
Custody and Dealing Services Fact Sheet

We offer a fully-integrated execution only securities dealing and custody service in Guernsey for those clients with a minimum portfolio value of £100,000 who wish to manage their own investments and maintain the safekeeping of their assets in an offshore location.

Execution only dealing

Clients must buy or sell equities, bonds and unit trusts traded on the principal worldwide exchanges or through the major fund managers and have their portfolios held in our nominee name.

Clients may place purchase or sale orders directly with their relationship manager and once accepted these orders will be executed as soon as reasonably practicable for settlement by the Bank's approved stockbroker.

To utilise this service clients are required to open a bank account with us. The bank account will be used to fund all investment purchases and receive proceeds of all investment sales together with any cash dividends.
