Investec Bank plc
Issue of USD 4,000,000 Floating Rate Credit Linked Notes due 2024
under the
£2,000,000,000 Impala Bonds Programme

The Base Prospectus referred to below (as completed by these Final Terms) has been prepared on the basis that any offer of Notes in any Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "**Relevant Member State**") will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of the Notes. Accordingly any person making or intending to make an offer in that Relevant Member State of the Notes may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer. Neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any offer of Notes in any other circumstances. The expression "**Prospectus Directive**" means Directive 2003/71/EC (as amended by Directive 2008/11/EC, Directive 2010/73/EU and Directive 2008/78/EU) and includes any relevant implementing measures in the Relevant Member State.

Prospective investors considering acquiring any Notes should understand the risks of transactions involving the Notes and should reach an investment decision only after carefully considering the suitability of the Notes in light of their particular circumstances (including without limitation their own financial circumstances and investment objectives and the impact the Notes will have on their overall investment portfolio) and the information contained in this Base Prospectus and the applicable Final Terms. Prospective investors should consider carefully the risk factors set out under "*Risk Factors*" in the Base Prospectus referred to below.

PART A – CONTRACTUAL TERMS

This document constitutes the Final Terms of the Notes described herein for the purposes of Article 5.4 of the Prospectus Directive and must be read in conjunction with the base prospectus in relation to the £2,000,000,000 Impala Bonds Programme dated 18 July 2018, which constitutes a base prospectus (the "**Base Prospectus**") for the purposes of Article 5(4) of the Prospectus Directive (Directive 2003/71/EC as amended by Directive 2008/11/EC, Directive 2010/73/EU and Directive 2008/78/EU) (the "**Prospectus Directive**").

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions, the Terms and the Additional Terms set forth in the Base Prospectus.

Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of these Final Terms and the Base Prospectus. The Base Prospectus is available for viewing at and copies may be obtained from www.investecstructuredproducts.com and during normal working hours from Investec Bank plc, 30 Gresham Street, London EC2V 7QP, and from Deutsche Bank AG, London Branch, Winchester House, 1 Great Winchester Street, London EC2N 2DB. A summary of the offer of the Notes is annexed to these Final Terms.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS - The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU ("**MiFID II**"); (ii) a customer within the meaning of Directive 2002/92/EC ("**IMD**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Directive. Consequently no key information document required by Regulation (EU) No 1286/2014 (the "**PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

This summary contains all the Elements required to be included in a summary for this type of securities and issuer. Because some Elements are not required to be addressed, there may be gaps in the numbering sequence of the Elements.

Even though an Element may be required to be inserted in the summary because of the type of securities and issuer, it is possible that no relevant information can be given regarding the Element. In this case, a short description of the Element is included in the summary with the mention of "Not Applicable".

Section B – Issuer		
B.1	Legal and commercial name of the Issuer:	<p>The legal name of the issuer is Investec Bank plc (the "Issuer").</p>
B.2	Domicile and legal form of the Issuer:	<p>The Issuer is a public limited company registered in England and Wales under registration number 00489604. The liability of its members is limited.</p> <p>The Issuer was incorporated as a private limited company with limited liability on 20 December 1950 under the Companies Act 1948 and registered in England and Wales under registered number 00489604 with the name Edward Bates & Sons Limited. Since then it has undergone changes of name, eventually re-registering under the Companies Act 1985 on 23 January 2009 as a public limited company and is now incorporated under the name Investec Bank plc.</p> <p>The Issuer is subject to primary and secondary legislation relating to financial services and banking regulation in the United Kingdom, including, <i>inter alia</i>, the Financial Services and Markets Act 2000, for the</p>

