**Issue of USD 1,873,000 Kick Out Notes with Capital at Risk due 2023**  
**under the**  
**£2,000,000,000 Impala Bonds Programme**

The Base Prospectus referred to below (as completed by these Final Terms) has been prepared on the basis that any offer of Notes in any Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "**Relevant Member State**") will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of the Notes. Accordingly any person making or intending to make an offer in that Relevant Member State of the Notes may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer. Neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any offer of Notes in any other circumstances. The expression "**Prospectus Directive**" means Directive 2003/71/EC (as amended by Directive 2008/11/EC, Directive 2010/73/EU and Directive 2008/78/EU) and includes any relevant implementing measures in the Relevant Member State.

Prospective investors considering acquiring any Notes should understand the risks of transactions involving the Notes and should reach an investment decision only after carefully considering the suitability of the Notes in light of their particular circumstances (including without limitation their own financial circumstances and investment objectives and the impact the Notes will have on their overall investment portfolio) and the information contained in this Base Prospectus and the applicable Final Terms. Prospective investors should consider carefully the risk factors set out under "*Risk Factors*" in the Base Prospectus referred to below.

## PART A – CONTRACTUAL TERMS

This document constitutes the Final Terms of the Notes described herein for the purposes of Article 5.4 of the Prospectus Directive and must be read in conjunction with the base prospectus in relation to the £2,000,000,000 Impala Bonds Programme dated 18 July 2018, which constitutes a base prospectus (the "Base Prospectus") for the purposes of Article 5(4) of the Prospectus Directive (Directive 2003/71/EC as amended by Directive 2008/11/EC, Directive 2010/73/EU and Directive 2008/78/EU) (the "Prospectus Directive").

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions, the Terms and the Additional Terms set forth in the Base Prospectus.

Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of these Final Terms and the Base Prospectus. The Base Prospectus is available for viewing at and copies may be obtained from [www.investecstructuredproducts.com](http://www.investecstructuredproducts.com) and during normal working hours from Investec Bank plc, 30 Gresham Street, London EC2V 7QP, and from Deutsche Bank AG, London Branch, Winchester House, 1 Great Winchester Street, London EC2N 2DB. A summary of the offer of the Notes is annexed to these Final Terms.

**PROHIBITION OF SALES TO EEA RETAIL INVESTORS** - The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU ("MiFID II"); (ii) a customer within the meaning of Directive 2002/92/EC ("IMD"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Directive. Consequently no key information document required by Regulation (EU) No 1286/2014 (the "PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

This summary contains all the Elements required to be included in a summary for this type of securities and issuer. Because some Elements are not required to be addressed, there may be gaps in the numbering sequence of the Elements.

Even though an Element may be required to be inserted in the summary because of the type of securities and issuer, it is possible that no relevant information can be given regarding the Element. In this case, a short description of the Element is included in the summary with the mention of "Not Applicable".

Section A – Introduction and Warnings		
A.1	<b>Introduction:</b>	<p>This summary must be read as an introduction to this Base Prospectus in relation to the Notes and any decision to invest in the Notes should be based on a consideration of this Base Prospectus, including the documents incorporated by reference herein, and this summary, as a whole.</p> <p>Where a claim relating to the information contained in this Base Prospectus is brought before a court in a Member State of the European Economic Area, the claimant may, under the national legislation of the Member State, be required to bear the costs of translating the Base Prospectus before the legal proceedings are initiated.</p> <p>Civil liability attaches only to those persons who have tabled the summary including any translation thereof, but only if the summary is misleading, inaccurate or inconsistent when read together with the other parts of this Base Prospectus or it does not provide, when read together with the other parts of this Base Prospectus, key information in order to aid Investors when considering whether to invest in the Notes.</p>
A.2	<b>Consent:</b>	<i>Not applicable.</i> The Issuer does not consent to the use of this Base Prospectus in circumstances where there is no exemption from the obligation under the Prospectus Directive to publish a prospectus as the Notes will not be publicly offered.

