## SUPPLEMENT IN RESPECT OF THE LISTING OF AUTOCALL NOTES

### Section 1 - General

The Pricing Supplement relating to each issue of Autocall Notes (the "Notes") will contain (without limitation) the following information as applicable in respect of such Notes. All references to numbered conditions are to the Terms and Conditions of the Notes as specified in the Amended Note and Warrant Programme offering circular dated 20 December 2009 and approved by the JSE (the "Offering Circular") and words and expressions defined therein shall bear a corresponding meaning in this Pricing Supplement. In the event of any inconsistency between the terms of this Pricing Supplement and the Programme relating to the issue of the Notes, this Pricing Supplement shall prevail. This Pricing Supplement deals only with the specific type of Notes described herein.

This Offering Circular is available only in the English language and may be obtained from the offices of the Issuer, the Sponsor and from the Investec Bank Limited website [www.investec.com](http://www.investec.com). The Issuer further confirms that any conditions or restrictions imposed by the South African Reserve Bank in respect of the listing of the notes have been, and shall be, adhered to by the Issuer.

**The attention of potential investors is drawn to the fact that:**

- (a) they should read this Pricing Supplement in conjunction with the Offering Circular; and**
- (b) Potential investors of any Notes should ensure that they understand fully the nature of the Notes and the extent of their exposure to risks, and that they consider the suitability of the Notes as an investment only after careful consideration, with their own advisors, in light of their own circumstances, financial position and information set forth herein. Certain Notes involve a high degree of risk, including the risk of their expiring worthless. Potential investors should be prepared to sustain a total loss of their investment in the case of certain Notes. The obligations of the Issuer pursuant to the Terms and Conditions in relation to the Notes represent general, unsecured, unsubordinated, contractual obligations of the Issuer and rank pari passu in all respects with each other. Investors are reminded that the Notes constitute obligations of the Issuer only and of no other person. Therefore, potential investors should understand that they are relying solely on the credit worthiness of the Issuer.**

#### Amendment of the Terms and Conditions

The Issuer may with the consent of at least 75 per cent of those Holders, excluding the votes of the Issuer and its affiliates, who attend any meeting of Holders convened by the Issuer in the Republic of South Africa, and subject to approval by the JSE, amend or supplement or substitute any of the Terms and Conditions. For this purpose, each Holder shall be entitled to one vote for each one Note held by such Holder. Holders who have delivered an Exercise Notice shall, as regards the Notes exercised, not be entitled to attend or vote at any such meeting.

The Issuer and any affiliate of the Issuer which is a Holder shall, as regards such Notes, not be precluded from attending such meeting but shall not be entitled to vote. Any such amendment, supplementation or substitution shall take effect as determined by such meeting but no earlier than the Business Day immediately following the date of such meeting. If no such date is specified by the meeting, it shall take effect on the Business Day immediately following the date of such meeting. Any such amendment, supplementation or substitution shall not take effect as regards Notes in respect of which an Exercise Notice has been delivered.

## Taxation

Purchasing, selling and holding Notes may have tax consequences for Holders, including the possibility of income tax being payable on profits from trading Notes.

Purchasers of Notes (including those purchasing after their issue and those holding Notes upon Exercise) may be required to pay stamp taxes (including securities transfer tax, if applicable, in accordance with the laws and practices of the Republic of South Africa) and other charges in addition to the issue price of each Note.

Potential purchasers of Notes who are in any doubt about their tax position on purchase, ownership, transfer, exercise or non-exercise of any Note should consult their own tax advisors.

## Other

Further in the event of the Issuer providing for a cash payment where any one or more Note Holders fail to exercise their rights under the Notes prior to the Expiry Date, a statement that payment will be made through Strate on the Cash Settlement Date will be issued.

In this Supplement Investec Bank Limited (the "Issuer") sets out the salient terms in respect of the listing of the Notes in respect of the following:

<b>Calculation Agent Determination:</b>	Means that the Calculation Agent will determine the Asset Price, taking into consideration the latest available quotation for the Asset and any other information in good faith it deems relevant, subject to the approval of the JSE.
<b>Effect of Market Disruption Events:</b>	If, in the opinion of the Calculation Agent, a Market Disruption Event has occurred and is continuing on any Valuation Date, the Asset Price for that Valuation Date will be determined by the Calculation Agent in accordance with the provision set out above. For the avoidance of doubt,

the provisions of clause 14 of the Terms and Conditions shall not apply to this Pricing Supplement.

Following the declaration of the terms of any Market Disruption Event, the Calculation Agent will determine whether such Market Disruption Event has an effect on the theoretical value of the Note and, if so, will, subject to approval of the JSE:

- (i) make the corresponding adjustment, if any, to Cover Ratio, the Strike Price or Cash Settlement Amount, or any of the terms of these Conditions as the Calculation Agent determines appropriate; and
- (ii) determine the effective date of that adjustment; or
- (iii) cancel the Notes by giving notice to Holders. If the Notes are so cancelled the Calculation Agent shall pay an amount to each Holder in respect of each Note held by him which amount shall be the fair market value of a Note taking into account the Market Disruption Event, less the cost to the Issuer of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its opinion. Payments will be made in such manner as shall be notified to the Holders.

The Calculation Agent may, but need not, determine the appropriate adjustment by reference to the adjustment in respect of such Market Disruption Event made by an options exchange to options on the Asset traded on that options exchange.

**Notice of Adjustment:**

Upon the occurrence of any such adjustment, the Calculation Agent shall give notice as soon as practicable to the Holders setting out the adjustment of the Conditions and giving brief details of the Market Disruption Event.

**Effect of Market Disruption Events on the Rights of the Note Holders:**

Save to the extent that the Calculation Agent has adjusted the Cover Ratio, Strike Price, Cash Settlement Amount or the Conditions in accordance with the provisions of this Supplement, the rights as conferred upon the Note Holders in terms of any specific Note shall remain unaffected, subject to the provisions hereunder.

To the extent that the Calculation Agent determines that the appropriate adjustment upon the occurrence of a Market Disruption, as the case be, in accordance with the provisions of this Supplement shall be the cancellation of the Note, such Note shall automatically lapse and cease to confer any rights on the Holder as at the time the Issuer notifies the Holders of such cancellation.

**Exchange Control:**

The following guidelines are not a comprehensive statement of the South African Exchange Control Regulations (“the Regulations”), they are merely reflective of the Issuer’s understanding of the Regulations and appear only for purposes of information. Holders, who have any doubt as to the action they should take, should consult their professional advisers.
