The licensing agreement between Investec Bank plc and STOXX is solely for their benefit and not for the benefit of the owners of the Notes or the Preference Shares or any other third parties.

ANNEX

SUMMARY

Summaries are made up of disclosure requirements known as "Elements". These elements are numbered in Sections A – E (A.1 – E.7).

This summary contains all the Elements required to be included in a summary for this type of securities and issuer. Because some Elements are not required to be addressed, there may be gaps in the numbering sequence of the Elements.

Even though an Element may be required to be inserted in the summary because of the type of securities and issuer, it is possible that no relevant information can be given regarding the Element. In this case, a short description of the Element is included in the summary with the mention of "Not Applicable".

SECTION A – INTRODUCTION AND WARNINGS		
A.1	Introduction:	<p>This summary should be read as an introduction to this Base Prospectus and any decision to invest in the Notes should be based on a consideration of this Base Prospectus as a whole by the investor.</p> <p>Where a claim relating to the information contained in this Base Prospectus is brought before a court, the plaintiff investor might, under the national legislation of the Member State, have to bear the costs of translating the Base Prospectus before the legal proceedings are initiated.</p> <p>Civil liability attaches only to those persons who have tabled the summary including any translation thereof, but only if the summary is misleading, inaccurate or inconsistent when read together with the other parts of this Base Prospectus or it does not provide, when read together with the other parts of this Base Prospectus, key information in order to aid investors when considering whether to invest in the Notes.</p>
A.2	Consent:	<p>The Issuer gives its express consent, either as a "general consent" or as a "specific consent" as described below, to the use of the prospectus by a financial intermediary that satisfies the Conditions applicable to the "general consent" or "specific consent", and accepts the responsibility for the content of the Base Prospectus, with respect to the subsequent resale or final placement of securities by any such financial intermediary to retail investors in the United Kingdom, Jersey, Guernsey and the Isle of Man (the "Public Offer Jurisdictions") in circumstances where there is no exemption from the obligation under the Prospectus Directive to publish a prospectus (any such offer being a "Public Offer").</p> <p><i>General consent:</i> Subject to the "<i>Common conditions to consent</i>" set out below, the Issuer hereby grants its consent to the use of this Base Prospectus for the entire term of the Base Prospectus in connection with a Public Offer of any Tranche of Notes by any financial intermediary in the Public Offer Jurisdictions which is authorised to make such offers under the Financial Services and Markets Act 2000, as amended, or other applicable legislation implementing Directive 2004/39/EC (the "Markets in Financial Instruments Directive") and publishes on its</p>

		<p>website the following statement (with the information in square brackets being completed with the relevant information):</p> <p>"We, [<i>insert legal name of financial intermediary</i>], refer to the base prospectus (the "Base Prospectus") relating to notes issued under the £4,000,000,000 Zebra Capital Plans Retail Structured Products Programme (the "Notes") by Investec Bank plc (the "Issuer"). We agree to use the Base Prospectus in connection with the offer of the Notes in the United Kingdom, Jersey and the Isle of Man and Guernsey in accordance with the consent of the Issuer in the Base Prospectus and subject to the conditions to such consent specified in the Base Prospectus as being the "<i>Common conditions to consent</i>"."</p> <p>Any new information with respect to any financial intermediary or intermediaries unknown at the time of the approval of this Base Prospectus or after the filing of the applicable Final Terms will be published on the Issuer's website (www.investecstructuredproducts.com).</p> <p><i>Common conditions to consent:</i> The conditions to the Issuer's consent are that such consent (a) is only valid in respect of the relevant Tranche of Notes; (b) is only valid during the Offer Period specified in the relevant Final Terms; and (c) only extends to the use of this Base Prospectus to make Public Offers of the relevant Tranche of Notes in the United Kingdom, Jersey and the Isle of Man and Guernsey.</p> <p>In the event of an offer of Notes being made by a financial intermediary, the financial intermediary will provide to investors the terms and conditions of the offer at the time the offer is made.</p>

