**Issue of SEK 100,000,000 Fixed Rate Credit Linked Notes due 2022**  
**under the**  
**£2,000,000,000 Impala Bonds Programme**

The Base Prospectus referred to below (as completed by these Final Terms) has been prepared on the basis that any offer of Notes in any Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "**Relevant Member State**") will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of the Notes. Accordingly any person making or intending to make an offer in that Relevant Member State of the Notes may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer. Neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any offer of Notes in any other circumstances. The expression "**Prospectus Directive**" means Directive 2003/71/EC (as amended by Directive 2008/11/EC, Directive 2010/73/EU and Directive 2008/78/EU) and includes any relevant implementing measures in the Relevant Member State.

Prospective investors considering acquiring any Notes should understand the risks of transactions involving the Notes and should reach an investment decision only after carefully considering the suitability of the Notes in light of their particular circumstances (including without limitation their own financial circumstances and investment objectives and the impact the Notes will have on their overall investment portfolio) and the information contained in this Base Prospectus and the applicable Final Terms. Prospective investors should consider carefully the risk factors set out under "*Risk Factors*" in the Base Prospectus referred to below.

**PART A – CONTRACTUAL TERMS**

This document constitutes the Final Terms of the Notes described herein for the purposes of Article 5.4 of the Prospectus Directive and must be read in conjunction with the base prospectus in relation to the £2,000,000,000 Impala Bonds Programme dated 19 July 2017, which together with the supplemental prospectus dated 11 December 2017 constitutes a base prospectus (the "**Base Prospectus**") for the purposes of Article 5(4) of the Prospectus Directive (Directive 2003/71/EC as amended by Directive 2008/11/EC, Directive 2010/73/EU and Directive 2008/78/EU) (the "**Prospectus Directive**").

Terms used herein shall be deemed to be defined as such for the purposes of the Conditions, the Terms and the Additional Terms set forth in the Base Prospectus.

Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of these Final Terms and the Base Prospectus. The Base Prospectus is available for viewing at and copies may be obtained from [www.investecstructuredproducts.com](http://www.investecstructuredproducts.com) and during normal working hours from Investec Bank plc, 30 Gresham Street, London EC2V 7QP, and from Deutsche Bank AG, London Branch, Winchester House, 1 Great Winchester Street, London EC2N 2DB. A summary of the offer of the Notes is annexed to these Final Terms.

**PROHIBITION OF SALES TO EEA RETAIL INVESTORS** - The Notes are not intended, from 1 January 2018, to be offered, sold or otherwise made available to and, with effect from such date, should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU ("**MiFID II**"); (ii) a customer within the meaning of Directive 2002/92/EC ("**IMD**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Directive. Consequently no key information document required by Regulation (EU) No 1286/2014 (the "**PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

## SUMMARY

Summaries are made up of disclosure requirements known as "Elements". These elements are numbered in Sections A – E (A.1 – E.7).

This summary contains all the Elements required to be included in a summary for this type of securities and issuer. Because some Elements are not required to be addressed, there may be gaps in the numbering sequence of the Elements.

Even though an Element may be required to be inserted in the summary because of the type of securities and issuer, it is possible that no relevant information can be given regarding the Element. In this case, a short description of the Element is included in the summary with the mention of "Not Applicable".

Section A – Introduction and Warnings		
A.1	<b>Introduction:</b>	<p>This summary must be read as an introduction to this Base Prospectus in relation to the Notes and any decision to invest in the Notes should be based on a consideration of this Base Prospectus, including the documents incorporated by reference herein, and this summary, as a whole.</p> <p>Where a claim relating to the information contained in this Base Prospectus is brought before a court in a Member State of the European Economic Area, the claimant may, under the national legislation of the Member State, be required to bear the costs of translating the Base Prospectus before the legal proceedings are initiated.</p> <p>Civil liability attaches only to those persons who have tabled the summary including any translation thereof, but only if the summary is misleading, inaccurate or inconsistent when read together with the other parts of this Base Prospectus or it does not provide, when read together with the other parts of this Base Prospectus, key information in order to aid Investors when considering whether to invest in the Notes.</p>

