-debt issuances and long-term cross currency swaps. The majority of our foreign currency funding is used to augment our already strong cash balances. Investec grew its total customer deposits by 6.1% from R303 billion to R322 billion as at 31 March 2018. Cash and near cash balances amounted to R16.5 billion at 31 March 2018 (31 March 2017: R117.6 billion).

Investec Bank Limited (solo basis) ended the financial year with the three-month average of its LCR at 133.9%, which is well ahead of the minimum regulatory level of 90% required. The NSFR has become a regulatory requirement as of January 2018. The NSFR for Investec Bank Limited (solo basis) amounted to 108.4% as at 31 March 2018, comfortably above the 100% regulatory minimum.

On 11 December 2017 the group released an announcement on the Johannesburg Stock Exchange in relation to its exposures to Steinhoff International Holdings NV (Steinhoff), its subsidiaries and related entities. Trading and investment losses incurred in respect of these exposures amounted to R220 million (approximately £13 million) in the current financial year, less than the estimate referred to in the December announcement. As noted in that announcement, Investec has credit exposures largely to Steinhoff Africa Holdings Proprietary Limited subsidiaries and Steinhoff Africa Retail Limited, which represent a small portion of the group’s balance sheet. Based on the information currently available to the group, Investec is not expecting to suffer any losses on these exposures.

Investec’s stress testing framework is well embedded in its operations and is designed to identify and regularly test the group’s key ‘vulnerabilities under stress’. A fundamental part of the stress testing process is a full and comprehensive analysis of all the group’s business activities, incorporating views from risk, the business and the executive – a process called the ‘bottom-up’ analysis. Resulting from the ‘bottom-up’ analysis, the Investec-specific stress scenarios are designed to specifically test the unique attributes of the group’s portfolio. The key is to understand the potential threats to our sustainability and profitability and thus a number of risk scenarios are developed and assessed. These Investec specific stress scenarios form an integral part of our capital planning process. The stress testing process also informs the risk appetite review process and the management of risk appetite limits and is a key risk management tool of the group. This process allows the group to proactively identify underlying risks and manage them accordingly.

During the year, a number of stress scenarios were considered and incorporated into our processes. These included, for example, the impact of a corporate stress and protracted weak growth; and a potential domestic political and household shock.

The board, through its various risk and capital committees, continued to assess the impact of its principal risks and the above mentioned stress scenarios on its business. The board has concluded that the group has robust systems and processes in place to manage these risks and that, while under a severe stress scenario business activity would be very subdued, the group would continue to maintain adequate liquidity and capital balances to support the continued operation of the group.

For our viability statement refer to pages 163 to 165 in volume one of Investec’s 2018 integrated annual report.

IFRS 9 is effective from 1 April 2018. IFRS 9 replaces IAS 39 and sets out the new requirements for the recognition and measurement of financial instruments. These requirements focus primarily on the classification and measurement of financial instruments and measurement of impairment losses based on an expected credit loss (ECL) model. Investec plc confirmed to the PRA and Investec Limited confirmed to the South African Prudential Authority that each will use the transitional arrangements to absorb the full impact permissible of IFRS 9 in regulatory capital calculations. Further information on the impact of IFRS 9 is provided in the accounting policies section on page 39 in volume 3 of Investec’s 2018 integrated annual report. In addition, the group has published its detailed transitional disclosures on 29 June 2018 separately from its annual report and these can be found on the group’s website.

Conclusion

The group has achieved a satisfactory operating performance, supported by solid levels of client activity and a robust recurring income base. We are comfortable that we have robust risk management processes and systems in place. Whilst the complexities of Brexit continue to cause uncertainty in the UK economy, the underlying book continues to perform well and in line with our risk appetite tolerance. The final quarter of the 2018 financial year has started to see an uplift in the South African economic outlook.

Signed on behalf of the board

Stephen Koseff
Chairman of the group risk and capital committee

\(^*\) Income statement impairment charge on core loans as a percentage of average advances.

\(^*\) Total assets excluding assurance assets.

\(^*\) The group numbers have been “derived” by adding Investec plc and Investec Limited (Rand converted into Pounds Sterling) numbers together.

\(^*\) Total assets excluding assurance assets to total equity.

