Investor information

This product is a Medium Term Note ("Note") issued by Intesa Sanpaolo SpA which is authorised by the Banca D'Italia (in Italy). As such, Intesa is a European Bank under 'Directive 2013/36/EU' (ie. CRD IV).

Your capital is at risk if the Issuer fails or becomes insolvent. The below table shows the credit rating of the Issuer:

Issuer	Fitch	Moody's	S&P
Intesa	BBB	Baa1	BBB

All of the above credit ratings are as at 17th December 2021 and all are long term. Credit ratings are subject to change at any time. Source: Bloomberg.

Warning: Your capital is at risk if Intesa fails or becomes insolvent.

Warning: The Plan is only suitable for investors who do not require access to their Investment prior to the Maturity Date.

What risks should you consider before investing?

Counterparty risk?

- By investing in this Plan you take a credit risk on Intesa in its capacity as the Note issuer – both in relation to the amount of capital invested and the investment return. In the case of a default by Intesa, investors have a claim to Intesa on the residual amount (if any) up to the nominal value of the Note. If the profitability of Intesa declines in future years, it could potentially result in credit ratings downgrades of Intesa.

Return of Capital at Maturity Date

- 100% of investors' capital is returned at the Maturity Date. The 100% capital protection is provided by Intesa at the Maturity Date only. The investment returns are in addition to the 100% capital protected amount.

Warning: If you cash in your investment before the Maturity Date you may lose some or all of the money you invest.

Market Risks

- There is a risk that the value of the Note may fall if interest rates rise.
- There is a risk that the Issuer may have their credit rating downgraded by one or more of the rating agencies, which could impact on the value of the Note or a risk that the Issuer may not be in a position to meet their commitments.
- The investment may result in an opportunity cost as interest rates may increase, leading to other assets offering a higher return in the future.
- Inflation may occur over the term of your investment and if the returns on your investment are lower than the rate of inflation this will reduce what you could buy in the future.

Liquidity Risks

- The Issuer may at its discretion allow for early redemptions of the Note during the investment term. However, certain exceptional market circumstances may have a negative effect on the liquidity of the Notes, and even render the Note entirely illiquid, which may make it impossible to sell Notes before the Maturity Date and could result in a loss of the capital invested. **The 100% capital protection provided by the Issuer applies at the Maturity Date only. It is envisaged that investors will hold the Note for the full 5 year term and all investors should consider the term before investing.**
- Prior to the Maturity Date, the value of the Note may be lower than the original investment amount. As a consequence, the investor may lose part or the entire invested amount if the Note is sold before the Maturity Date.

Risk of product withdrawal

- If the volume of funds raised for the Note is insufficient to proceed, or in the event of extreme market volatility, the Plan Manager, at its sole discretion and without notice, may withdraw the product.

Early Redemption Risk

- Prior to the Maturity Date, the value of the Note may be lower than the original investment amount. As a consequence, the investor may lose part or the entire invested amount if the Note is redeemed before the Maturity Date.

Risk regarding deductions during the life of the Note

- Deductions for charges and expenses are not made uniformly throughout the life of the Note, but are loaded disproportionately onto the early period. If an investor sells the Note prior to the end of the 5-year term, the practice of front-end loading and any applicable early exit charges during the investment term will impact on the amount of money that the investor receives. The investor may not get back the full amount they invested.