Section B – Issuer		
B.1	<b>Legal and commercial name of the Issuer:</b>	The legal name of the issuer is Investec Bank plc (the "Issuer").
B.2	<b>Domicile and legal form of the Issuer:</b>	<p>The Issuer is a public limited company registered in England and Wales under registration number 00489604. The liability of its members is limited.</p> <p>The Issuer was incorporated as a private limited company with limited liability on 20 December 1950 under the Companies Act 1948 and registered in England and Wales under registered number 00489604 with the name Edward Bates &amp; Sons Limited. Since then it has undergone changes of name, eventually re-registering under the Companies Act 1985 on 23 January 2009 as a public limited company and is now incorporated under the name Investec Bank plc.</p> <p>The Issuer is subject to primary and secondary legislation relating to financial services and banking regulation in the United Kingdom, including, inter alia, the Financial Services and Markets Act 2000, for the purposes of which the Issuer is an authorised person carrying on the business of financial services provision. In addition, as a public limited company, the Issuer is subject to the UK Companies Act 2006.</p>
B.4b	<b>Trends:</b>	The Issuer, in its unaudited half yearly financial report for the six month period ended 30 September 2017, reported a decrease of 6.9% in operating profit before goodwill and acquired intangibles and after non-controlling interests to £79.285 million (September 2016: £85.160 million). The balance sheet remains strong, supported by sound capital and liquidity ratios. At 30 September 2017, the Issuer had £4.9 billion of cash and near cash to support its activities, representing 43% of its customer deposits. Customer deposits have decreased by less than 0.1% since 31 March 2017 to £11.2 billion at 30 September 2017. The Issuer's loan to deposit ratio was 79.1% as at 30 September 2017 (March 2017: 76.2%). At 30 September 2017, the Issuer's total capital adequacy ratio was 16.0% and its tier 1 ratio was 12.1%. The Issuer's anticipated 'fully loaded' common equity tier 1 ratio and leverage ratio are 12.1% and 8.2%, respectively (where 'fully loaded' is based on Capital Requirements Regulation ("CRR") requirements as fully phased in by 2022). These disclosures incorporate the deduction of foreseeable dividends as required by the CRR and European Banking Authority technical standards. Excluding this deduction, the ratio would be 14bps higher. The credit loss charge as a percentage of average gross core loans and advances has decreased from 0.90% at 31 March 2017 to 0.84%. The Issuer's gearing ratio remains low with total assets to equity decreasing to 9.3 times at 30 September 2017.

<b>B.5</b>	<b>The group:</b>	The Issuer is the main banking subsidiary of Investec plc, which is part of an international banking group with operations in three principal markets: the United Kingdom and Europe, Asia/Australia and South Africa. The Issuer also holds certain of the Investec group's UK and Australia based assets and businesses.

C.5	Free Transferability:	<p>The Notes are freely transferable. The Secured Notes constitute direct, unconditional, unsubordinated secured obligations of the Issuer that will rank <i>pari passu</i> among themselves. The Issuer will create security over a pool of collateral ("Collateral Pool") to secure a specified portion (the "Secured Portion") of its obligations in respect of the Secured Notes. The Collateral Pool secures more than one Series of Secured Notes.</p> <p><b>Denomination:</b> The Notes will be issued in denominations of SEK 1,000,000</p> <p><b>Taxation:</b> All payments in respect of the Notes will be made without deduction for or on account of withholding taxes imposed by the United Kingdom unless such withholding or deduction is required by law. 		<p><b>Fixed Rate Notes</b></p> <p>The Notes are Fixed Rate Notes which bear interest at a fixed percentage rate, being the "Rate of Interest" expressed as a percentage rate per annum. The Rate of Interest in respect of Series 661S is 6.57% per annum.</p> <p>In order to calculate the amount of interest or "Interest Amount" payable per Note, the Calculation Agent applies the Rate of Interest to the outstanding principal amount of the Notes (or a specified calculation amount (the "Calculation Amount")) for the period from and including the previous Interest Payment Date to but excluding the current Interest Payment Date (or, in the case of the first Interest Payment Date, from the date which is specified as being the "Interest Commencement Date" until the first Interest Payment Date) (each such period an "Interest Period") and multiplies the product by a fraction known as a "Day Count Fraction". The Day Count Fraction reflects the number of days in the period for which interest is being calculated. The Issuer may specify this interest as "Fixed Coupon Amounts" in the Final Terms.</p> <p>If interest needs to be calculated for a period other than an Interest Period due to an unscheduled redemption of the Notes, the provisions above shall apply save that the period reflected by the Day Count Fraction shall be the period from the previous Interest Payment Date (or the Interest Commencement Date, as applicable) to but excluding the relevant date of redemption.</p> <p>The Interest Amount is due and payable in arrear on the relevant Interest Payment Date.</p> <p><b>Payments of Principal:</b> Payments of principal in respect of Notes are credit linked to a specified Reference Entity.</p> <p><b>Yield:</b></p> <p>The yield of the Notes will be calculated on the Issue Date with reference to the Issue Price. Each such calculation of the yield of the Notes will not be an indication of future yield.</p> <p>The yield of the Notes is 6.57 per cent. per annum.</p> <p><b>Noteholder Representative</b></p> <p>Deutsche Trustee Company Limited (the "Trustee") has entered into a trust deed with the Issuer in connection with the Programme, under which it has agreed to act as trustee for the Noteholders.</p>

