What is the aim of the Investec Kick-Out Plan?

The aim is to increase the value of your investment after 5 years, or earlier if the Plan kicks-out. The 'Kick-Out' is an early maturity of the Plan where you will receive back your initial investment and a pre-defined return.

Investment Return

The Plan is designed to repay your initial investment and deliver a return if the EURO STOXX 50[®] increases over the Observation Period. There is also potential for the Plan to 'Kick-Out' depending on the performance of the EURO STOXX 50[®] i.e. if the Plan matures early, 100% of your initial investment plus a pre-defined return will be paid out to you.

- If at the end of years 1, 2, 3 or 4 the EURO STOXX 50[®] is above 95% of the Initial Index Level, the Plan will mature early (Kick-Out) with a fixed payment of 6% per annum not compounded.
- If the Plan does not mature early (Kick-Out) and runs for the full 5 years, the return is 100% of any EURO STOXX 50[®] growth provided the Final Index Level is above the Initial Index Level.

The Plan aims to return your initial investment at maturity. If the EURO STOXX 50[®] finishes below its Initial Index Level (closing level of the EURO STOXX 50[®] Index on the Start Date), provided the Index has not fallen below 60% of its Initial Index Level at any point during the Observation Period, the Plan will return your initial investment at maturity with no growth. However, if the EURO STOXX 50[®] falls below 60% of the Initial Index Level at any point during the Observation Period and finishes lower than the Initial Index Level, your initial investment will be reduced by 1% for every 1% fall in the EURO STOXX 50[®] at the end of the Plan Term.

Warning: Past performance is not a reliable guide to future performance. The value of your investment may go down as well as up.

Investment Summary

Plan Term

The investment is for a maximum term of 5 years with the potential to mature early on any Kick-Out Date(s).

Risk to Initial Investment

Your capital is at risk if Investec Bank plc (as Issuer of the Securities) fails or becomes insolvent. If the EURO STOXX 50[®] falls by more than 40% from the Initial Index Level at any point during the Observation Period and finishes lower than the Initial Index Level, your initial investment will be reduced by 1% for every 1% fall in the EURO STOXX 50[®] at the end of the Plan Term.

Your commitment

You must be able to commit a sum of at least €20,000 for the full 5 years. The maximum investment amount is €2,000,000.

Plan overview

The Plan is designed to repay your initial investment and deliver a return if the EURO STOXX 50[®] increases over the Observation Period.

There is also potential for the Plan to 'Kick-Out' depending on the performance of the EURO STOXX 50[®]. This means the Plan matures early, returning your initial investment plus a pre-defined return.

What are you investing in?

You are investing in a 5 year securities-based Plan and your money will be used to buy Securities issued by Investec Bank plc. Securities are a type of debt issued by a bank. In effect you are lending money to Investec Bank plc for the duration of the Plan. The Securities are designed to generate the Plan returns and Investec Bank plc is legally obliged to pay to you the Plan returns.

Plan Manager

The Plan Manager is Investec Europe Limited and its successors, assigns and transferees. Investec Europe Limited is authorised and regulated by the Central Bank of Ireland. The Plan Manager is responsible for the packaging and distribution of the Plan. This includes arranging custody of the securities on your behalf, communicating with you and paying any proceeds of the Plan to you at maturity.

Issuer

The issuer of the Securities is Investec Bank plc (incorporated in England and Wales under registered number 00489604), which is authorised by the Prudential Regulation Authority (PRA) and regulated by the Financial Conduct Authority (FCA) and The Prudential Regulation Authority (PRA) registered No. 172330.

About the Index

What is the EURO STOXX 50 Index?