Some additional risks that prospective investors should consider are as follows

- The Issuer has exposure to sovereign debt, particularly Italian and other EU countries. Changes in price and volatility of government debt may impact the Issuer.
- The Issuer's business could be affected if its capital is not effectively managed (capital adequacy risk).
- The financial problems faced by the Issuer's customers could adversely affect the bank. Risks arising from changes in credit quality and the recoverability of loans and amounts due from counterparties are inherent in bank operations.
- The Issuer is exposed to risks faced by other financial institutions. Defaults by, and even rumours or questions about the solvency of, certain financial institutions and the financial services industry generally have led to market-wide liquidity problems and could lead to losses or defaults by other institutions.
- Market risks associated with fluctuations in bond and equity prices and other market factors are inherent in the Issuer's business.
- Protracted market declines can reduce liquidity in the markets, making it harder to sell assets and leading to material losses.
- Increased competition in the countries where the Issuer operates may adversely affect the Issuer's growth prospects and operations.
- Changes in interest rates may negatively affect the Issuer's business.
- Operational risk is inherent in the Issuer's business. Operational risk includes the risk of loss arising from inadequate or failed internal processes, personnel and internal systems or from unforeseen external events, including legal risk.
- Credit, market and liquidity risks may have an adverse effect on the Issuer's credit ratings and the Issuer's cost of funds.
- Any reduction in the Issuer's credit rating could increase the Issuer's cost of funding and adversely affect the Issuer's interest margins.

- The Issuer has a continuous demand for liquidity to fund its business activities. The Issuer may suffer during periods of market-wide or firm-specific liquidity constraints, and liquidity may not be available to it even if its underlying business remains strong.
- Withdrawals of deposits or other sources of liquidity may make it more difficult or costly for the Issuer to fund its business on favourable terms.
- The Issuer's business could also be significantly affected by a failure to monitor concentration and spread of risks.

Warning: If you invest in this product you may not have access to your money for 5 years.

- The Issuer is subject to substantial regulation, and regulatory and governmental oversight. Adverse regulatory developments or changes in government policy could have a material adverse effect on its business, results of operations and financial condition.
- Intesa is licensed as a credit institution in Italy and, as such, is subject to the resolution regime introduced by the EU Bank Recovery and Resolution Directive n. 59 of 15 May 2014 as implemented in Italy (the "BRRD"). As a result of the implementation of BRRD, investors may be subject to write-down, with the possibility of the nominal value of the financial instruments being cancelled, or conversion into equity, on any application of the bail-in tool. Therefore, through the exercise of any power under the BRRD, investors may suffer the write-down, cancellation or conversion into equity, on a permanent basis, of their investment, even if there is no formal declaration of insolvency by the Issuer.
- The Issuer is exposed to risk of loss from legal and regulatory claims.
- There may be risks relating to the Issuer arising from applicable legislation and regulation.
- In addition to existing financial taxes, there can be no assurance that additional national or transnational bank levies or financial transaction taxes will not be adopted by the authorities of the jurisdictions where the Issuer operates.
- Steps taken towards achieving an EU fiscal and banking union may pose a risk.
- Claims of investors under the Notes are effectively junior to those of certain other creditors and are subject to an insolvency ranking governed by Italian law.
- There is a risk related to reliance on Euroclear.
- There may be potential conflicts of interest between the Issuer and investors.
- Credit ratings assigned to the Issuer may not reflect all the risks associated with an investment in the Note.
- Prior to the Issue Date, your money will be held by the Plan Manager as Client Money.

For a full understanding of the risks it is advised that you consult the risk factors contained in the Base Prospectus.

Warning: Should you chose to cash in your investment at any point before the Maturity Date, the 100% capital protection will not apply and you may get back significantly less than you invest.

What are you investing in?

You are investing in a 5 year note-based Plan which pays an annual coupon each year. Your money will be used to buy a note issued by Intesa. A note is a type of Debt issued by a bank. In effect, you are lending money to Intesa (as Issuer of the note) for the duration of the Plan. Investec Europe Limited is the Plan Manager. Neither the Plan Manager nor the Issuer make any representation as to the suitability of the Plan to meet your specific requirements.

Access

The Term of the Plan is for a fixed term of 5 years and is intended only for investors who do not require any access to their Investment prior to the Maturity Date.

Suitability

It is your responsibility in conjunction with your financial advisor to ensure this investment meets your needs in line with Credit Union investment guidelines. The Plan Manager is not required to and will not determine the suitability of this Investment for investors.

