Exchange Traded Funds — ETFs

Exchange Traded Funds (ETFs) are passively managed investment funds that track the performance of an underlying index. Almost anything you can do with a single share or stock you can do with an ETF unit. Traditional funds (funds with units not listed on an exchange), typically only offer the opportunity to subscribe or redeem units at the Net Asset Value (NAV) on each day. The Deutsche Bank sponsored ETFs offer the same trading opportunities as single stocks on the JSE Limited and are quoted continuously during exchange trading hours. ETFs can be bought or sold via any stockbroker, financial advisor or direct from db x-trackers.
