Calculation Agent Determination:

Means that the Calculation Agent will determine the Basket Level (or a method for determining a Basket Level), taking into consideration the latest available quotation for the Equities in the Basket and any other information in good faith it deems relevant, subject to the approval of the JSE.

Effect of Potential Adjustment Event:

Following the declaration of the terms of any Potential Adjustment Event, the Calculation Agent shall determine whether such Potential Adjustment Event has a diluting or concentrative effect on the theoretical value of the Equities and, if so, shall, subject to approval of the JSE,

- (i) make the corresponding adjustment, if any, to the underlying Equity, Basket, the Exercise Price, the Barrier Level or any of the terms of these Conditions as the Calculation Agent determines appropriate to account for that diluting or concentrative effect; and
- (ii) determine the effective date of that adjustment.

The Calculation Agent may, but need not, determine the appropriate adjustment by reference to the adjustment in respect of such Potential Adjustment Event made by an options exchange to options on the Equities traded on that options exchange.

Notice of Adjustment:

Upon the occurrence of any such adjustment, the Calculation Agent shall give notice as soon as practicable to the Holders setting out the adjustment of the Conditions and giving brief details of the Potential Disruption Event.

Other Events:

- a) "Insolvency" means that by reason of the voluntary or involuntary liquidation, bankruptcy or winding-up of or any analogous proceeding affecting a Company:

 - (ii) holders of the Equities become legally prohibited from transferring them.

- b) "Merger Date" means, in respect of a Merger Event, the date upon which all Holders of Equities (other than, in the case of a take-over offer, Equities owned or controlled by the offeror) have agreed or have irrevocably become obliged to transfer their Equities.
- c) "Merger Event" means any:
 - (i) reclassification or change of the Equities that results in a transfer of or an irrevocable commitment to transfer all outstanding Equities;
 - (ii) consolidation, amalgamation, or merger of a Company with or into another entity (other than a consolidation, amalgamation or merger in which such Company is the continuing entity and which does not result in any such reclassification or change of all outstanding Equities); or
 - (iii) other take-over offer for the Equities that results in a transfer of or an irrevocable commitment to transfer all the Equities (other than the Equities owned or controlled by the offeror),

in each case if the Merger Date is on or before the relevant Actual Exercise Date.

- d) "Nationalisation" means that all the Equities or all the assets or substantially all the assets of a Company are nationalised, expropriated or are otherwise required to be transferred to any governmental agency, authority or entity.

Effects of Other Events:

If a Merger Event, Nationalisation or Insolvency occurs in relation to an Equity, the Calculation Agent may:

- a) determine the appropriate adjustment, if any, to be made to the Basket or to these Conditions to account for the Merger Event, Nationalisation or Insolvency, as the case may be, and determine the effective date of that adjustment. The Calculation Agent may (but need not) determine the appropriate adjustment by reference to the adjustment in respect of the Merger Event, Nationalisation or Insolvency made by any options exchange to options on the Equities traded on that options exchange; or
- b) cancel the Warrants by giving notice to Holders. If the Warrants are so cancelled the Calculation Agent shall pay an amount to each Holder in respect of each Warrant held by him which amount shall be the fair market value of a Warrant taking into account the Merger Event, Nationalisation or

Insolvency, as the case may be, less the cost to the Issuer of unwinding any underlying related hedging arrangements plus, if already paid, the Exercise Price, all as determined by the Calculation Agent in its opinion. Payments will be made in such manner as shall be notified to the Holders.

Notice of Other Events:

Upon the occurrence of a Merger Event, Nationalisation or Insolvency, the Calculation Agent shall give notice as soon as practicable to the Holders stating the occurrence of the Merger Event, Nationalisation or Insolvency, as the case may be, giving details thereof and the adjustments to be made to the Basket, the Exercise Price or the Conditions and other action to be taken in relation thereto.

Market Adjustment Events:

1. Loss of Stock Borrow

Means that the Issuer is unable, after using commercially reasonable efforts, to borrow (or maintain borrowing of) or source sufficient Equities at current market rates and prices, to enable the Issuer to cover any Short Equities position on that Exchange Business Day, determined by the Calculation Agent acting in a reasonable manner.

2. Hedging Disruption

Means that the Issuer is unable, after using commercially reasonable efforts, to (A) acquire, establish, re-establish, substitute, maintain, unwind or dispose of any transaction(s) or asset(s) it deems necessary to hedge the equity price risk of entering into and performing its obligations with respect to the Stub Note, or (B) realize, recover or remit the proceeds of any such transaction(s) or asset(s).

3. Trigger Event

If the Cash Settlement Amount, calculated by the Calculation Agent at any time on an Exchange Business Day, drops to below 20% of the original Issue Price as defined in the Schedule to this Section 2.

Effects of Market Adjustment Events:

If, in the opinion of the Calculation Agent, a Market Adjustment Event has occurred and is continuing on any Business Day, the Calculation Agent will determine whether such Market Adjustment Event has an effect on the theoretical value of the Stub Note and, if so, will, subject to approval of the JSE:

- (i) make the corresponding adjustment, if any, to Cover Ratio, the Stub Note Price or Basket Level,

or any other terms the Calculation Agent determines appropriate; and

- (ii) determine the effective date of that adjustment; or
- (iii) cancel the Stub Note by giving notice to Holders. If the Stub Notes are cancelled the Calculation Agent shall pay an amount to each Holder in respect of each Stub Note held by him which amount shall be the fair market value of a Stub Note taking into account the Market Adjustment Event, less the cost to the Issuer of unwinding any underlying related hedging arrangements, (as determined by the Calculation Agent in its opinion). Payments will be made in such manner as shall be notified to the Holders.

Notice of Adjustment:

Upon the occurrence of any such adjustment, the Calculation Agent shall give notice as soon as practicable to the Holders setting out brief details of the Market Adjustment Event and associated adjustments

Effect of Potential Adjustment Events and/or Other Events and/or Market Adjustment Events on the Rights of the Note Holders:

Save to the extent that the Calculation Agent has adjusted the Cover Ratio, Strike Price, Basket Level or the Conditions in accordance with the provisions of this Supplement, the rights as conferred upon the Note Holders in terms of any specific Note shall remain unaffected, subject to the provisions hereunder.

To the extent that the Calculation Agent determines that the appropriate adjustment upon the occurrence of a Potential Adjustment and/or Other Event and/or Market Adjustment Event, as the case be, in accordance with the provisions of this Supplement shall be the cancellation of the Note, such Note shall automatically lapse and cease to confer any rights on the Holder as at the time the Issuer notifies the Holders of such cancellation.

Verification of the Holder:

The Holder hereby authorises the Issuer's CSDP and/or Sponsor to do all things necessary in order to facilitate verification of the identity of the Holder of a Note including, but not limited to, supplying the Holder's Identification Number.