Section B – Issuer		
B.1	<b>Legal and commercial name of the Issuer:</b>	The legal name of the issuer is Investec Bank plc (the "Issuer").
B.2	<b>Domicile and legal form of the Issuer:</b>	<p>The Issuer is a public limited company registered in England and Wales under registration number 00489604. The liability of its members is limited.</p> <p>The Issuer was incorporated as a private limited company with limited liability on 20 December 1950 under the Companies Act 1948 and registered in England and Wales under registered number 00489604 with the name Edward Bates &amp; Sons Limited. Since then it has undergone changes of name, eventually re-registering under the Companies Act 1985 on 23 January 2009 as a public limited company and is now incorporated under the name Investec Bank plc.</p> <p>The Issuer is subject to primary and secondary legislation relating to financial services and banking regulation in the United Kingdom, including, <i>inter alia</i>, the Financial Services and Markets Act 2000, for the purposes of which the Issuer is an authorised person carrying on the business of financial services provision. In addition, as a public limited company, the Issuer is subject to the UK Companies Act 2006.</p>
B.4b	<b>Trends:</b>	<p>The Issuer, in its audited consolidated financial statements for the year ended 31 March 2018, reported operating profit before goodwill and acquired intangibles and after non-controlling interests of £136.3 million (2017: £161.1 million). The Specialist Bank continued to see good growth in loan portfolios and client activity which supported solid growth in net interest income. This was partially offset by lower investment and trading income, following particularly strong investment banking and client flow activity levels in the prior year. The Wealth &amp; Investment business benefited from higher average funds under management and positive net inflows. Growth in costs primarily reflects planned investment in growing the client franchise businesses, notably for the continued build out of the private client offerings. Impairments on the legacy loan portfolio increased in anticipation of accelerated exits of certain assets in line with the strategy of managing down this portfolio.</p> <p>The balance sheet remains strong, supported by sound capital and liquidity ratios. At 31 March 2018, the Issuer had £5.6 billion of cash and near cash to support its activities, representing 46.8% of its customer deposits. Customer deposits have increased by 6.0% since 31 March 2017 to £12.0 billion at 31 March 2018. The Issuer's loan to deposit ratio was 80.7% as at 31 March 2018 (31 March 2017: 76.2%). At 31 March 2018, the Issuer's total capital adequacy ratio was 16.5%, common equity tier 1 (CET1) ratio was</p>

		11.8% and its leverage ratio was 8.5%. These disclosures incorporate the deduction of foreseeable charges and dividends as required by the Capital Requirements Regulation and European Banking Authority technical standards. Excluding this deduction, the CET1 ratio would be 0.13% higher. The credit loss charge as a percentage of average gross core loans and advances was 1.14% (2017: 0.90%). The Issuer's gearing ratio remains low with total assets to equity at 9.1 times at 31 March 2018.																																									
B.5	<b>The group:</b>	The Issuer is the main banking subsidiary of Investec plc, which is part of an international banking group with operations in three principal markets: the United Kingdom and Europe, Asia/Australia and South Africa. The Issuer also holds certain of the Investec group's UK and Australia based assets and businesses.																																									
B.9	<b>Profit Forecast:</b>	Not applicable.																																									
B.10	<b>Audit Report Qualifications:</b>	Not applicable. There are no qualifications in the audit reports on the audited, consolidated financial statements of the Issuer and its subsidiary undertakings for the financial years ended 31 March 2017 or 31 March 2018.																																									
B.12	<b>Key Financial Information:</b>	The selected financial information set out below has been extracted without material adjustment from the audited consolidated financial statements of the Issuer for the years ended 31 March 2017 and 31 March 2018.