\(^*\) Where return represents operating profit after taxation and non-controlling interests and after deducting preference dividends, but before goodwill, acquired intangibles and non-operating items. Average balances are calculated on a straight-line average.

\(^*\) The capital adequacy disclosures follow Investec’s normal basis of presentation so as to show a consistent basis of calculation across the jurisdictions in which the group operates. For Investec plc and IBP this does not include the deduction of foreseeable charges and dividends when calculating the CET 1 ratio as required under the Capital Requirements Regulation and European Banking Authority technical standards. The impact of this deduction totalling £65 million for Investec plc and £18 million for IBP would lower the CET 1 ratio by 45bps and 13bps respectively.

Certain information is denoted as n/a as these statistics are not applicable at a consolidated group level and are best reflected per banking entity.
Overall group risk appetite

The group has a number of board-approved risk appetite statements and policy documents covering our risk tolerance and approach to our principal aspects of risk. In addition, a number of committees and forums identify and manage risk at a group level. The group risk appetite statement and framework sets out the board’s mandated risk appetite. The group risk appetite framework acts as a guide to determine the acceptable risk profile of the group by the owners of the group’s capital. The group risk appetite statement ensures that limits/targets are applied and monitored across all key operating jurisdictions and legal entities. The group risk appetite statement is a high-level, strategic framework that supplements and does not replace the detailed risk policy documents at each entity and geographic level. The group risk appetite framework is a function of business strategy, budget and capital processes, our stress testing reviews and the regulatory and economic environment in which the group is operating. The group risk appetite framework is reviewed (in light of the above aspects) and approved at least annually or as business needs dictate. A documented process exists where our risk profile is measured against our risk appetite and this positioning is presented to the group risk and capital committee, board risk and capital committee and the board.

The table below provides a high-level summary of the group’s overall risk tolerance framework.