SECTION B – ISSUER		
B.1	Legal and commercial name of the Issuer:	The legal name of the issuer is Investec Bank plc (the " Issuer ").
B.2	Domicile and legal form of the Issuer:	<p>The Issuer is a public limited company registered in England and Wales under registration number 00489604. The liability of its members is limited.</p> <p>The Issuer was incorporated as a private limited company with limited liability on 20 December 1950 under the Companies Act 1948 and registered in England and Wales under registered number 00489604 with the name Edward Bates & Sons Limited. Since then it has undergone changes of name, eventually re-registering under the Companies Act 1985 on 23 January 2009 as a public limited company and is now incorporated under the name Investec Bank plc.</p>

		The Issuer is subject to primary and secondary legislation relating to financial services and banking regulation in the United Kingdom, including, <i>inter alia</i> , the Financial Services and Markets Act 2000, for the purposes of which the Issuer is an authorised person carrying on the business of financial services provision. In addition, as a public limited company, the Issuer is subject to the UK Companies Act 2006.																							
B.4b	Trends:	The Issuer, in its unaudited half yearly financial report for the six month period ended 30 September 2016, reported a decrease of 7.4% in operating profit before goodwill and acquired intangibles and after non-controlling interests to £85.16 million (September 2015: £91.92 million). The balance sheet remains strong, supported by sound capital and liquidity ratios. At 30 September 2016, the Issuer had £6.1 billion of cash and near cash to support its activities, representing 49% of its customer deposits. Customer deposits have increased by 12% since 31 March 2016 to £12.3 billion at 30 September 2016. The Issuer's loan to deposit ratio was 67.1% as at 30 September 2016 (March 2016: 70.5%). At 30 September 2016, the Issuer's total capital adequacy ratio was 16.5% and its tier 1 ratio was 11.8%. The Issuer's anticipated 'fully loaded' common equity tier 1 ratio and leverage ratio are 11.8% and 7.3%, respectively (where 'fully loaded' is based on Capital Requirements Regulation ("CRR") requirements as fully phased in by 2022). These disclosures incorporate the deduction of foreseeable dividends as required by the CRR and European Banking Authority technical standards. Excluding this deduction, the ratio would be 0.31% higher. The credit loss charge as a percentage of average gross core loans and advances has decreased from 1.13% at 31 March 2016 to 0.74%. The Issuer's gearing ratio remains low with total assets to equity increasing to 10.2 times at 30 September 2016.																							
B.5	The group:	The Issuer is the main banking subsidiary of Investec plc, which is part of an international banking group with operations in three principal markets: the United Kingdom and Europe, Asia/Australia and South Africa. The Issuer also holds certain of the Investec group's UK and Australia based assets and businesses.																							
B.10	Audit Report Qualifications:	Not applicable. There are no qualifications in the audit reports on the audited, consolidated financial statements of the Issuer and its subsidiary undertakings for the financial years ended 31 March 2015 or 31 March 2016.																							
B.12	Key Financial Information:	<p>The selected financial information set out below has been extracted without material adjustment from the audited consolidated financial statements of the Issuer for the years ended 31 March 2015 and 31 March 2016 and the unaudited half yearly financial report of the Issuer for the six month period ended 30 September 2015 and the six month period ended 30 September 2016.</p> <table><tr><th rowspan="3">Financial features</th><th colspan="2">Six Months Ended</th><th colspan="2">Year Ended</th></tr><tr><th colspan="2">30 September</th><th colspan="2">31 March</th></tr><tr><th>2016</th><th>2015</th><th>2016</th><th>2015</th></tr><tr><td>Operating profit before amortisation of acquired intangibles, non-operating items, taxation and after non-controlling interests (£'000)</td><td>85,160</td><td>91,921</td><td>146,347</td><td>101,243</td></tr><tr><td>Earnings attributable to ordinary shareholders (£'000)</td><td>62,385</td><td>60,091</td><td>96,635</td><td>105,848</td></tr></table>	Financial features	Six Months Ended		Year Ended		30 September		31 March		2016	2015	2016	2015	Operating profit before amortisation of acquired intangibles, non-operating items, taxation and after non-controlling interests (£'000)	85,160	91,921	146,347	101,243	Earnings attributable to ordinary shareholders (£'000)	62,385	60,091	96,635	105,848