		purposes of which the Issuer is an authorised person carrying on the business of financial services provision. In addition, as a public limited company, the Issuer is subject to the UK Companies Act 2006.																	
B.4b	Trends:	<p>The Issuer, in its audited consolidated financial statements for the year ended 31 March 2018, reported operating profit before goodwill and acquired intangibles and after non-controlling interests of £136.3 million (2017: £161.1 million). The Specialist Bank continued to see good growth in loan portfolios and client activity which supported solid growth in net interest income. This was partially offset by lower investment and trading income, following particularly strong investment banking and client flow activity levels in the prior year. The Wealth & Investment business benefited from higher average funds under management and positive net inflows. Growth in costs primarily reflects planned investment in growing the client franchise businesses, notably for the continued build out of the private client offerings. Impairments on the legacy loan portfolio increased in anticipation of accelerated exits of certain assets in line with the strategy of managing down this portfolio.</p> <p>The balance sheet remains strong, supported by sound capital and liquidity ratios. At 31 March 2018, the Issuer had £5.6 billion of cash and near cash to support its activities, representing 46.8% of its customer deposits. Customer deposits have increased by 6.0% since 31 March 2017 to £12.0 billion at 31 March 2018. The Issuer's loan to deposit ratio was 80.7% as at 31 March 2018 (31 March 2017: 76.2%). At 31 March 2018, the Issuer's total capital adequacy ratio was 16.5%, common equity tier 1 (CET1) ratio was 11.8% and its leverage ratio was 8.5%. These disclosures incorporate the deduction of foreseeable charges and dividends as required by the Capital Requirements Regulation and European Banking Authority technical standards. Excluding this deduction, the CET1 ratio would be 0.13% higher. The credit loss charge as a percentage of average gross core loans and advances was 1.14% (2017: 0.90%). The Issuer's gearing ratio remains low with total assets to equity at 9.1 times at 31 March 2018.</p>																	
B.5	The group:	The Issuer is the main banking subsidiary of Investec plc, which is part of an international banking group with operations in three principal markets: the United Kingdom and Europe, Asia/Australia and South Africa. The Issuer also holds certain of the Investec group's UK and Australia based assets and businesses.																	
B.9	Profit Forecast:	Not applicable.																	
B.10	Audit Report Qualifications:	Not applicable. There are no qualifications in the audit reports on the audited, consolidated financial statements of the Issuer and its subsidiary undertakings for the financial years ended 31 March 2017 or 31 March 2018.

Section D – Risks

D.2	Risks specific to the issuer:	In relation to Public Offers of the Notes, the Notes are designed for investors who are or have access to a suitably qualified independent financial adviser or who have engaged a suitably qualified discretionary investment manager, in order to understand the characteristics and risks associated with structured financial products.
		<p>The following are the key risks applicable to the Issuer:</p> <p><i>Market risks, business and general macro-economic conditions and fluctuations as well as volatility in the global financial markets could adversely affect the Issuer's business in many ways.</i></p> <p>The Issuer is subject to risks arising from general macro-economic conditions in the countries in which it operates, including in particular the UK, Europe, Asia and Australia, as well as global economic conditions.</p> <p><i>The Issuer is subject to risks concerning customer and counterparty credit quality.</i></p> <p>Credit and counterparty risk is defined as the risk arising from an obligor's (typically a client's or counterparty's) failure to meet the terms of any agreement. Credit and counterparty risk arises when funds are extended, committed, invested, or otherwise exposed through contractual agreements, whether reflected on- or off-balance sheet.</p> <p>The Issuer's credit risk arises primarily in relation to its Specialist Banking business, through which it offers products such as private client mortgages</p>

