

PRICING SUPPLEMENT

26 March 2018

**Investec Bank plc
Issue of SEK 200,000,000 Fund Basket Strategy Linked Notes with Capital at Risk due 2023 under
the
£2,000,000,000 Impala Bonds Programme**

The Offering Memorandum referred to below (as completed by this Pricing Supplement) has been prepared on the basis that any offer of Notes in any Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "**Relevant Member State**") will be made pursuant to an exemption under the Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of the Notes. Accordingly any person making or intending to make an offer in that Relevant Member State of the Notes may only do so in circumstances in which no obligation arises for the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer. Neither the Issuer nor any Dealer has authorised, nor do they authorise, the making of any offer of Notes in any other circumstances. The expression "**Prospectus Directive**" means Directive 2003/71/EC (as amended by Directive 2008/11/EC, Directive 2010/73/EU and Directive 2008/78/EU) and includes any relevant implementing measures in the Relevant Member State.

Prospective investors considering acquiring any Notes should understand the risks of transactions involving the Notes and should reach an investment decision only after carefully considering the suitability of the Notes in light of their particular circumstances (including without limitation their own financial circumstances and investment objectives and the impact the Notes will have on their overall investment portfolio) and the information contained in the Offering Memorandum and this Pricing Supplement. Prospective investors should consider carefully the risk factors set out under "*Risk Factors*" in the Offering Memorandum referred to below and the additional risk factors set out in Annex 3 hereto.

PART A – CONTRACTUAL TERMS

This document constitutes the pricing supplement ("**Pricing Supplement**") relating to the issue of the Tranche of Notes described herein and must be read in conjunction with the Offering Memorandum dated 22 February 2018 as supplemented from time to time (the "**Offering Memorandum**").

Unless otherwise defined herein, terms used herein shall be deemed to be defined as such for the purposes of the Conditions, the Terms and the Additional Terms set forth in the Offering Memorandum.

Full information on the Issuer and the offer of the Notes is only available on the basis of the combination of this Pricing Supplement and the Offering Memorandum. The Offering Memorandum is available for viewing at and copies may be obtained from <http://treasury.investec.co.uk/institutions/impala-bonds/Impala-Bonds.html> and during normal working hours from Investec Bank plc, 2 Gresham Street, London EC2V 7QP, and from Deutsche Bank AG, London Branch, Winchester House, 1 Great Winchester Street, London EC2N 2DB.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS - The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU ("**MiFID II**"); (ii) a customer within the meaning of Directive 2002/92/EC ("**IMD**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Directive. Consequently no key information document required by Regulation (EU) No 1286/2014 (the "**PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

The Offering Memorandum does not comprise (i) a prospectus for the purposes of Part VI of the Financial Services and Markets Act 2000 (as amended) or (ii) a base prospectus for the purposes of Directive 2003/71/EC as amended (the "**Prospectus Directive**"). The Offering Memorandum has been prepared solely with regard to Notes that are not to be admitted to listing or trading on any regulated market for the purposes of Directive 2004/39/EC and not to be offered to the public in a Member State (other than pursuant to one or more of the exemptions set out in Article 3.2 of the Prospectus Directive).

ADDITIONAL RISK FACTORS

In addition to the risk factors set out in the Offering Memorandum, Investors should be aware of the following in relation to the Series 590.

In the event of a market downturn accompanied by low volatility, the strategy return will have a leveraged exposure to the Underlying. In such circumstances, if the Underlying performs negatively, an investor's exposure to such negative performance will be greater, and there is a higher risk that investors may lose some or all of their initial investment.

In the event of an increasing market accompanied by high volatility, the strategy return will have a lower exposure to the Underlying. In such circumstances, if the Underlying performs positively, an investor's exposure to such upside performance will be limited. In such circumstance investors may receive a lower return than they would otherwise have received.