B.13	Recent Events:	Not Applicable. There have been no recent events particular to the Issuer which are to a material extent relevant to the evaluation of its solvency.
B.14	Dependence upon other entities within the Group:	<p>The Issuer's immediate parent undertaking is Investec 1 Limited. The Issuer's ultimate parent undertaking and controlling party is Investec plc.</p> <p>The Issuer and its subsidiaries form a UK-based group (the "Group"). The Issuer conducts part of its business through its subsidiaries and is accordingly dependent upon those members of the Group. The Issuer is not dependent on Investec plc.</p>
B.15	The Issuer's Principal Activities:	<p>The principal business of the Issuer consists of Wealth & Investment and Specialist Banking.</p> <p>The Issuer is an international, specialist banking group and asset manager whose principal business involves provision of a diverse range of financial services and products to a select client base in the United Kingdom and Europe and Australia/Asia and certain other countries. As part of its business, the Issuer provides investment management services to private clients, charities, intermediaries, pension schemes and trusts as well as specialist banking services focusing on corporate advisory and investment activities, corporate and institutional banking activities and private banking activities.</p>
B.16	Controlling Persons:	The whole of the issued share capital of the Issuer is owned directly by Investec 1 Limited, the ultimate parent undertaking and controlling party of which is Investec plc.
B.17	Credit Ratings:	The long-term senior debt of the Issuer has a rating of BBB as rated by Fitch. This means that Fitch's expectation of default risk is currently low and Fitch is of the opinion that the Issuer's capacity for payment of financial commitments is considered adequate, but adverse business or economic conditions are more likely to impair this capacity.

		<p>The long-term senior debt of the Issuer has a rating of A2 as rated by Moody's. This means that Moody's is of the opinion that the Issuer is considered upper-medium-grade and is subject to low credit risk.</p> <p>The long-term senior debt of the Issuer has a rating of BBB+ as rated by Global Credit Rating. This means that Global Credit Rating is of the opinion that the Issuer has adequate protection factors and is considered sufficient for prudent investment. However, there is considerable variability in risk during economic cycles).</p> <p>The Notes to be issued have not been specifically rated.</p>

SECTION C – SECURITIES

C.1	Description of Type and Class of Securities:	<p>Issuance in series: The Notes will be issued in series ("Series") which may comprise one or more tranches ("Tranches") issued on different issue dates. The Notes of each Tranche of the same series will all be subject to identical terms, except for the issue dates and/or issue prices of the respective Tranches.</p> <p>The Notes are issued as Series number ZCP2017-39S, Tranche number 1.</p> <p>Form of Notes: The applicable Final Terms will specify whether the relevant Notes will be issued in bearer form ("Bearer Notes"), in certificated registered form ("Registered Notes") or in uncertificated registered form (such Notes being recorded on a register as being held in uncertificated book-entry form) ("Uncertificated Registered Notes"). Registered Notes and Uncertificated Registered Notes will not be exchangeable for other forms of Notes and <i>vice versa</i>.</p> <p>The Notes are issued in bearer form.</p> <p>Security Identification Number(s): The following security identification number(s) will be specified in the Final Terms.</p> <p>ISIN Code: XS1619826107</p> <p>Common Code: 161982610</p> <p>SEDOL: Not Applicable</p>
C.2	Currency of the Securities Issue:	<p>Currency: Subject to any applicable legal or regulatory restrictions, the Notes may be issued in any currency (the "Specified Currency").</p> <p>The Specified Currency of the Notes is GBP.</p>
C.5	Free Transferability:	<p>The Notes are freely transferable. However, applicable securities laws in certain jurisdictions impose restrictions on the offer and sale of the Notes and accordingly the Issuer and the dealers have agreed restrictions on the offer, sale and delivery of the Notes in the United States, the European Economic Area, Isle of Man, South Africa, Switzerland, Guernsey and Jersey, and such other restrictions as may be</p>