<table>
<thead>
<tr>
<th>Risk appetite and tolerance metrics</th>
<th>Positioning at 31 March 2018</th>
</tr>
</thead>
<tbody>
<tr>
<td>• We seek to maintain an appropriate balance between revenue earned from capital light and capital intensive activities. Ideally capital light revenue should exceed 50% of total operating income, dependent on prevailing market conditions</td>
<td>Capital light activities contributed 56% to total operating income and capital intensive activities contributed 44%</td>
</tr>
<tr>
<td>• We have a solid annuity income base supported by diversified revenue streams, and target an annuity income ratio in excess of 65%</td>
<td>Annuity income amounted to 76.2% of total operating income.</td>
</tr>
<tr>
<td>• We seek to maintain strict control over fixed costs and target a group cost to income ratio of below 65%</td>
<td>The cost to income ratio amounted to 66.9%.</td>
</tr>
<tr>
<td>• We aim to build a sustainable business generating sufficient return to shareholders over the longer term, and target a long-term return on equity ratio range of between 12% and 16%, and a return on risk-weighted assets in excess of 1.2%</td>
<td>The return on equity amounted to 12.1% and our return on risk-weighted assets amounted to 1.45%.</td>
</tr>
<tr>
<td>• We are a lowly leveraged firm and target a leverage ratio in all our banking subsidiaries in excess of 6.0%</td>
<td>We achieved this internal target.</td>
</tr>
<tr>
<td>• We intend to maintain a sufficient level of capital to satisfy regulatory requirements and our internal target ratios. We target a capital adequacy ratio range of between 14% and 17% on a consolidated basis for Investec plc and Investec Limited and we target a minimum tier 1 ratio of 11% and a common equity tier 1 ratio above 10%</td>
<td>Investec plc and Investec Limited meet all these targets. Capital has grown over the period.</td>
</tr>
<tr>
<td>• We target a diversified loan portfolio, lending to clients we know and understand. We limit our exposure to a single/connected individual or company to 7.5% for Investec plc total common equity tier 1 and 5% of tier 1 capital for Investec Limited (up to 10% if approved by the relevant board committee). We also have a number of risk tolerance limits and targets for specific asset classes</td>
<td>We maintained this risk tolerance level in place throughout the year.</td>
</tr>
<tr>
<td>• There is a preference for primary exposure in the group’s main operating geographies (i.e. Southern Africa and UK). The group will accept exposures where we have a branch or local banking subsidiary and tolerate exposures to other countries where we have developed a local understanding and capability or we are facilitating a transaction for a client who requires facilities in a foreign geography</td>
<td>Refer to page 17 in volume two of Investec’s 2018 integrated annual report for further information.</td>
</tr>
<tr>
<td>• We target a credit loss ratio on core loans of less than 0.5% of average core advances, and we target defaults net of impairments less than 2% and 1.5% of total net core loans for Investec plc and Investec Limited respectively</td>
<td>The credit loss ratio on core loans amounted to 0.61% (0.26% excluding the legacy portfolio) and defaults net of impairments amounted to 1.17% of total core loans (1.02% excluding the legacy portfolio).</td>
</tr>
<tr>
<td>• We carry a high level of liquidity in all our banking subsidiaries in order to be able to cope with shocks to the system, targeting a minimum cash to customer deposit ratio of 25%</td>
<td>Total cash and near cash balances amounted to £12.8 billion at year end representing 41.4% of customer deposits.</td>
</tr>
<tr>
<td>• We have modest market risk as our trading activities primarily focus on supporting client activity and our appetite for proprietary trading is limited. We set an overall tolerance level of a one-day 95% VaR of less than R15 million for Investec Limited and less than £5 million for Investec plc</td>
<td>We meet these internal limits; one-day 95% VaR was £0.5 million for Investec plc and R3.4 million for Investec Limited at 31 March 2018.</td>
</tr>
<tr>
<td>• We have moderate appetite for investment risk, and set a risk tolerance of less than 30% of common equity tier 1 capital for our unlisted principal investment portfolio for Investec plc. For Investec Limited, a risk tolerance of less than 12.5% has been set, excluding the group’s holding in the IEP Group Proprietary Limited (IEP Group)</td>
<td>Our unlisted investment portfolios amounted to R3 940 million and £417 million for Investec Limited (excluding the IEP group) and Investec plc respectively, representing 10.6% of total tier 1 for Investec Limited and 27.4% of common equity tier 1 for Investec plc.</td>
</tr>
<tr>
<td>• Our operational risk management teams focus on improving business performance and compliance with regulatory requirements through review, challenge and escalation. We have heightened focus on financial and cyber crime</td>
<td>Refer to pages 74 to 77 in volume two of Investec’s 2018 integrated annual report for further information.</td>
</tr>
<tr>
<td>• We have a number of policies and practices in place to mitigate reputational, legal and conduct risks</td>
<td>Refer to pages 77 to 78 in volume two of Investec’s 2018 integrated annual report for further information.</td>
</tr>

### Credit ratings

In terms of our dual listed companies structure, creditors are ring-fenced to either Investec Limited or Investec plc as there are no cross-guarantees between the companies. Capital and liquidity are prohibited from flowing between the two entities and thus capital and liquidity are not fungible. As a result the ratings agencies have assigned separate ratings to the significant banking entities within the group, namely Investec Bank plc and Investec Bank Limited. Rating agencies have also assigned ratings to the holding companies, namely, Investec plc and Investec Limited. Our ratings at 12 June 2018 are as follows:

<sup>▼</sup> Negatively impacted by the downgrade of the South African sovereign rating to non-investment grade.
Corporate governance

Investec’s culture, values and philosophies provide the framework for how we conduct our business and measure behaviour and practices to ensure that we demonstrate the characteristics of good governance. Our values require that directors and employees act with moral strength and integrity, and conduct themselves to the highest ethical standard to promote and maintain trust.

Sound corporate governance is therefore implicit in our values, culture, processes, functions and organisational structure. Structures are designed to ensure that our values remain embedded in all businesses and processes. We continually refine these structures and a written statement of values serves as our code of ethics.

We operate under a DLC structure, and consider the corporate governance principles and regulations of both the UK and South Africa before adopting the appropriate standard for the group which also complies with requirements in both jurisdictions. All international business units operate in accordance with the above determined corporate governance requirements, in addition to those of their jurisdiction, but with clear adherence at all times to group values and culture.

* F Titì stepped down as chairman of the board on 15 May 2018.
** PKO Crosthwaite was appointed as chairman of the board on 15 May 2018.
Management and board succession

Stephen Koseff (chief executive officer of the Investec group), Bernard Kantor (managing director (MD) of the Investec group) and Glynn Burger (risk and finance director of the Investec group) are part of the “founding members” of Investec and for almost 40 years, together with the board and the group’s senior management team, have steered the group to becoming an internationally recognised specialist bank and asset manager.

