40. Maturity and Redemption

The Notes in this Tranche are issued without a maturity date. The Issuer is under no obligation to redeem the Notes in this Tranche at any time other than in a winding-up or liquidation of the Issuer.

If the Issuer does not pay the relevant interest

Amount in respect of an Interest Period in accordance with this Item 42 then any such failure to pay such Interest Amount shall not constitute a default by the Issuer or any other breach of obligations under the Notes or for any other purpose and a Noteholder will have no claim in respect of any such non-payment that such non-payment constitutes a default by the Issuer or any other breach of obligations or for any other purpose.

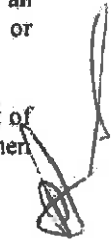

If the Issuer elects to defer the payment of interest on an Interest Payment Date, it shall give notice of such election to the Noteholders in accordance with Condition 19 and to the Registrar and the Transfer Secretary not less than 30 days prior to the relevant Interest Payment Date (or such shorter notice period as may be required by the Capital Regulations or the Registrar of Banks). Subject to the Capital Regulations, Arrears of Interest shall bear interest at the Interest Rate applicable while such Arrears of Interest are outstanding and shall to the extent accrued and unpaid, subject to the foregoing provisions of this Item 42, be due and payable on the date on which the Issuer is obliged to pay such Arrears of Interest.