		required in connection with the offering and sale of a particular Tranche of Notes in order to comply with relevant securities laws.
C.8	The Rights Attaching to the Securities, including Ranking and Limitations to those Rights:	<p>Security and Collateral: The Notes are secured (the "Secured Notes"). The Notes will constitute direct, unconditional, unsubordinated secured obligations of the Issuer that will rank <i>pari passu</i> among themselves. The Issuer will create security over a collateral pool to secure a specified portion (the "Secured Portion") of its obligations in respect of the Notes. The collateral pool secures more than one Series of Secured Notes.</p> <p>Payments of Principal: Payments of principal in respect of Notes will in all cases be calculated by reference to the percentage change in value of one or more preference shares issued by Zebra Capital II Limited ("Preference Shares") in respect of the relevant series of Notes. The terms of each class of Preference Shares will be contained in the Memorandum and Articles of Association of Zebra Capital II Limited and the Preference Share confirmation relating to such class.</p> <p>The redemption price of each class of Preference Shares will be calculated by reference to a basket of indices (the "Underlying"), as further described in C.15 (<i>Effect of value of underlying instruments</i>).</p> <p>Credit Linkage: The Notes are linked to Preference Shares which are linked to the solvency or credit of one or more financial institutions or corporations listed on a regulated exchange or sovereign entity or any successors (the "Reference Entities") (the Notes are "Credit Linked Notes", and the portion of the Notes which is credit linked is the "Credit Linked Portion").</p> <p>The Reference Entities on the Issue Date will be Aviva plc, Barclays Bank plc, Prudential plc, HSBC Bank plc and Lloyds Bank plc and the Reference Entity Weighting in respect of each Reference Entity will be 20 per cent.</p>
		<p>Redemption of the Notes: The Notes cannot be redeemed prior to their stated maturity date (other than for taxation reasons, on the occurrence of a kick-out event or on account of certain events affecting the Preference Shares or following an event of default).</p> <p>Taxation: All payments in respect of the Notes will be made without deduction for or on account of withholding taxes imposed by the United Kingdom unless such withholding or deduction is required by law. In the event that any such deduction is made, the Issuer will not be required to pay any additional amounts in respect of such withholding or deduction.</p> <p>Denomination: The Notes will be issued in denominations of GBP1.00.</p> <p>Governing Law: English law</p>
C.11	Listing and Trading:	This document has been approved by the FCA as a base prospectus in compliance with the Prospectus Directive and relevant implementing measures in the United Kingdom for the purpose of giving information with regard to the Notes issued under the Programme described in this

		<p>Base Prospectus during the period of twelve months after the date hereof. Application has also been made for the Notes to be admitted during the twelve months after the date hereof to listing on the Official List of the FCA and to trading on the regulated market (for the purposes of EU Directive 2004/39/EC (the Markets in Financial Instruments Directive)) (the "Regulated Market") of the London Stock Exchange plc (the "London Stock Exchange").</p> <p>Application will be made for the Notes to be admitted to listing on the Official List of the FCA and to trading on the London Stock Exchange effective on or around the Issue Date.</p>
C.15	Effect of value of underlying instruments:	<p>The performance of the worst performing index in the basket comprising the Underlying will determine the redemption price and final value (on a one for one basis) of a class of preference share issued by Zebra Capital II Limited (the "Preference Share"), an exempted company incorporated under the laws of the Cayman Islands which is independent of the Issuer and whose business consists of the issuance of Preference Shares in connection with the Programme.</p> <p>The percentage change in the final value of the relevant Preference Share or Preference Shares compared to its or their issue price is then used to calculate the value and return on the Notes.</p> <p>As a result, the potential effect of the performance of the worst performing index in the basket comprising the Underlying on the return on the Notes means that investors may lose some or all of their investment.</p> <p>For the avoidance of doubt, the Notes are not backed by or secured on the Preference Shares and accordingly, only a nominal amount of the Preference Shares may be issued by Zebra Capital II Limited regardless of the principal amount of the applicable issuance of Notes by the Issuer.</p> <p><i>In this section, for ease of explanation rather than refer to the Notes being linked to the value of the Preference Share which is in turn linked to the worst performing index in the basket comprising the Underlying, the Notes (including the return on the Notes) are described as being linked to the worst performing index in the basket comprising the Underlying.</i></p> <p>The return on the Notes is linked to an underlying instrument, being a basket of indices (the "Underlying"). The value of the worst performing index in the basket comprising the Underlying is used to calculate the redemption price of the Notes and accordingly affects the return (if any) on the Notes.</p> <p>Kick Out Notes</p> <p>If the arithmetic average of the performance of the worst performing index in the basket comprising the Underlying during the averaging period (the "Automatic Early Redemption Averaging Period") specified below, is greater than the level specified (the "Automatic Early Redemption Threshold"), the Notes will be redeemed at the</p>

