How it works

The duration of the fixed term ranges from one week to one year. The interest rate is fixed for the term of the deposit. On the maturity date the deposit will be renewed automatically for a similar period at the prevailing interest rate unless a prior instruction is received to the contrary.

Withdrawals

For foreign currency deposits, funds can be withdrawn on receipt of instruction by noon two business days prior to the date of maturity or for sterling, by noon on the date of maturity. Early withdrawals are not permitted. Withdrawals at maturity can be facilitated in any major currency by electronic funds transfer.

Interest

The interest rate on qualifying balances is calculated daily at a fixed rate for the duration of the term of the deposit and paid at maturity.

Minimum qualifying balance

Fixed term deposit interest rates are quoted in all major currencies with a threshold of £100,000 or currency equivalent for three months or more and a threshold of £250,000 or currency equivalent for one week or more. Please contact the Bank should you wish the Bank to consider any other balance or time frame.
