

Global reach
Local knowledge

Name: Marlene Klopper

Highest Qualification: CA (SA)

Marlene is an executive with a proven track-record of successfully delivering risk- and governance solutions, with extensive professional experience spanning more than ten years in the financial services industry including the design and execution of strategic priorities.

Some of Marlene's key focus areas have included:

- i. Effectively managing the financial position of the business/ function and delivering on business commitments and agreed performance targets.
- ii. Executing on operational risk- and governance requirements with a focus across key elements of the organisational risk management framework (i.e. People Risk).
- iii. Active communication and alignment with global stakeholders, necessary to deliver on both global and local solutions which are "fit-for-purpose" to the organization.
- iv. A focus on adherence to and delivery on statutory governance requirements as well as global best-practice, including submissions to organizational executive management (e.g. Board Committees, Sub-Committees, Executive Management).

Marlene's key strengths include the ability to adapt to the requirement of an ever-dynamic and changing business environment, working effectively in any organizational construct, business acumen and the design of transformative and sustainable solutions.

Marlene thrives on adding value and ongoing learning through interaction with groups, as either a leader or participant in the process. Above all, Marlene values integrity in all actions and collaboration between teams to maintain consistently high quality standards and work ethic.