		relevant amount specified below (the " Automatic Early Redemption Amount ") on the applicable date prior to maturity (the " Automatic Early Redemption Date "):

		<p>*Provided that if the Automatic Early Redemption Averaging End Date is not a Scheduled Trading Day, the immediately preceding Scheduled Trading Day shall be the Automatic Early Redemption Averaging End Date.</p> <p>The market price or value of the Notes at any times is expected to be affected by changes in the value of the Preference Share and the worst performing index in the basket comprising the Underlying and the likelihood of the occurrence of a Credit Event in relation to Aviva plc, Barclays Bank plc, Prudential plc, HSBC Bank plc or Lloyds Bank plc (the "Reference Entities" or "Reference Entity").</p> <p>If one or more of the Reference Entities becomes subject to a Credit Event the value of the portion of the Notes linked to the relevant Reference Entity will be linked to a recovery rate (the "Recovery Rate") determined by reference to an auction coordinated by the International Swaps and Derivatives Association, Inc. ("ISDA") in respect of certain unsubordinated obligations of the Reference Entity/Entities or, in certain circumstances, including if such an auction is not held, a market price as determined by Investec Bank plc in its capacity as calculation agent (the "Calculation Agent"). Details regarding ISDA auctions can be obtained as of the date hereof on ISDA's website, which is currently www.isda.org.</p>						
C.16	Expiration or maturity date:	The Maturity Date of the Notes is 23 June 2023.						
C.17	Settlement procedure:	The Notes will be cash-settled.						
C.18	Return on securities:	<p>Series ZCP2017-39S are Kick Out Notes with Capital at Risk.</p> <p>The performance of the worst performing index in the basket comprising the Underlying will determine the redemption price of the Preference Share. This redemption price is used to calculate the final value of the Preference Share on a one for one basis. The percentage change in the final value of the Preference Share as against its issue price is then used to calculate the return on the Notes.</p> <p>As a result, the potential effect of the value of the worst performing index in the basket comprising the Underlying on the return on the Notes means that investors may lose some or all of their investment.</p>						