As part of the group’s succession plan and orderly transition from the founding members to the next generation of leadership, the following management and board succession changes have and shall be implemented subject to regulatory approval:

Investec Limited and Investec plc board – executive director changes

Stephen Koseff and Bernard Kantor will step down from their roles on 1 October 2018. From that date until 31 March 2019 they will continue to serve as executive directors and be available to provide support and advice to the incoming executives. As from 1 April 2019 they will become non-executive directors.

Glynn Burger, group risk and finance director, will retire on 31 March 2019. Glynn remains available and willing to assist in any capacity that the new management team require him for.

Fani Titi who has been a non-executive director on the Investec group board since January 2004 and chairman of the group since November 2011, and Hendrik du Toit the founding CEO of Investec Asset Management and an executive director of the group since December 2010, have been appointed as Joint CEO designates on 1 April 2018. On 1 October 2018 they will become joint CEOs of the group and will be held jointly accountable and responsible for the leadership and management of the Investec group. Hendrik will remain CEO of Investec Asset Management until 30 September 2018 to ensure an orderly transition in this business.

Kim McFarland, chief operating officer (COO) and chief financial officer (CFO) of Investec Asset Management since December 1993, will take over as group finance and operations director on 1 April 2019. Kim will continue with her duties as COO and CFO of Investec Asset Management until 31 March 2019 to support an orderly transition in this business.

Ciaran Whelan, who has held various senior positions globally with the Investec group over the past 30 years, and who is currently global joint head of the Specialist Bank and Global Head of Private Banking, will succeed Glynn Burger as director of risk on 1 April 2019. Ciaran will remain the global head of the Private Bank until 31 March 2019.

During the transition period Stephen, Bernard and Glynn will work closely with the new executive designates to ensure a smooth and orderly transition.

Investec Limited and Investec plc board – non-executive director changes

Fani Titi has stepped down as group chairman.

Perry Crosthwaite, the Investec group’s senior independent non-executive director has been appointed as chairman of the group on 15 May 2018. Perry Crosthwaite was appointed as a non-executive director of the board in June 2010.

Perry’s biography follows later in this report.

Perry Crosthwaite has stepped down as chairman of the remuneration committee with Philip Hourquebie assuming the position on 1 April 2018. Philip was appointed as a non-executive director of the board in August 2017.

Philip’s biography follows later in this report.

Zarina Bassa has been appointed as the group’s senior independent non-executive director on 1 April 2018. Zarina was appointed as a non-executive director of the board in November 2014.

Zarina’s biography follows later in this report.

Chairman of Investec Bank Limited and Investec Bank plc

Fani Titi has stepped down as chairman of Investec Bank Limited with Khumo Shueryane assuming this position on 15 May 2018. Khumo has been a director of Investec Bank Limited since August 2014.

Fani Titi has stepped down as chairman of Investec Bank plc with Brian Stevenson assuming this position on 15 May 2018. Brian has been a director of Investec Bank plc since September 2016.

Global divisional management

John Green and Mimi Ferrini became deputy CEOs of Investec Asset Management on 1 April 2018 and from 1 October 2018, will assume the roles of Joint CEOs of the business.

David van der Walt and Richard Wainwright remain CEOs of Investec Bank plc and Investec Bank Limited, respectively.

David van der Walt will remain joint global head of the Specialist Bank together with Richard Wainwright who replaced Ciaran Whelan in this role on 1 April 2018.

Steve Elliott remains global head of Investec Wealth & Investment.

Nishlan Samujh, the current global group CFO, will remain in his role.

1. The LSE only include the shares in issue for Investec plc, i.e. currently 669.8 million, in calculating market capitalisation, as Investec Limited is not incorporated in the UK.
2. Calculations are based on the group’s consolidated earnings per share before goodwill, acquired intangibles and non-operating items; and dividends per share as prepared in accordance with IFRS and denominated in Pounds Sterling.
3. The JSE have agreed to use the total number of shares in issue for the combined group, comprising Investec plc and Investec Limited, in calculating market capitalisation, i.e. currently a total of 580.6 million shares in issue.
