Government Entity

The term "Government Entity" means the government of a jurisdiction, any political subdivision of a jurisdiction (which, for the avoidance of doubt, includes a state, province, county, or municipality), or any wholly owned agency or instrumentality of a jurisdiction or of any one or more of the foregoing (each, a "Government Entity"). This category is comprised of the integral parts, controlled entities, and political subdivisions of a jurisdiction.

1. An "integral part" of a jurisdiction means any person, organisation, agency, bureau, fund, instrumentality, or other body, however designated, that constitutes a governing authority of a jurisdiction. The net earnings of the governing authority must be credited to its own account or to other accounts of the jurisdiction, with no portion inuring to the benefit of any private person. An integral part does not include any individual who is a sovereign, official, or administrator acting in a private or personal capacity.
2. A controlled entity means an Entity that is separate in form from the jurisdiction or that otherwise constitutes a separate juridical entity, provided that:

Notwithstanding the foregoing, however, income is considered to inure to the benefit of private persons if the income is derived from the use of a government entity to conduct a commercial business, such as a commercial banking business, that provides financial services to private persons.

Section 5: Controlling Persons' details

“Control” over an Entity is generally exercised by the natural person(s) who ultimately has a controlling ownership interest (typically on the basis of a certain percentage (e.g. 25%)) in the Entity. Where no natural person(s) exercises control through ownership interests, the Controlling Person(s) of the Entity will be the natural person(s) who exercises control of the Entity through other means. Where no natural person(s) is/are identified as exercising control of the Entity through ownership interests, then under the CRS (only) the Reportable Person is deemed to be the natural person who holds the position of senior managing official.

“Controlling Person(s)” are the natural person(s) who exercise control over an entity. This definition corresponds to the term “beneficial owner” described in Recommendation 10 of the Financial Action Task Force Recommendations (as adopted in February 2012).

Under FATCA, in the case of a trust, the Controlling Person(s) are the settlor(s), the trustee(s), the protector(s) (if any), the beneficiary(ies) or class(es) of beneficiaries, or any other natural person(s) exercising ultimate effective control over the trust (including through a chain of control or ownership and in the case of a legal arrangement other than a trust, such term means persons in equivalent or similar positions).

Under the CRS, in the case of a trust, the Controlling Person(s) are the settlor(s), the trustee(s), the protector(s) (if any), and the beneficiary(ies) or class(es) of beneficiaries, are always treated as Controlling Persons of a trust, regardless of whether or not any of them exercises control over the activities of the trust and in the case of a legal arrangement other than a trust, “Controlling Person(s)” means persons in equivalent or similar positions.