		<p><i>In this section, for ease of explanation rather than refer to the Notes being linked to the value of the Preference Share which is in turn linked to the worst performing index in the basket comprising the Underlying, Notes (including the return on the Notes) are described as being linked to the worst performing index in the basket comprising the Underlying.</i></p>
		<p>Redemption provisions in respect of Kick Out Notes with Capital at Risk:</p> <p>These Notes have the potential for early maturity (kick out) on a certain date or dates specified in the Final Terms, depending on the level of the worst performing index in the basket comprising the Underlying at that time. If the Notes kick out early an investor will receive a return of their initial investment plus a fixed percentage payment.</p> <p>If there has been no kick out, the return on the Notes at maturity will be based on the performance of the worst performing index in the basket comprising the Underlying, and in certain circumstances this may result in the investor receiving an amount less than their initial investment.</p>
		<p>The potential payouts at maturity for Kick Out Notes with Capital at Risk are as follows:</p> <p><i>Scenario A – Digital Return</i></p> <p>If at maturity the level of the worst performing index in the basket comprising the Underlying is greater than or equal to a specified percentage of the initial level of the worst performing index in the basket comprising the Underlying, an investor will receive a "Digital Return" being their initial investment multiplied by a specified percentage return.</p> <p><i>Scenario B – No Return</i></p> <p>Not applicable as "Trigger Event" is not specified as applicable in relation to the Notes.</p> <p><i>Scenario C – Loss of Investment</i></p> <p>If at maturity the level of the worst performing index in the basket comprising the Underlying is less than a specified percentage of the initial level of the worst performing index in the basket comprising the Underlying an investor's investment will be reduced by 1% for every 1% fall of the level of the worst performing index in the basket comprising the Underlying at maturity.</p>
		<p>Credit Linked: The Notes are linked Preference Shares which are linked to the solvency of Aviva plc, Barclays Bank plc, Prudential plc, HSBC Bank plc and Lloyds Bank plc (the "Reference Entities"). If a Reference Entity becomes insolvent, defaults on its payment obligations or is the subject of a governmental intervention (where relevant) or a restructuring of its debt obligations then the redemption price which would otherwise be payable in respect of the Relevant Portion will be reduced. The redemption price payable in respect of the insolvency of the Reference Entity will be determined by reference to an auction coordinated by the International Swaps and Derivatives Association, Inc. ("ISDA") in respect of certain unsubordinated debt obligations of the Reference Entities or, in certain circumstances,</p>

		including if such an auction is not held, a market price as determined by Investec Bank plc in its capacity as preference share calculation agent (the "Preference Share Calculation Agent"). SECTION D – RISKS		
D.2	Risks specific to the issuer:	<p>In relation to Public Offers of the Notes, the Notes are designed for investors who are or have access to a suitably qualified independent financial adviser or who have engaged a suitably qualified discretionary investment manager, in order to understand the characteristics and risks associated with structured financial products.</p> <p>The following are the key risks applicable to the Issuer:</p> <p><i>Market risks, business and general macro-economic conditions and fluctuations as well as volatility in the global financial markets could adversely affect the Issuer's business in many ways.</i></p> <p>The Issuer is subject to risks arising from general macro-economic conditions in the countries in which it operates, including in particular the UK, Europe, Asia and Australia, as well as global economic conditions.</p> <p><i>The Issuer is subject to risks concerning customer and counterparty credit quality.</i></p> <p>Credit and counterparty risk is defined as the risk arising from an obligor's (typically a client's or counterparty's) failure to meet the terms of any agreement. Credit and counterparty risk arises when funds are extended, committed, invested, or otherwise exposed through contractual agreements, whether reflected on- or off-balance sheet.</p> <p>The Issuer's credit risk arises primarily in relation to its Specialist Banking business, through which it offers products such as private client mortgages and specialised lending to high income professionals and high net worth individuals and a range of lending products to corporate clients, including corporate loans, asset based lending, fund finance, asset finance, acquisition finance, power and infrastructure finance, resource finance and corporate debt securities. Within its Wealth & Investment business, the Issuer is subject to relatively limited settlement risk which can arise due to undertaking transactions in an agency capacity on behalf of clients.</p> <p>In accordance with policies overseen by its Central Credit Management department, the Issuer makes provision for specific impairments and calculates the appropriate level of portfolio impairments in relation to the credit and counterparty risk to which it is subject.</p> <p>Increased credit and counterparty risk could have a material adverse impact on the Issuer's business, results of operations, financial condition and prospects.</p>