Warning: If the Issuer were to default you could lose some or all of your investment and your investment return.

Warning: The Note has a term of 5 years. If you decide to cash in your investment before the end of investment term, you may lose some or all of your investment and investment return.

Warning: As a result of the EU Bank Recovery and Resolution Directive n. 59 of 15 May 2014 as implemented in Italy (the "BRRD"), investors may be subject to write-down, with the possibility of the nominal value of the financial instruments being cancelled, or conversion into equity on any application of the bail-in tool.

Q: What happens if I change my mind?

A: If you decide to cancel, provided we receive written notice prior to the closing date, we will return your investment without interest.

The Plan Manager

Q: Who is the Plan Manager?

A: The Plan Manager is Investec Europe Limited and its successors, assignees and transferees. The Plan Manager is acting as a distributor.

Q: Who is the Issuer of the Notes?

A: The Issuer of the note is Intesa Sanpaolo SpA (Registration number on the Torino Company Register and Fiscal Code 00799960158), which is an Italian Bank authorised by the Banca D'Italia and included in the National Register of Banks with no. 5361.

Q: What is the Issuer's credit rating?

A: The Issuer has a Credit rating of BBB with stable outlook from Fitch. This means that Fitch considers that expectations of default risk are currently low. The capacity for payment of financial commitments is considered adequate, but adverse business or economic conditions are more likely to impair this capacity.

The Issuer has a Credit Rating of Baa1 with stable outlook from Moody's. This means that Moody's judges the obligations of the Issuer to be medium-grade and subject to moderate credit risk and as such may possess certain speculative characteristics.

The Issuer has a Credit Rating of BBB with a stable outlook from S&P. This means that S&P considers that obligations of the Issuer exhibit adequate protection parameters. However, adverse economic conditions or changing circumstances are more likely to weaken the Issuer's capacity to meet its financial commitments on the obligations.

Q: What is the relevance of credit ratings?

A: Credit ratings are assigned by companies known as rating agencies and are reviewed regularly. They can go up or down at any point in response to changes in the financial position of the entity in question. Credit ratings are only one way to assess the likelihood that an entity will be able to pay back any monies owed. Entities with better credit ratings should be less likely to go bankrupt or default than entities with worse credit ratings, although this has not necessarily been the case over the last few years. Ultimately, however remote the likelihood of bankruptcy or default might be, the risk will always exist. The ratings herein are not a guarantee as to future performance of the Issuer, and are provided by the Plan Manager for information purposes only.

Q: What is the relevance of ratings outlooks?

A: A rating outlook indicates the potential direction of a rating over the intermediate term, typically six months to two years. When determining a rating outlook, consideration is given to any changes in the economic and/or fundamental business conditions. An outlook is not necessarily a precursor of a rating change, and is often used to maintain the stability of long-term ratings. The outlook provides information to investors on the potential evolution of a rating; hence it increases the precision of the rating. For example, a positive outlook from Moody's, Fitch or S&P means that a rating may be raised. A negative outlook means that a rating may be lowered, and a stable outlook means that a rating is not likely to change.

Charges and fees

Q: What are the charges?

A: Investec Europe Limited as Plan Manager will incur costs and charges in administering and marketing the Plan. No charges or fees are taken away from your Investment or your potential maturity payment, and there are no annual management charges, so any returns are based upon the full amount you invest into the Plan. The Plan Manager will indicatively receive 0.83% upfront (or €2,490 based on an investment of €300,000) from the issuer for ongoing administration and customer reporting, custody and marketing. The final fee payable to the Plan Manager will be communicated to you in the trade confirmation.

Investor information

Q: What is my customer category?

A: We will treat you as a retail client for the purposes of MiFID. This means you will receive the highest level of MiFID protection. You may request to be treated as a professional client however, if you do so, you will lose many of the protections afforded to retail clients under MiFID.

Q: How will you keep me informed?