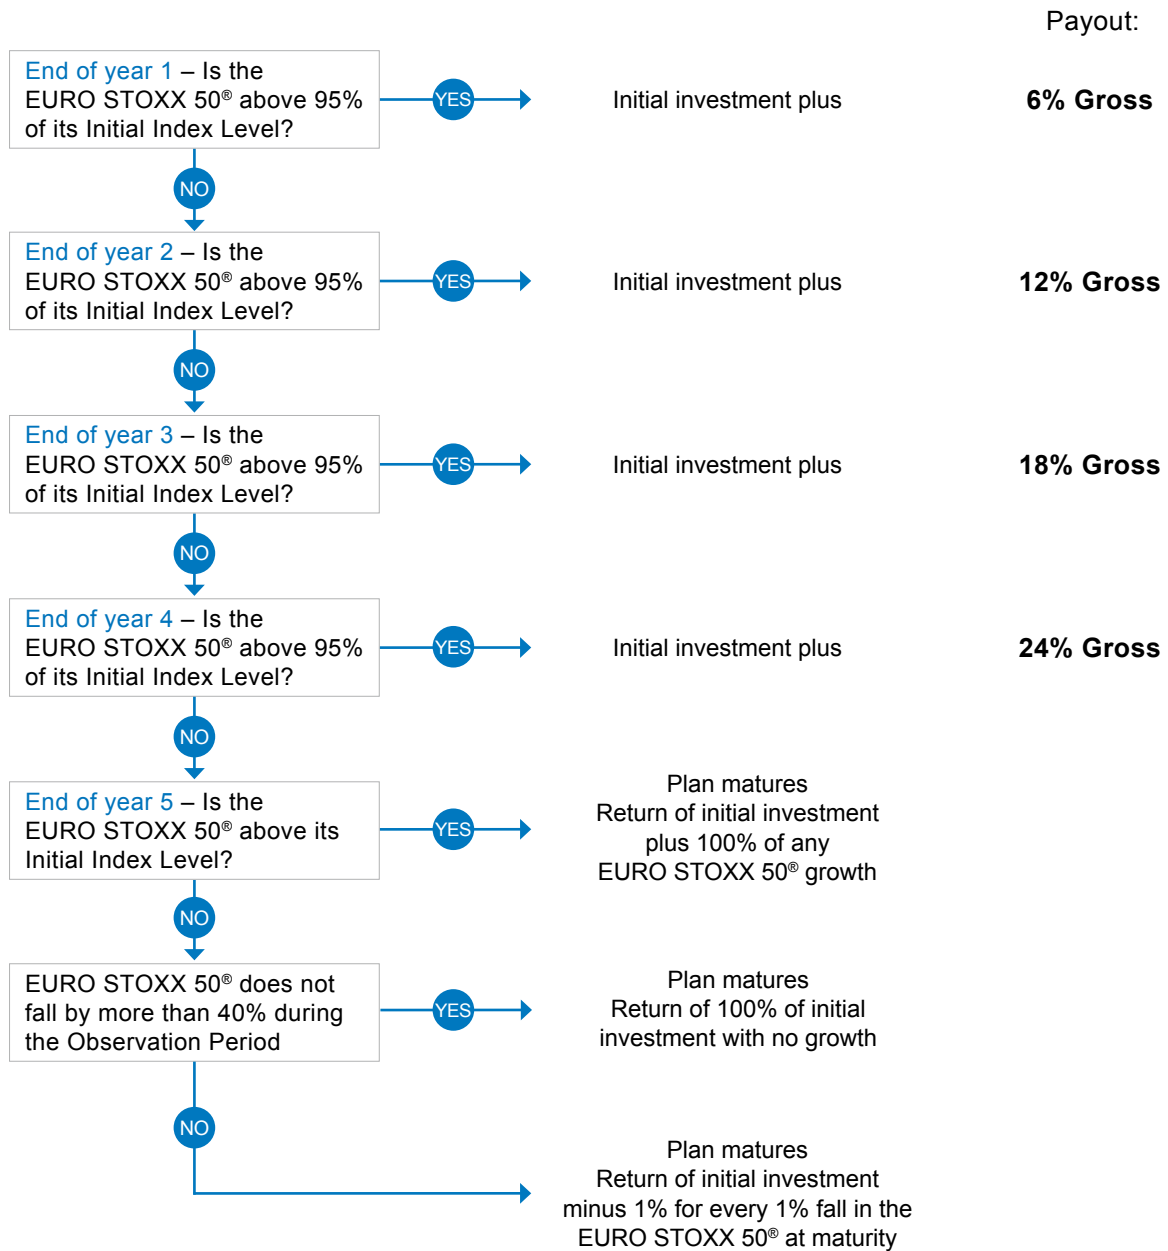

- The EURO STOXX 50[®] is made up of the 50 largest listed companies in the Eurozone.
- Companies are all established businesses with mostly global operations and markets.

What are the risks of the investment?