		<p><i>The Issuer is subject to liquidity risk, which may impair its ability to fund its operations.</i></p> <p>Liquidity risk is the risk that the Issuer has insufficient capacity to fund increases in its assets, or that it is unable to meet its payment obligations as they fall due, without incurring unacceptable losses. This includes repaying depositors and repayments of wholesale debt. This risk is inherent in all banking operations and can be impacted by a range of institution-specific and market-wide events.</p> <p><i>The Issuer may have insufficient capital in the future and may be unable to secure additional financing when it is required.</i></p>
		<p>The prudential regulatory capital and liquidity requirements applicable to banks have increased significantly over the last decade, largely in response to the financial crisis that commenced in 2008 but also as a result of continuing work undertaken by regulatory bodies in the financial sector subject to certain global and national mandates. These prudential requirements are likely to increase further in the short term, not least in connection with ongoing implementation issues, and it is possible that further regulatory changes may be implemented in this area in any event.</p> <p>If the Issuer fails to meet its minimum regulatory capital or liquidity requirements, it may be subject to administrative actions or sanctions. In addition, a shortage of capital or liquidity could affect the Issuer's ability to pay liabilities as they fall due, pay future dividends and distributions, and could affect the implementation of its business strategy, impacting future growth potential.</p>
D.6	Risks specific to the securities:	<p>Capital at Risk: The Notes are not capital protected. Accordingly, there is no guarantee that the return on a Note will be greater than or equal to the amount invested in the Notes initially or that an investor's initial investment will be returned. Investors may lose some or all of their initial investment.</p> <p>Unlike an investor investing in a savings account or similar investment, where an investor may typically expect to receive a low return but suffer little or no loss of their initial investment, an investor investing in the Notes may expect to potentially receive a higher return but may also expect to potentially suffer a total or partial loss of their initial investment.</p> <p>Unsecured Notes: Investors investing in unsecured Notes are advised to carefully evaluate the Issuer's credit risk when considering an investment in such Notes. If the Issuer became unable to pay amounts owed to the investor under the unsecured Notes, such investor does not have recourse to the underlying or any other security/collateral and, in a worst case scenario, investors may not receive any payments under the Notes. The Notes are unsecured obligations. They are not deposits and they are not protected under the UK's Financial Services Compensation Scheme or any deposit protection insurance scheme.</p> <p>Investment Products: The Notes are not deposits and they are not protected under the UK's Financial Services Compensation Scheme or</p>

		<p>any deposit protection insurance scheme.</p> <p>Return linked to performance of the relevant Preference Share: The return on the Notes is calculated by reference to the percentage change in value of one or more preference shares, the redemption price on such preference shares being based on the performance of the worst performing index in the basket comprising the Underlying. Poor performance of the relevant Underlying could result in investors, at best, forgoing returns that could have been made had they invested in a different product or, at worst, losing some or all of their initial investment.</p>
		<p><i>In this section, for ease of explanation, the return on the Notes is summarised by reference to the performance of the worst performing index in the basket comprising the Underlying rather than the applicable Preference Share.</i></p> <p>Return linked to performance of the relevant Underlying: The return on the Notes is calculated by reference to the performance of the worst performing index in the basket comprising the Underlying. Poor performance of the relevant Underlying could result in investors, at best, forgoing returns that could have been made had they invested in a different product or, at worst, losing some or all of their initial investment.</p>

Downside risk: Since the Notes are not capital protected, if at maturity the level of the worst performing index in the basket comprising the Underlying is less than a specified level, investors may lose their right to return of all their principal at maturity and may suffer a reduction of their capital in proportion (or a proportion multiplied by a leverage factor) with the decline of the level of the worst performing index in the basket comprising the Underlying, in which case investors would be fully exposed to any downside of the worst performing index in the basket comprising the Underlying during such specified period.

Key risks specific to secured Notes

Security may not be sufficient to meet all payments: Any net proceeds realised upon enforcement of any security granted by the Issuer over a pool of collateral ("Collateral Pool") will be applied in or towards satisfaction of the claims of, among others, the security trustee and any appointee and/or receiver appointed by the trustee in respect of the Notes before the claims of the holders of the relevant secured Notes. Since the net enforcement proceeds may not be sufficient to meet all payments in respect of the secured Notes, investors may suffer a loss on their investment.