Section D – Risks		
D.2	Risks specific to the issuer:	<p>In relation to Public Offers of the Notes, the Notes are designed for investors who are or have access to a suitably qualified independent financial adviser or who have engaged a suitably qualified discretionary investment manager, in order to understand the characteristics and risks associated with structured financial products.</p> <p>The following are the key risks applicable to the Issuer:</p> <p><i>Market risks, business and general macro-economic conditions and fluctuations as well as volatility in the global financial markets could adversely affect the Issuer's business in many ways.</i></p> <p>The Issuer is subject to risks arising from general macro-economic conditions in the countries in which it operates, including in particular the UK, Europe, Asia and Australia, as well as global economic conditions.</p> <p><i>The Issuer is subject to risks concerning customer and counterparty credit quality.</i></p> <p>Credit and counterparty risk is defined as the risk arising from an obligor's (typically a client's or counterparty's) failure to meet the terms of any agreement. Credit and counterparty risk arises when funds are extended, committed, invested, or otherwise exposed through contractual agreements, whether reflected on- or off-balance sheet.</p> <p>The Issuer's credit risk arises primarily in relation to its Specialist Banking business, through which it offers products such as private client mortgages and specialised lending to high income professionals and high net worth individuals and a range of lending products to corporate clients, including corporate loans, asset based lending, fund finance, asset finance, acquisition finance, power and infrastructure finance, resource finance and corporate debt securities. Within its Wealth &amp; Investment business, the Issuer is subject to relatively limited settlement risk which can arise due to undertaking transactions in an agency capacity on behalf of clients.</p> <p>In accordance with policies overseen by its Central Credit Management department, the Issuer makes provision for specific impairments and calculates the appropriate level of portfolio impairments in relation to the credit and counterparty risk to which it is subject.</p> <p>Increased credit and counterparty risk could have a material adverse impact on the Issuer's business, results of operations, financial condition and prospects.</p> <p><i>The Issuer is subject to liquidity risk, which may impair its ability to fund its operations.</i></p> <p>Liquidity risk is the risk that the Issuer has insufficient capacity to fund increases in its assets, or that it is unable to meet its payment obligations as they fall due. This includes repaying depositors or maturing wholesale debt. This risk arises from mismatches in the timing of cash flows, and is inherent in all banking operations and can be impacted by a range of institution-specific and market-wide events.</p> <p><i>The Issuer may have insufficient capital in the future and may be unable to secure additional financing when it is required.</i></p> <p>The prudential regulatory capital requirements applicable to banks have increased significantly over the last decade, largely in response to the financial crisis that commenced in 2008 but also as a result of continuing work undertaken by regulatory bodies in the financial sector subject to certain global and national mandates. These prudential requirements are likely to increase further in the short term, not least in connection with ongoing implementation issues, and it is possible that further regulatory changes may be implemented in this area in any event.</p> <p>If the Issuer fails to meet its minimum regulatory capital or liquidity requirements, it may be subject to administrative actions or sanctions. In addition, a shortage of capital or liquidity could affect the Issuer's ability to pay liabilities as they fall due, pay future dividends and distributions, and could affect the implementation of its business strategy, impacting future growth potential.</p>
D.3	Risks specific to the securities:	<p>Series 710 are Kick Out Notes with Capital at Risk.</p> <p>The following are the key risks applicable to the Notes:</p> <p><b>Capital at Risk:</b> Kick Out Notes with Capital at Risk are not capital protected.</p> <p>The value of the Notes issuable under the Programme prior to maturity depends on a number of factors including the performance of the Underlying. A deterioration in the performance of the Underlying may result in a total or partial loss of the investor's investment in the Notes.</p> <p>As such Notes are not capital protected, there is no guarantee that the return on such a Note will be greater than or equal to the amount invested in the Notes initially or that an investor's initial investment</p>

will be returned. As a result of the performance of the relevant Underlying, an investor may lose all of their initial investment.

Unlike an investor investing in a savings account or similar investment, where an investor may typically expect to receive a low return but suffer little or no loss of their initial investment, an investor investing in Notes which are not capital protected may expect to potentially receive a higher return but may also expect to potentially suffer a total or partial loss of their initial investment.

**Investment Products:** The Notes are not deposits and they are not protected under the UK's Financial Services Compensation Scheme or any deposit protection insurance scheme.

**Return linked to performance of the relevant Underlying:** The return on the Notes is calculated by reference to the performance of the Underlying. Poor performance of the relevant index could result in investors, at best, forgoing returns that could have been made had they invested in a different product or, at worst, losing some or all of their initial investment.

**Downside risk:** Since the Notes are not capital protected or only a portion of the capital may be protected, if at maturity the level of the Underlying is less than a specified level, investors may lose their right to return of all their principal or all of the portion of the principal that is not protected at maturity and may suffer a reduction of their capital in proportion (or a proportion multiplied by a leverage factor) with the decline of the level or price of the Underlying, in which case investors would be fully exposed (or, in the case of a Note where only a portion of the capital is protected, the portion of capital not protected would be fully exposed) to any downside of the Underlying during such specified period.

**Tax:** Noteholders will be liable for and/or subject to any taxes, including withholding tax, payable in respect of the Notes.

<b>Section E – Offer</b>		
<b>E.2b</b>	<b>Reasons for the Offer and Use of Proceeds:</b>	Not Applicable. The use of proceeds is to make a profit and/or hedge risks.
<b>E.3</b>	<b>Terms and Conditions of the Offer:</b>	Not applicable.
<b>E.4</b>	<b>Interests Material to the Issue:</b>	The Issuer may be the Calculation Agent responsible for making determinations and calculations in connection with the Notes and may also be the valuation agent in connection with the reference asset(s). Such determinations and calculations will determine the amounts that are required to be paid by the Issuer to holders of the Notes. Accordingly when the Issuer acts as Calculation Agent, or Valuation Agent its duties as agent (in the interest of holders of the Notes) may conflict with the interest as issuer of the Notes.
<b>E.7</b>	<b>Estimated Expenses:</b>	Not applicable. Expenses in respect of the offer or listing of the Notes are not charged by the Issuer or Dealers to the Investor.