The Credit Linked Notes are "Single Name CLNs" to which the "ISDA" Credit Linkage provisions apply.</p> <p>If the Reference Entity becomes subject to a CDS Event, the value of the Notes will be linked to a rate determined by reference to the market value of a specified debt obligation (ISIN: DE000DB7XHP3) of the relevant Reference Entity (being the "Reference Obligation").</p>

Section D – Risks		
D.2	Risks specific to the issuer:	<p>In relation to Public Offers of the Notes, the Notes are designed for investors who are or have access to a suitably qualified independent financial adviser or who have engaged a suitably qualified discretionary investment manager, in order to understand the characteristics and risks associated with structured financial products.</p> <p><b>The following are the key risks applicable to the Issuer:</b></p> <p><i>Market risks, business and general macro-economic conditions and fluctuations as well as volatility in the global financial markets could adversely affect the Issuer's business in many ways.</i></p> <p>The Issuer is subject to risks arising from general macro-economic conditions in the countries in which it operates, including in particular the UK, Europe, Asia and Australia, as well as global economic conditions.</p> <p><i>The Issuer is subject to risks concerning customer and counterparty credit quality.</i></p> <p>Credit and counterparty risk is defined as the risk arising from an obligor's (typically a client's or counterparty's) failure to meet the terms of any agreement. Credit and counterparty risk arises when funds are extended, committed, invested, or otherwise exposed through contractual agreements, whether reflected on- or off-balance sheet.</p> <p>The Issuer's credit risk arises primarily in relation to its Specialist Banking business, through which it offers products such as private client mortgages and specialised lending to high income professionals and high net worth individuals and a range of lending products to corporate clients, including corporate loans, asset based lending, fund finance, asset finance, acquisition finance, power and infrastructure finance, resource finance and corporate debt securities. Within its Wealth &amp; Investment business, the Issuer is subject to relatively limited settlement risk which can arise due to undertaking transactions in an agency capacity on behalf of clients.</p> <p>In accordance with policies overseen by its Central Credit Management department, the Issuer makes provision for specific impairments and calculates the appropriate level of portfolio impairments in relation to the credit and counterparty risk to which it is subject.</p> <p>Increased credit and counterparty risk could have a material adverse impact on the Issuer's business, results of operations, financial condition and prospects.</p> <p><i>The Issuer is subject to liquidity risk, which may impair its ability to fund its operations.</i></p> <p>Liquidity risk is the risk that the Issuer has insufficient capacity to fund increases in its assets, or that it is unable to meet its payment obligations as they fall due, without incurring unacceptable losses. This includes repaying depositors and repayments of wholesale debt. This risk is inherent in all banking operations and can be impacted by a range of institution-specific and market-wide events.</p> <p><i>The Issuer may have insufficient capital in the future and may be unable to secure additional financing when it is required.</i></p> <p>The prudential regulatory capital requirements applicable to banks have increased significantly over the last decade, largely in response to the financial crisis that commenced in 2008 but also as a result of continuing work undertaken by regulatory bodies in the financial sector subject to certain global and national mandates. These prudential requirements are likely to increase further in the short term, not least in connection with ongoing implementation issues, and it is possible that further regulatory changes may be implemented in this area in any event.</p> <p>If the Issuer fails to meet its minimum regulatory capital or liquidity requirements, it may be subject to administrative actions or sanctions. In addition, a shortage of capital or liquidity could affect the Issuer's ability to pay liabilities as they fall due, pay future dividends and distributions, and could affect the implementation of its business strategy, impacting future growth potential.</p>
D.3	Risks specific to the securities:	<p>The Notes are Single Name CLNs to which ISDA Credit Linkage apply.</p> <p><b>Investment Products:</b> The Notes are not deposits and they are not protected under the UK's Financial Services Compensation Scheme or any deposit protection insurance scheme.</p> <p><b>Tax:</b> Noteholders will be liable for and/or subject to any taxes, including withholding tax, payable in respect of the Notes.</p> <p><b>Key risks specific to Secured Notes</b></p> <p><b>Security may not be sufficient to meet all payments:</b> Any net proceeds realised upon enforcement of any security granted by the Issuer over a pool of collateral ("Collateral Pool") will be applied in or towards satisfaction of the claims of, among others, the security trustee and any appointee and/or receiver appointed by the trustee in respect of the Secured Notes before the claims of the holders of</p>