Collateral Pool may secure more than one series of secured Notes: A Collateral Pool may secure the Issuer's obligations with respect to more than one series of Secured Notes and an event of default under the Notes with respect to any one series of Secured Notes secured by such Collateral Pool may trigger the early redemption of all other series that are secured by the same Collateral Pool in order for the security over the entire Collateral Pool to be enforced. Such cross-default may, among other things, result in losses being incurred by holders of the Secured Notes which would not otherwise have arisen

Substitution of Posted Collateral: Collateral posted as security for the Issuer's obligations under the Notes may, at the Issuer's request, be substituted for other items of new collateral, **provided that** on the date of transfer the bid price of the new collateral is equal to or exceeds the bid price of the original collateral. Any such substitution request is subject to (a) verification by the entity appointed as the verification agent that the new item of collateral is eligible collateral; and (b) approval by the Trustee. However, neither the verification agent nor the Trustee is obliged to confirm that the bid price of the new item of collateral is equal to or exceeds the bid price of the original item of posted collateral. Following any such substitution, the market value of the new item of collateral may fall below the value of the original item of posted collateral, and the net proceeds realised upon enforcement of the relevant Collateral Pool may therefore be less than if no such substitution had been made.

Key risks related to Credit Linked Notes

Credit Linkage: The Notes (or a portion thereof) are linked to Preference Shares which are linked to the credit of Aviva plc, Barclays Bank plc, Prudential plc, HSBC Bank plc and Lloyds Bank plc (the "Reference Entities") and are not capital protected ("Credit Linked Notes"). If a Reference Entity becomes subject to a "Credit Event" (broadly speaking if it becomes insolvent, defaults on its payment obligations or is the subject of governmental intervention (where relevant) or a restructuring of its debt obligations), then the redemption

price which would otherwise be payable in respect of the Relevant Portion will be reduced in accordance with the Recovery Rate (as defined below). In addition to being exposed to the risk of insolvency of the Issuer, investors in Credit Linked Notes will also be exposed to the risk of a Credit Event of the specified Reference Entity or Reference Entities. There is a risk that an investor in a Note that is Credit Linked may receive considerably less than the amount paid by such investor, regardless of any positive performance in the Underlying. If all of the Reference Entities become subject to a Credit Event, an investor's return on the Notes may be zero. **As in the case of other Notes, Credit Linked Notes are not capital protected and investors may lose all or a substantial portion of their initial investment.**

Recovery Rate in Credit Linked Notes – General Recovery Rate:

The redemption price payable on the Relevant Portion of the Notes following the occurrence of a Credit Event in respect of a Reference Entity will be determined by reference to the recovery rate for such Reference Entity, determined by reference to an auction coordinated by ISDA in respect of certain obligations of such Reference Entity or, in certain circumstances, including if such an auction is not held, a market price as determined by the Preference Share Calculation Agent (the "**Recovery Rate**"). There is a risk that the return payable to an investor in a Credit Linked Note may be different from the return that investors would have received had they been holding a particular debt instrument issued by the Reference Entity.

Postponement in payment of Final Redemption Amount – Credit Linked Notes: Each Note will be settled on its scheduled maturity date except that, if the Recovery Rate cannot be determined by the Preference Share Calculation Agent by the scheduled maturity date, payment of the Final Redemption Amount in respect of the Relevant Portion of such Note may be delayed and may fall after the Note's scheduled maturity date. Payment of the Final Redemption Amount may be delayed by up to 60 calendar days plus eight business days.

E.4	Interests Material to the Issue:	The Issuer may be the Calculation Agent responsible for making determinations and calculations in connection with the Notes and may also be the Preference Share Calculation Agent and the valuation agent in connection with the Preference Share(s). Such determinations and calculations will determine the amounts that are required to be paid by the Issuer to holders of the Notes. Accordingly, when the Issuer acts as Calculation Agent, Preference Share Calculation Agent or Valuation Agent its duties as agent (in the interests of holders of the Notes) may conflict with its interests as Issuer of the Notes.
E.7	Estimated Expenses:	Not applicable. Expenses in respect of the offer or listing of the Notes are not charged by the Issuer or Offeror or Dealer to the investor.