- Your initial investment is at risk. If the EURO STOXX 50[®] falls by more than 40% during the Observation Period and finishes lower than the Initial Index level, you will lose some or all of your money.
- If you redeem your investment before the end of the Plan Term, you may get back less than the amount you originally invested.
- Inflation may occur over the duration of your investment and if the returns, if any, on your investment are lower than the rate of inflation this will reduce what you could buy in the future.
- The past performance of the EURO STOXX 50[®] is not necessarily an indication of its future performance.
- The tax treatment of the Plan could change at any time and any tax benefits to you may depend on your individual circumstances. There is always a risk that changes to taxation which could affect the tax treatment of the Plan could be applied retrospectively.
- A plan such as this does not guarantee immediate access to cash without penalty in the event that you require this during the Plan Term. The Plan is not appropriate if you need income from your investment during the Plan Term, or you require access to your initial investment within the 5 years.
- Your investment and any potential returns are at risk if Investec Bank plc fails or becomes insolvent.

How does the Plan work?

The diagram below illustrates the potential returns for investors in the plan:

Warning: The forecasts above are not a reliable guide to future performance. The value of your investment can go down as well as up.

Early Maturity (Kick-Out)

At the end of years 1, 2, 3 or 4, if the Kick-Out Level is above 95% of the Initial Index Level the Plan will mature early and you will receive back your initial investment plus 6% gross after year 1, 12% gross after year 2, 18% gross after year 3, 24% after year 4 otherwise the Plan will continue until the Final Maturity Date.

The Kick-Out Dates are 16 December 2020, 16 December 2021, 16 December 2022 and 18 December 2023.

Maturity after 5 years

If the Plan continues to the end of year 5, the closing level of the EURO STOXX 50[®] is used to calculate the Final Index Level (closing level of the EURO STOXX 50[®] on 16 December 2024).

- If the Final Index Level is higher than the Initial Index Level, you will receive back your initial investment plus 100% of any EURO STOXX 50[®] growth.
- If the Final Index Level is lower than the Initial Index Level, you will receive back your initial investment with no additional return, as long as the closing level of the EURO STOXX 50[®] has not fallen by more than 40% from the Initial Index Level during the Observation Period.
- If the Final Index Level is lower than the Initial Index Level and the EURO STOXX 50[®] has fallen by more than 40% from the Initial Index Level during the Observation Period, then your initial investment will be reduced by 1% for every 1% fall (including partial percentages). i.e. If the EURO STOXX 50[®] falls 0.6% your initial investment will be reduced by 0.6%. During the Observation Period only the closing level of the Index as published daily is used to determine whether the 40% fall has occurred.

Warning: Past performance is not a reliable guide to future performance. The value of your investment can go down as well as up.

Warning: The Plan Term is 5 years. There is no guarantee that the Index will have appreciated so as to generate a positive return.

Warning: In the event of insolvency of Investec Bank plc you will lose some or all of the money you invested.

Warning: In the event the EURO STOXX 50[®] falls by more than 40% during the Observation Period and finishes lower than the Initial Index Level, you will lose some or all of the money invested.

Warning: Deductions for charges and expenses are not made uniformly throughout the life of the product but are loaded disproportionately onto the early period.

Warning: The Plan does not provide any regular income, it is therefore not suitable for investors who need to take a regular income from their investment and is suitable only as a capital growth investment.

Examples of what you might get back at the end of the Plan Term

The table below shows examples of maturity proceeds, based upon an initial investment of €100,000, if the Plan runs the full 5 years. The exact return you receive will be dependent on the amount you invest and EURO STOXX 50® performance.

EURO STOXX 50® performance at maturity (compared to the Initial Index Level)	EURO STOXX 50® DOES NOT fall by more than 40% during the Observation Period	EURO STOXX 50® DOES fall by more than 40% during the Observation Period
100% higher	€200,000	€200,000
45% higher	€145,000	€145,000
1% higher	€101,000	€101,000
No change	€100,000	€100,000
1% lower	€100,000	€99,000
35% lower	€100,000	€65,000
100% lower	Not applicable*	€0

*The EURO STOXX 50® being 100% lower at maturity means that it would have fallen by more than 40% during the Observation Period, therefore this scenario is not possible.

All maturity proceeds are subject to the creditworthiness of Investec Bank plc. In the event that Investec Bank plc is unable to fulfil its obligations, you may lose some or all of your investment.