A: After the start of the Investment, following the purchase of the Notes, we will send you a confirmation showing your holdings in your Investment. Thereafter, we will send you a statement monthly.

Telephone: 01 567 7000

Q: What should I do if I have more questions?

A: It is essential that you only invest in the Plan if you fully understand the benefits and associated risks. Where you have unanswered questions you should seek advice from your financial adviser. You may also wish to seek other independent advice, for instance independent financial, taxation or legal advice. Your relationship with the Plan Manager will be on an Execution Only basis. This means that the Plan Manager is not, and will not, be giving you financial, legal or taxation advice. Investment in the Plan will not commit your funds to any extent beyond the amount invested by you.

5.2 When the Plan Manager purchases and sells Notes in accordance with these Terms and Conditions, it will always be acting as your agent, and not as the agent of the Issuer.

6. Conflict of Interest

6.1 Occasions can arise where the Plan Manager, or one of its other clients, will have some form of interest in business which is being transacted for the Plan. If this happens, or if the Plan Manager becomes aware that its interests or those of one of its other clients conflict with your interests, you will be informed and asked for your written consent before any transaction is carried out. 7. Registration and Custody

- 7.1 Your Notes will be held in a custody account with Euroclear Bank SA/NV, and documents of title, if any, will be kept in the custody of Euroclear Bank SA/NV. In the case of direct investments you may however, request that the Plan Manager arrange for your Notes to be held with a custodian other than Euroclear Bank SA/NV and that documents of title, if any, be kept in the custody of such other custodian expressly nominated by you. The Plan Manager may, at its reasonable discretion, agree to such alternative custodial arrangements as it may determine from time to time without notice to you. Such documents of title shall not be lent to any third party and money may not be borrowed on your behalf against the security of those documents. Euroclear Bank SA/NV is a "societe anonyme" incorporated in Belgium and registered in RPM Brussels with registered office at 1 Boulevard du Roi Albert II, 1210 Brussels, Belgium.
- 7.2 Unless alternative custodial arrangements are agreed as above, your Notes will be held collectively in an account with Euroclear Bank SA/NV and, although the amount of Notes that you hold will be recorded and separately identified by the Plan Manager, your holding may not be identifiable by separate documents or certificates of title. Therefore, in the event of default, any shortfall in the Notes may be shared pro rata among all investors in the Plan whose Notes are held with Euroclear Bank SA/NV.

8. Statements

- 8.1 The Plan Manager will supply you monthly with a report on the value of your Plan held.

9. Termination

- 9.1 The Plan Manager may terminate your Investment in the Plan on one month's notice if:
- You are in breach of any material obligation under these Terms and Conditions and you have failed to remedy the breach within a reasonable time of us requesting you to do so; or
 - If you have given us inaccurate or misleading information and, had we received accurate information, we would not have entered into the Plan with you.
- 9.2 The terms of the Notes may permit the Issuer to withhold, defer, reduce or even terminate payments in certain events including, but not limited to, illegality, force majeure or other events beyond the control of the Plan Manager, and as a result, you may receive less than you would otherwise have anticipated or may have to wait for the proceeds.
- 9.3 The Plan Manager may terminate the Plan at any time for any reasons including, but not limited to illegality, force majeure or other circumstances which would render it legally impermissible for you or us to carry out our respective obligations under these Terms and Conditions, provided the Plan Manager gives you a reasonable period of written notice as the situation dictates.
- 9.4 Termination of the Plan or any Investment in the Plan will not affect the settlement of any outstanding fees and will not affect any legal rights or obligations which may have already arisen or any provision of these Terms and Conditions which is expressly or by necessary implication intended to survive termination. On termination, the Plan Manager will promptly account to you for the proceeds of sale of the related Notes held through the Plan.

10. Charges

- 10.1 The returns which you are due to receive, in accordance with the Plan Objective, are net of all anticipated charges and expenses due to third parties (excluding any tax that you may be liable to pay, or charges we may reasonably require you to pay in respect of significant taxation changes). These charges are estimated to be not more than 1% of the investment amount in total, excluding any such tax or charges for taxation changes; no other charges are anticipated.

