Guidance notes for the purposes of International Tax Information Exchange

These guidance notes are intended to assist you in completing this application form. The tax regulations involved here are very complex and these guidance notes are not exhaustive. We strongly recommend you seek the assistance of a professional tax advisor when completing this application form.

The US government has introduced tax regulations aimed at combating tax evasion by US tax residents using foreign Accounts (commonly known as the 'FATCA Regulations'). The Crown Dependencies of Guernsey, Jersey and the Isle of Man have entered into agreements with the US to enable FATCA to be implemented. You can find the Intergovernmental agreements between the Channel Islands and the US on the Treasury website at the following address, <https://www.treasury.gov/resource-center/tax-policy/treaties/pages/FATCA.aspx>.

The OECD Common Reporting Standards (CRS) tax information exchange regime has been implemented with a large number of countries. You can find additional guidance in relation to CRS at the following address: <http://www.oecd.org/tax/automatic-exchange/>

The information in these Guidance Notes is subject to change, as and when tax regulations and/or guidance notes are updated.

Please tick the relevant FATCA **and** CRS classification for the entity. Your tax advisor can explain what these categories mean, and further information is available in the FATCA Guidance and the Crown Dependencies Guidance on the HMRC website or States of Guernsey website.

Guidance notes for the purposes of International Tax Information Exchange

For Passive NFFEs and NFEs only

Please note if the entity meets the definition to be treated as a Passive NFFE/NFE under the regulations, Investec will be responsible for reporting information about the controlling persons behind the Account. We would therefore ask that you consider carefully if this method of reporting is appropriate or whether it would be better served by being a Direct Reporting NFFE for FATCA or treated as an FFI under the regulations, meaning that you would be responsible for reporting information relevant to your entity. Should your entity be classified as a Passive NFFE/NFE please indicate in section 2, your organisation's owners and controllers as well as their tax status. To assist you, we set out below who these people are likely to be, based on the different types of organisations we usually deal with.

If your organisation is a limited company (including a charitable company) we need information about:

- anyone who owns 25% or more of the company, or who has 25% or more of the voting rights in the company
- where the company is owned by another organisation, any individuals who are the ultimate beneficial owners of the company

If your organisation is a limited liability partnership (LLP), we need information about:

- anyone who owns 25% or more of the LLP or who has 25% or more of the voting rights in the LLP
- where the LLP is owned by another organisation, any individuals who are the ultimate beneficial owners of the LLP

If your organisation is a limited partnership, we need information about:

- anyone who owns 25% or more of the partnership
- where the partnership is owned by another organisation, any individuals who are the ultimate beneficial owners of the partnership
- the general partners

If your organisation is another type of corporate body, we need information about:

- anyone who owns 25% or more of the organisation
- where your organisation is owned by another organisation, any individuals who are the ultimate beneficial owners of your organisation.

Controlling Persons

Under CRS there is a specific requirement that, where an entity is determined to be a controlling person of a Passive NFE, the entity must be looked through in order to determine who the underlying individual controlling persons are. As per the Standard the term 'Controlling Persons' means the natural person(s) who exercise control over an entity. In the case of a trust such term means the settlor(s), the trustee(s), the protector(s), the beneficiary(ies) or classes of beneficiary(ies) and any other natural person(s) exercising ultimate, effective control over the trust. In the case of a legal arrangement other than a trust such term means persons in equivalent or similar positions. The term 'Controlling Persons' must be interpreted in a manner consistent with the Financial Action Task Force Recommendations.