Warning: The forecasts above are not a reliable guide to future performance. The value of your investment can go down as well as up.

Warning: If you invest in the Plan you could lose 100% of the money you invest.

Is this investment right for you?

This investment may be right for you if:

- You are prepared to risk losing some or all of your initial investment.
- You are looking for an investment linked to the performance of stock markets.
- You do not need access to your money over the next 5 years.
- You have a minimum of €20,000 to invest.

This investment may not be right for you if:

- You want a regular income and dividends.
- You may need immediate access to your money before maturity.
- You cannot commit to the full 5 year Plan Term.
- You want a guaranteed return on your investment.
- You want to add to your investment on a regular basis.

Are there any compensation arrangements in place?

If Investec Bank plc (as issuer of the Securities) fails or becomes insolvent, it is highly unlikely that you would be covered by the Financial Services Compensation Scheme (FSCS) because you are investing in a securities-based Plan rather than a deposit-based Plan.

There are exceptional circumstances under which you could be covered (subject to eligibility), for example if Investec Bank plc acting as the Issuer of the Securities were found to have been in breach of Financial Conduct Authority (FCA) or Prudential Regulation Authority (PRA) rules.

Investec Europe Limited is a member of the Investor Compensation Scheme (ICS). Compensation may be payable where money or investment instruments owed or belonging to clients and held, or in the case of investment instruments, administered or managed by the firm, cannot be returned to those clients for the time being and there is no reasonably foreseeable opportunity of the firm being able to do so.

Details of limits and eligibility under the ICS are available from us on request or at the ICS's official website at: www.investorcompensation.ie.

Your questions answered

Plan information

Q: What happens to my money if Investec Bank plc fails or becomes insolvent?

A: If Investec Bank plc fails or becomes insolvent (i.e. goes bankrupt or similar) you could lose some or all of your money.

Q: Where will my money be held before the Start Date?

A: Prior to the Start Date your money will be held by the Plan Manager as Client Money. This means that your money will be held by us collectively with the funds of other investors.

Q: What happens if I change my mind?

A: If you decide to cancel, provided the Plan Manager receives written notice prior to the Start Date, the Plan Manager will return your initial investment without interest.

Q: What happens if I cash in my investment early?

A: The Plan is designed to be held for the full term. If you need to cash in your investment early, you may, however the Plan Manager cannot guarantee what its value will be at that point and it may be less than you originally invested. The Plan Manager will pay you the value of your investment in accordance with the prevailing market rate at that time, less any associated selling costs and transfer taxes, including stamp duty or stamp duty reserve tax to the extent applicable. The Plan Manager will charge an additional 0.5% administration charge of the full realised market value of your Plan (which may be more or less than the initial amount invested). The Plan Manager would need to receive an instruction from you in writing to process the early encashment of your investment. In the case of joint accounts, instructions from all parties will be required.

Q: Are partial withdrawals allowed?

A: No, partial withdrawals are not allowed.

Q: Can I get a copy of the Base Prospectus?

A: A copy of the approved Base Prospectus in relation to the Securities can be downloaded from www.investec.com/multiassetgroup or obtained upon request from Investec Bank plc, 30 Gresham Street, London, EC2V 7QP.

Q: What happens if I die during the Plan Term?

A: Single applicants: In the event of your death, the Plan will be administered in accordance with the instructions of your personal representatives, and/or as part of probate/ administration.

Joint applicants: For Plans invested in the name of husband and wife, the Plan will transfer automatically to the name of the surviving partner. For other joint applications, the Plan will be administered in accordance with the instructions of your personal representatives, and/or as part of probate/ administration. Any instruction to encash the Plan by a personal representative will be treated in the same manner as an instruction by the original investor.

Plan maturity

Q: What happens at the Plan maturity?

A: Your funds will be returned to the designated account that you provided on page 12.

Q: What is the Issuer's credit rating?

A: The Issuer has a credit rating of A1 with a stable outlook (awarded 01 February 2019) as rated by Moody's. This means that Moody's is of the opinion that the Issuer is subject to low credit risk and is considered to be upper-medium investment grade. The Issuer has a credit rating of BBB+ with a negative outlook (awarded 01 March 2019) as rated by Fitch. For more information on the Issuer, please visit: www.investec.com.

