### Charges Illustration

Cash illustration based on £200,000 investment in 40 stocks and 7 switches (14 transactions) per annum, ignoring any changes in portfolio value.

Initial Charges:

BAC = £1,400

Annual Charges based on portfolio value of £200,000:

£3,000 (Annual Fee) + £490 (BAC) = £3,490

On account closure based on a 40 stock portfolio with a value of £200,000:

Sale of stocks - £1,400 (BAC)

In this example aggregate IW&I Investment Management charges, assuming the investment is realised after two years, are £9,780.

Please note this illustration is exclusive of VAT which will be added where applicable and the number of stocks purchased will vary depending on portfolio weightings applying at the time of investment.

## Minimum and Maximum Investment

The minimum initial investment is £100,000. For subsequent 'top-up' investments the minimum is £20,000 for an ISA and £25,000 for non-ISA investments. There is no maximum amount either for the initial or 'top-up' investment.

## Cash Management

Cash in your portfolio will be held in a deposit account. Interest will be credited with reference to the current Bank of England base rate.

Your money will be held in a pooled client money account along with monies held on behalf of other clients. Where the rate of interest we receive overall is more than the rates set out below, any difference between the interest received by us and the interest paid to you will be retained by us.

Interest is applied to your account in line with income payment dates.

Cash Balance	Interest Rates
Under £5,000	3.00% below base rate
£5,000 – £9,999	2.25% below base rate
£10,000 – £24,999	1.50% below base rate
£25,000 – £49,999	1.00% below base rate
Thereafter	0.50% below base rate

At a base rate of 3% or less the firm reserves the right to vary the rates paid on client deposits.

When base rate stands below the above minimum we may at our discretion continue to pay a variable rate of interest or apply zero or negative rates.