the relevant Secured Notes. Since the net enforcement proceeds may not be sufficient to meet all payments in respect of the Secured Notes, investors may suffer a loss on their investment.

**Collateral Pool may secure more than one series of secured Notes:** A Collateral Pool may secure the Issuer's obligations with respect to more than one series of Secured Notes and an event of default under the Notes with respect to any one series of Secured Notes secured by such Collateral Pool may trigger the early redemption of all other series that are secured by the same Collateral Pool in order for the security over the entire Collateral Pool to be enforced. Such cross-default may, among other things, result in losses being incurred by holders of the Secured Notes which would not otherwise have arisen.

**Substitution of Posted Collateral:** Collateral posted as security for the Issuer's obligations under the Notes may, at the Issuer's request, be substituted for other items of collateral "**Eligible Collateral**" provided that on the date of transfer the value of the new collateral is equal to or exceeds the value of the original collateral. Any such substitution request is subject to (a) verification by the entity appointed as the verification agent (the "**Verification Agent**") that the new item of collateral is Eligible Collateral; and (b) approval by the Trustee. However, neither the Verification Agent nor the Trustee is obliged to confirm that the value of the new item of Eligible Collateral is equal to or exceeds the value of the original item of posted collateral. Following any such substitution, the market value of the new item of Eligible Collateral may fall below the value of the original item of posted collateral, and the net proceeds realised upon enforcement of the relevant Collateral Pool may therefore be less than if no such substitution had been made.

#### **Key risks specific to Credit Linked Notes**

**Credit Linkage:** The Notes are linked to the credit of the Reference Entity. If the Reference Entity becomes subject to a CDS Event then the redemption price which would otherwise be payable in respect of the Credit Linked Portion of the Note will be reduced in accordance with the Recovery Rate determined in respect of the Reference Entity. If the Reference Entity becomes subject to a CDS Event, there is a risk that an investor's return on the Credit Linked Portion of the Note may be reduced and may be zero.

**Cessation of accrual of Interest - ISDA Credit Linkage:** Interest on the Notes shall cease to accrue from (but excluding) the Interest Accrual Cessation Date, being the date specified in the CDS Event Notice as the date on which the Credit Event triggering the relevant Event Determination Date (each term as defined in the 2014 ISDA Credit Derivatives Definitions as published by the International Swaps and Derivatives Association, Inc.). Cessation of accrual of interest means an investor in these Notes may receive a lower return.

**Specific Recovery Rate in Single Name CLNs – ISDA Credit Linkage:** The redemption price payable on the Notes following the occurrence of a CDS Event in respect of a Reference Entity will be determined by reference to the market value of specific reference obligation(s) of the Reference Entity ("**Recovery Rate**"). There is a risk that the return payable to an investor in a Credit Linked Notes may be different from the return that investors would have received had they been holding that debt instrument or another debt instrument issued by the specified Reference Entity.

Section E – Offer		
E.2b	<b>Reasons for the Offer and Use of Proceeds:</b>	The net proceeds from each issue of Notes will be used by the Issuer for general corporate purposes, which includes making a profit and/or hedging certain risks.
E.3	<b>Terms and Conditions of the Offer:</b>	Not applicable.
E.4	<b>Interests Material to the Issue:</b>	The Issuer may be the Calculation Agent responsible for making determinations and calculations in connection with the Notes and may also be the valuation agent in connection with the reference asset(s). Such determinations and calculations will determine the amounts that are required to be paid by the Issuer to holders of the Notes. Accordingly when the Issuer acts as Calculation Agent, or Valuation Agent its duties as agent (in the interest of holders of the Notes) may conflict with the interest as issuer of the Notes.
E.7	<b>Estimated Expenses:</b>	Not applicable. Expenses in respect of the offer or listing of the Notes are not charged by the Issuer or Dealers to the Investor.