Q: What is the relevance of credit ratings?

A: Credit ratings are assigned by companies known as rating agencies and are reviewed regularly. They can go up or down at any point in response to changes in the financial position of the institution in question. Credit ratings are only one way to assess the likelihood that an institution will be able to pay back any monies owed. Institutions with better credit ratings should be less likely to go bankrupt than institutions with worse credit ratings, although this has not necessarily been the case over the last few years. Ultimately, however remote the likelihood of bankruptcy might be, the risk will always exist. To reduce this risk, we suggest that structured products are used as part of a broader portfolio and that investors diversify their structured product investments across a range of issuers.

Q: What is the relevance of ratings outlooks?

A: A rating outlook indicates the potential direction of a rating over the intermediate term, typically six months to two years. When determining a rating outlook, consideration is given to any changes in the economic and/or fundamental business conditions. An outlook is not necessarily a precursor of a rating change, and is often used to maintain the stability of long-term ratings. The outlook provides information to investors on the potential evolution of a rating, hence it increases the precision of the rating. For example, a positive outlook from Moody's, Fitch or S&P means that a rating may be raised. A negative outlook means that a rating may be lowered, and a stable rating means that a rating is not likely to change.

Charges and fees:

Q: What are the charges?

A: Investec Europe Limited as Plan Manager and Investec Bank plc as Issuer will incur costs and charges in relation to the Plan and issuance of the notes. No charges or fees are taken away from your initial investment (100% of your investment is allocated to the Plan) or your potential return, and there are no annual management charges, so any returns are based upon the full amount you invest into the Plan. The Plan Manager will receive a payment of 3.5% (or €700 based on an investment of €20,000) from the Issuer of which 1.25% (or €250 based on an investment of €20,000) will be retained to cover product design, ongoing administration and customer reporting, custody, marketing and structuring and 2.25% (or €450 based on an investment of €20,000) will be paid to your authorised intermediary. If you, at your own discretion, terminate your investment early in accordance with the Clause 9.4 (Termination) of the Terms and Conditions the Plan Manager will charge an additional 0.5% administration charge (on the full realised market value of your Plan, which may be more or less than the initial amount invested).

Tax

The tax information below is intended to be general in nature and your own position may vary based on your personal circumstances. Tax rules and how they impact you may change at any time. Investec is not a tax adviser and you should seek advice from your financial or tax adviser based on your personal circumstances if you are unsure of the tax treatment of your investment, before you invest.

Maturity returns will be paid gross, with no tax related deductions or withholdings.

Maturity returns must be included in your tax return and assessed for tax therein.

Warning: This document is based on our understanding of current tax law and practice which is subject to change without notice in both Ireland and the UK.

Warning: Investors should satisfy themselves independently of the taxation treatment of the Plan, particularly in relation to Revenue reporting requirements and implications for non-disclosure in their own personal circumstances.

Compensation

Q: What investor compensation is applicable?

A: In accordance with Section 38 (1) of the Investor Compensation Act, 1998 (the "ICA"), Investec Europe Limited wishes to inform actual and intending clients of the following information concerning investor compensation:

- (a) that the ICA provides for the establishment of a compensation scheme and the payment, in certain circumstances, of compensation to certain clients (known as eligible investors) of authorised investment firms, as defined in the ICA;
- (b) that the firm is a member of that compensation scheme;

(c) that compensation may be payable where money or investment instruments owed or belonging to clients and held, or in the case of investment instruments, administered or managed by the firm, cannot be returned to those clients for the time being and there is no reasonably foreseeable opportunity of the firm being able to do so;

(d) that a right to compensation will arise only:

- (i) If the client is an "eligible investor", as defined in the ICA;
- (ii) If it transpires that the firm is not in a position to return client money or investment instruments owed or belonging to clients of the firm; and
- (iii) To the extent that the client's loss is recognised for the purposes of the ICA;

(e) that where an entitlement to compensation is established, the compensation payable will be the lesser of:

- 9.5 Termination of the Plan or any investment in the Plan will not affect the settlement of any outstanding fees and will not affect any legal rights or obligations which may have already arisen or any provision of these Terms and Conditions which is expressly or by necessary implication intended to survive termination. On termination, the Plan Manager will promptly account to you for the proceeds of sale of the related Securities held through the Plan.

10. Charges
