- a) the Index ceases to be published by the Related Exchange (or any successor); or
- b) the Related Exchange (or any successor) makes any material change to the formula for or the method of calculating the Index in a way that materially modifies the Index (other than a modification prescribed in that formula or method to maintain the Index in the event of changes to the constituent shares and capitalisation or other routine event),

then, subject to JSE approval,

- a) where another index is or commences to be published which in the opinion of the Calculation Agent is substantially equivalent to the original Index, the Issuer may substitute that other index for the Index; or
- b) where the Issuer does not make the substitution referred to in paragraph (a), Calculation Agent Determination shall apply.

Calculation Agent Determination:

means that the Calculation Agent will determine the Index Level (or a method for determining a Index Level), taking into consideration the latest available quotation for the Index and any other information in good faith it deems relevant, subject to the approval of the JSE.

Effect of Market Disruption Events:

If, in the opinion of the Calculation Agent, a Market Disruption Event (as defined above) has occurred and is continuing on any Valuation Date, the Index Level for that Valuation Date will be determined by the Calculation Agent in accordance with the provision set out above. For the avoidance of doubt, the provisions of clause 14 of the Terms and Conditions shall not apply to this Pricing Supplement.

Following the declaration of the terms of any Market Disruption Event, the Calculation Agent will determine whether such Market Disruption Event has an effect on the theoretical value of the index Warrant and, if so, will, subject to approval of the JSE:

- (i) make the corresponding adjustment, if any, to Cover Ratio, the Strike Price or Cash Settlement Amount, or any of the terms of these Conditions as the Calculation Agent determines appropriate; and
- (ii) determine the effective date of that adjustment; or
- (iii) cancel the Warrants by giving notice to Holders. If the Warrants are so cancelled the Calculation Agent shall pay an amount to each Holder in respect of each Warrant held by him which amount shall be the fair market value of a Warrant taking into account the Market Disruption Event, less the cost to the Issuer of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its opinion. Payments will be made in such manner as shall be notified to the Holders.
