Who we are

Clearfield is a specialist 'built environment' recruitment firm, providing temporary, contract and permanent opportunities for candidates, with clients in construction, architecture, professional and technical services.

The challenge

Invoice discounting is an essential funding tool in the recruitment business because it bridges the gap between payment lead times and weekly pay commitments.

However, at a time when we wanted to expand the business due to rising demand for our services, we were becoming increasingly frustrated by the inflexibility and service issues that we had experienced with our previous invoice finance provider.

Investec's solution

We first came across Investec Capital Solutions via a recommendation from our finance advisors, who spoke highly of the team.

The reasons were clear. Right from the outset, it was obvious we were dealing with entrepreneurs with the drive, skills and patience to get under the skin of our business.

One of the directors came to visit us personally during the initial discussions and made firm decisions there and then to create a £1.5million invoice discounting solution tailored specifically to our business.

What stood out, amongst the good service and personal touch, was the speed and ease with which the whole system operates, leaving us free to focus on running our business. Their approach is highly practical and we have found that they are genuinely interested in finding ways of helping us to grow our business.

Outcome

In 2017, we passed the landmark of £10million in sales revenue, which is a growth of 24% on the previous year's figures. Our repeat business levels are at an all-time high, we have doubled the size of the business with new team members and have also moved to larger premises.

We are very excited about our new business lines and have also created a new Training Academy which will welcome two waves of apprentices each year, helping us build home grown talent and put something back into the communities we call home.

Working with the Investec Capital Solutions team is the best experience I have ever had of any invoice finance providers by far.