		<p>and specialised lending to high income professionals and high net worth individuals and a range of lending products to corporate clients, including corporate loans, asset based lending, fund finance, asset finance, acquisition finance, power and infrastructure finance, resource finance and corporate debt securities. Within its Wealth & Investment business, the Issuer is subject to relatively limited settlement risk which can arise due to undertaking transactions in an agency capacity on behalf of clients.</p> <p>In accordance with policies overseen by its Central Credit Management department, the Issuer makes provision for specific impairments and calculates the appropriate level of portfolio impairments in relation to the credit and counterparty risk to which it is subject.</p> <p>Increased credit and counterparty risk could have a material adverse impact on the Issuer's business, results of operations, financial condition and prospects.</p> <p><i>The Issuer is subject to liquidity risk, which may impair its ability to fund its operations.</i></p> <p>Liquidity risk is the risk that the Issuer has insufficient capacity to fund increases in its assets, or that it is unable to meet its payment obligations as they fall due. This includes repaying depositors or maturing wholesale debt. This risk arises from mismatches in the timing of cash flows, and is inherent in all banking operations and can be impacted by a range of institution-specific and market-wide events.</p> <p><i>The Issuer may have insufficient capital in the future and may be unable to secure additional financing when it is required.</i></p> <p>The prudential regulatory capital requirements applicable to banks have increased significantly over the last decade, largely in response to the financial crisis that commenced in 2008 but also as a result of continuing work undertaken by regulatory bodies in the financial sector subject to certain global and national mandates. These prudential requirements are likely to increase further in the short term, not least in connection with ongoing implementation issues, and it is possible that further regulatory changes may be implemented in this area in any event.</p> <p>If the Issuer fails to meet its minimum regulatory capital or liquidity requirements, it may be subject to administrative actions or sanctions. In addition, a shortage of capital or liquidity could affect the Issuer's ability to pay liabilities as they fall due, pay future dividends and distributions, and could affect the implementation of its business strategy, impacting future growth potential.</p>
<p>D.3</p>	<p>Risks specific to the securities:</p>	<p>The Notes are Single Name CLNs to which ISDA Credit Linkage apply.</p> <p>The following are the key risks applicable to the Notes:</p> <p>Unsecured Notes: Investors investing in unsecured Notes (including unsecured Notes which are specified in the applicable Final Terms as Notes "without Capital at Risk") are advised to carefully evaluate the Issuer's credit risk when considering an investment in such Notes. If the Issuer became unable to pay amounts owed to the investor under the unsecured Notes, such investor does not have recourse to the underlying or any other security/collateral and, in a worst case scenario, investors may not receive any payments under the Notes.</p>

	<p>Investment Products: The Notes are not deposits and they are not protected under the UK's Financial Services Compensation Scheme or any deposit protection insurance scheme.</p> <p>Tax: Noteholders will be liable for and/or subject to any taxes, including withholding tax, payable in respect of the Notes.</p> <p>Key risks specific to Credit Linked Notes</p> <p>Credit Linkage: The Notes are linked to the credit of the Reference Entity. If the Reference Entity becomes subject to a CDS Event then the redemption price which would otherwise be payable in respect of the Credit Linked Portion of the Note will be reduced in accordance with the Recovery Rate determined in respect of the Reference Entity. If the Reference Entity becomes subject to a CDS Event, there is a risk that an investor's return on the Credit Linked Portion of the Note may be reduced and may be zero.</p> <p>Cessation of accrual of Interest - ISDA Credit Linkage: Interest on the Notes shall cease to accrue from (but excluding) the Interest Accrual Cessation Date, being the date specified in the CDS Event Notice as the date on which the Credit Event triggering the relevant Event Determination Date (each term as defined in the 2014 ISDA Credit Derivatives Definitions as published by the International Swaps and Derivatives Association, Inc.). Cessation of accrual of interest means an investor in these Notes may receive a lower return.</p> <p>General Recovery Rate in Single Name CLNs – ISDA Credit Linkage: The redemption price payable on the Credit Linked Portion of the Notes following the occurrence of a CDS Event in respect of a Reference Entity will be determined by reference to an auction price for the unsecured, senior debt obligations of the applicable Reference Entity as determined by the ISDA Determination Committee or the market value of such obligation(s). There is a risk that the return payable to an investor in a Credit Linked Notes may be different from the return that investors would have received had they been holding a particular debt instrument issued by the Reference Entity.</p>

E.4	Interests Material to the Issue:	The Issuer may be the Calculation Agent responsible for making determinations and calculations in connection with the Notes and may also be the valuation agent in connection with the reference asset(s). Such determinations and calculations will determine the amounts that are required to be paid by the Issuer to holders of the Notes. Accordingly when the Issuer acts as Calculation Agent, or Valuation Agent its duties as agent (in the interest of holders of the Notes) may conflict with the interest as issuer of the Notes.
E.7	Estimated Expenses:	Not applicable. Expenses in respect of the offer or listing of the Notes are not charged by the Issuer or Dealers to the Investor.