11. Variation of Terms & Disclosure

- 11.1 The Plan Manager reserves the right to amend, vary or supplement these Terms & Conditions, during the Plan Term. This may be for one of the following reasons:
- (a) due to a change in legal, regulatory or taxation requirements to which the Plan Manager is subject, or a change in the manner in which same are applied;
 - (b) to comply with an order of a court or other analogous authority;
 - (c) to make the Terms & Conditions fairer to you or to correct a mistake (provided that such a correction would not adversely affect your rights);
 - (d) to enable your Plan to be managed more effectively, or to provide you with additional options within your Plan. Where possible you will be notified of any changes at least 30 days in advance of changes taking effect.

- 11.2 By accepting these Terms & Conditions, you authorise the Plan Manager to disclose all relevant particulars of your Investment where the Plan Manager is required by law, regulation, court (or other arbitral) order, taxation authority or other supervisory or regulatory authority to do so.

12. Exclusion of Liability

- 12.1 The Plan Manager will exercise due care and diligence in managing your Plan. However, the Plan Manager will not be liable to you:
- (a) for any default by Euroclear Bank SA/NV, or any securities depository with whom your Notes are deposited, or for any fraud, negligence or wilful default on the part of Euroclear Bank SA/NV or any such securities depository or other third party;
 - (b) for any loss, depreciation or fluctuation in the value of the Notes held within your Plan, except as a result of fraud, negligence or wilful default by the Plan Manager or its agents;
 - (c) if the Plan Manager cannot carry out its responsibilities because of circumstances beyond its reasonable control; or
 - (d) for the acts or omissions of any professional adviser who arranged your Investment in the Plan.

The Plan Manager will exercise its authority under these Terms and Conditions in an appropriate way. However, whilst the Notes will be structured with a view to meeting the Plan Objective, the Plan Manager is unable to (and does not) guarantee that the Plan Objective will be met. You acknowledge that you have read and understood these Terms and Conditions and the risk factors set out in the brochure provided to you in connection with your Plan. In particular, you acknowledge that your entitlement under the Plan is dependent on the exact terms of issue of the Notes. These may contain provisions allowing for (a) adjustments to the timing of calculation of entitlements and (b) the termination of the Notes including (without limitation) in circumstances where the Plan Manager is in default. No provision in these Terms and Conditions will operate so as to exclude or limit the liability of the Plan Manager and/or the Issuer to the extent that this would be prohibited by law.

13. No Security over the Plan

- 13.1 At all times during the continuance of the Plan, you will remain the beneficial owner of the Notes held in the Plan and the Notes must not be used as security for a loan or any other financial arrangements.

14. Assignment

- 14.1 These Terms and Conditions shall be for the benefit of and binding upon Investec Europe Limited as Plan Manager and our respective successors and assigns. You shall not assign, charge or otherwise transfer or purport to assign, charge or otherwise transfer your rights or obligations under these Terms and Conditions or any interest in these Terms and Conditions, without our prior written consent, and any purported assignment, charge or transfer in violation of this clause shall be void. You agree and acknowledge that we shall be entitled at any time to assign, transfer, dispose of and/ or charge all or any of our rights and/or obligations under these Terms and Conditions without your consent.

- 17.1 In the event of any failure, interruption or delay in the performance of its obligations resulting from breakdown, failure or malfunction of any telecommunications or computer service, industrial disputes, failure of any third party to carry out its obligations, acts of governmental or supranational authorities, an act of God, epidemic, pandemic or quarantine restrictions or any other event or circumstance whatsoever not reasonably within its control, the Plan Manager may be unable to fulfil its financial responsibilities in the market then your ability to realise your Investment may be restricted and the Plan Manager shall not be liable or have any responsibility of any kind for any loss or damage you incur or suffer as a result.
